Regulation of Four Year B.A. B.Ed Programme of the Regional Institute of Education, Bhubaneswar (CBCS)

1. Introduction

The Four-Year Integrated B.A.B.Ed. Programme as a Pre-Service teacher education programme has been there in the Regional Institute of Education (NCERT) Bhubaneswar (RIEB) for a number of years. The RIEB is a quality institution of teacher education functioning since 1963. It caters to the needs of the states and union territory of eastern India namely Odisha, West Bengal, Bihar, Jharkhand, Arunachal Pradesh, Assam, Manipur, Meghalaya, Mizoram, Nagaland, Sikkim, Tripura, and Andaman & Nicobar Islands. It is a constituent Unit of the National Council of Educational Research and Training (NCERT), New Delhi, the apex body of school education in the country. The programme has been periodically reviewed and reformulated depending on the changing education policies and teacher education frameworks. The latest version, formulated in 2010, was based on the National Curriculum Framework (NCF) – 2005 formulated by NCERT and the Curriculum Framework for Teacher Education – 2009 of the National Council of Teacher Education (NCTE). The programme is now being reformulated in accordance with the NCTE Regulations-2014 vide Notification Dated 28th November 2014 in The Gazette of India: Extraordinary, Part III-Sec. 4, Appendix-13. Further, the provisions of Choice-Based Credit System (CBCS) and Grading have also been incorporated in the programme, as stipulated by UGC.

2. Salient Features of the Programme

The four-year integrated B.A.B.Ed. programme aims at preparing quality teachers in Social Sciences (SS) and Languages for upper primary and secondary stages of education by integrating *general studies* comprising SS and *language studies* to enhance communication skills, and *professional studies* comprising foundations of education, pedagogy of school subjects, and practicum related to the tasks and functions of a school teacher. It maintains a balance between theory and practice, and coherence among the components of the programme, representing a wide knowledge base of a secondary school teacher. The programme is of four academic years consisting of eight semesters including Field Experiences (FE, i.e. Multicultural Placement, Internship-in-teaching and Community work). Student-teachers shall, however, be permitted to complete the programme within a maximum period of six (4+2) years from the date of admission to the programme. On successful completion of the programme, they may enter teaching profession or opt for higher education in their respective areas of interest.

3. Objectives of Programme

The Four year integrated B.A.B.Ed. Programme aims at enabling the student-teachers to:

- Develop knowledge and performance competencies in SS and languages;
- Understand the nuances of child psychology and how children learn;
- Get acquainted with the content and pedagogical aspects of the teaching learning process suitable for secondary level of school education;
- Enhance the skill of communication
- Appreciate and apply the latest approach such as the constructivist approach to teaching learning;
- Adopt innovative strategies in classroom processes;
- Discover different human values inherent in content domains;
- Develop critical thinking, abstract reasoning, creativity and problem solving skills;
- Address issues related to natural resources and promote eco-friendly practices & sustainability;
- Use low-cost/no-cost learning materials to illustrate the social science and language concepts;
- Get functional familiarity with ICT and use it as a teaching learning tool;
- Become effective teachers of SS and languages at secondary level by imbibing appropriate professional values;
- Create awareness about the environment.

4. Streams

Presently the B.A.B.Ed. programme has only one stream.

5. Programme Structure

Semester-wise and course-wise structure of the four-year integrated B.A.B.Ed. programme is shown in Table 1 (Page -8). The structure is common to all disciplines under B.A.B.Ed. Following the UGC guide lines, the different B.A. related courses to be offered in the programme are categorized as Core Course (CC), Generic Elective (GE-1 & GE-2), Discipline Specific Elective (DSE), Ability Enhancement Compulsory Course (AECC), Skill Enhancement Course (SEC), and CBC or Choice Based Course. The CBC component may be taken by any student enrolled in any programme. The student may opt for any one of the Eight school subject areas, namely Geography, History, Economics and Political Science in SS and Hindi, Odia, English and Bengali in languages. Besides, there are Professional Education Course (PEC) components. The credit and grade associated with the **CBC** (Choice Based Course) are not to be included in those of the main programme.

Choice Based Credit Course (CBC): CBC Courses have to be offered in Semester VI. A student has to opt any one of the CBC courses from any subject area of his/her choice.

- Chemistry and our life
- Renewable Energy and Energy Harvesting
- Food, Nutrition and Public Health
- General Mathematics
- Herbal plants for home gardening
- Basics of Social Sciences
- English (creativity in translation)
- Hindi Bhasha aur Sahitya ka Samanya Gyan
- Communicative language (Odia)
- Bangla Sahitya o Byakaran Gyana (Bengali)
- Educational Planning, Management and Leadership

6. Affiliating Body

The programme is affiliated to Utkal University, Bhubaneswar, established by the Government of Odisha and functioning since 1943. The university has been accredited with A⁺ grade by NAAC.

7. Medium of Instruction

The medium of instruction for the programme is English except for the Indian language courses.

8. Programme Duration

The normal duration of the programme is eight semesters to be completed in four years.

The maximum time limit allowed for programme completion is **six (4+2) years**.

Odd semester (1st, 3rd, and 5th, 7th) is from July to December and even semester (2nd, 4th, 6th, 8th) is from January to June.

The respective semester-end examinations shall be normally held in November-December and April-May.

9. Number of Seats

The number of seats for the programme will be as per the sanction of NCERT and approval of NCTE and Utkal University.

The seats are distributed among the states and union territory under the jurisdiction of RIE Bhubaneswar taking into account the central government reservation policies/NCERT guidelines as admissible from time to time. **Currently 50 students** are admitted to the Programme each year.

10. Provision of Honours or Core Course (CC)

Students may opt for any of the eight subject areas Geography, History, Economics and political Science in SS and Hindi, English, Odia and Bengali in Language for their honours course or core course (CC).

11. Eligibility and Admission

Candidates with 50% marks or equivalent grade in the higher secondary or +2 examination Science, Arts or Commerce Streams (EXCEPT VOCATIONAL COURSES) are eligible for the programme. Reservations are available as per the existing norms approved by NCERT.

Admission shall be made on the basis of marks obtained in the qualifying examinations and in the entrance examination or any other selection process as per the policy of the NCTE/ NCERT/affiliating University from time to time.

On successful completion of a semester, the candidate shall be readmitted to the next semester on payment of the requisite fees.

12. Change of Subject

Once chosen, subject change is not permissible under any circumstances in a given semester or subsequent semesters. However, in the First Semester (before the First Internal Test) the student can go for change of subject in consultation with the Head of the Institute.

13. Attendance

Minimum 80% attendance is required in each course and minimum 90% attendance is required in internship for being eligible to appear at semester examination.

Up to 15% waiver may be granted by VC on the recommendation of the Principal of the Institute on payment of usual fees prescribed by the University. If a student represents University/State/National/District in sports and games and NCC/NSS/Scout –Guides/cultural activities or any official activities, s/he is permitted to avail 30 days academic leave in an academic year based on the recommendation of the head of the institution.

There shall be no condonation if the attendance is below 65% in any course during any semester, for any reason.

A candidate who does not satisfy the requirement of attendance shall not be eligible to take the examination of the concerned semester, nor will be eligible to take admission to the next semester.

A candidate who fails to satisfy the requirement of attendance in a semester may repeat that semester in the subsequent academic year.

14. Weightage (Percentage) Distribution for Evaluation

(i) Paper without Practical

| <i>1st Internal Assessment</i> | <i>2nd Internal Assessment</i> | <i>Semester End</i> | <i>Total</i> |
|---|---|---------------------|--------------|
| 20 | 20 | 80 | 100 |
| Average 20 | | | |

(ii) Paper without Practical

| <i>1st Internal Assessment</i> | <i>2nd Internal Assessment</i> | <i>Semester End</i> | <i>Total</i> |
|---|---|---------------------|--------------|
| 10 | 10 | 40 | 50 |
| 10 | | | |

(iii) Paper with Practical

| <i>1st Internal Assessment</i> | <i>2nd Internal Assessment</i> | <i>Semester End</i> | | <i>Total</i> |
|---|---|---------------------|----------------------|--------------|
| | | <i>Theory (A)</i> | <i>Practical (B)</i> | |
| 15 | 15 | 60 | 25 | 100 |
| Average 15 | | | | |

(iv) Project cum Seminar

100 marks

15. Grading System

A student's level of competence shall be categorized by a GRADE POINT AVERAGE, as specified below;

- **SGPA** – Semester Grade Point Average
- **CGPA** – Cumulative Grade Point Average

The following procedure shall be followed to calculate the Grade Point Average (GPA)

i) Converting mark to grade

| Marks Secured from 100 | Grade Point | Letter Grade | Interpretation |
|------------------------|-------------|--------------|----------------|
| 100–90 | 10 | 'O' | Outstanding |
| 89–80 | 9 | 'E' | Excellent |
| 79–70 | 8 | 'A' | Very Good |
| 69–60 | 7 | 'B' | Good |
| 59–50 | 6 | 'C' | Fair |
| 49–40 | 5 | 'D' | Pass |
| <40 | 0 | 'F' | Fail |
| 0 | 0 | Ab | Absent |

- ii) Calculating SGPA and CGPA
- Point = Integer equivalent for each letter grade
- Credit = Integer signifying the relative importance/ emphasis given to individual paper/ course in a semester as reflected in the course structure/ syllabus.
- a) Credit point = Credit (in a paper) x grade point (secured in that paper)
- b) Credit Index = Total Credit point of the course
- c) Grade Point Average (for a course or subject) =
$$\frac{\text{Credit Index}}{\text{Total Credit of the Course}}$$
- d) Semester Grade Point Average (SGPA) =
$$\frac{\text{Credit Index for a Semester}}{\text{Total Credit of the Semester}}$$
- e) Cumulative Grade Point Average (CGPA)
- $$= \frac{\text{Credit Index of all previous Semesters up to a Semester}}{\text{Total Credit up to Semester}}$$

16. Scheme of Examination; Requirement for Pass; Results

- 16.1** In each semester and in each paper, a candidate has to appear at both the internal assessments and secure minimum 40% in theory and 50% in practical/internal assessment. Otherwise, the candidate shall not be allowed to fill up forms for the semester examination.

A special internal assessment may be held for those who fail to meet the above requirement or remain absent with prior permission from competent authority.

- 16.2** There shall be a university examination at the end of each semester, comprising theory and practical, where ever applicable.

A candidate has to secure minimum 40% marks in theory and 50% marks in internal/practical papers separately.

Candidate obtaining Grade F is considered Failed and will be required to clear the back paper(s) in the subsequent examinations within the stipulated time.

Candidate securing 60% and above in CC/Hons. Courses shall be awarded **First Class** and 50% and above, but less than 60% shall be awarded **Second Class**.

Distinction shall be awarded to candidates securing minimum 60% in all papers of B.A Component.

Any candidate with back paper(s) shall not be awarded **Distinction**.

The provision for Honours is applicable to the core courses of subject specialisation (B.A. components) of the programme.

In B.Ed(Professional Education) component a candidate has to secure minimum 40% in theory and 50 % in practical/practicum separately and 50 % in agreegate to pass the examination.

In B.Ed(Professional Education) component 60% and above will be awarded first class and 50% to less than 60% will be awrded second class.Distinction will be awrded to those candidates who secure 60% and above marks in all papers of B.Ed component

All other provisions as above apply to both the B.A. and B.Ed. components of the programme.

- 16.3** The details of grading system shall be printed on the backside of the Mark Sheet/ Grade Card.

- 16.4** The performance of a candidate in his/her Choice Based Course (CBC) in the form of mark/grade will be indicated in the Mark Sheet/ Grade Card but will not be reflected in SGPA or CGPA.

16.5 Final result of the candidate who fails to secure minimum pass mark/grade/percentage in CBC shall not affect the result of the candidate .

17 Repeat Examination

17.1 If a candidate fails to clear any paper(s) in a semester in the first attempt, he/she is allowed to clear the back paper(s) in two more consecutive attempts. The candidate has to complete the programme within 6 (4+2) years at the most.

17.2 No improvement in a paper will be allowed if the candidate has secured pass mark in the paper.

18. Hard Case Rule

18.1 If a candidate fails maximum in two written papers, by not more than 2% of total theory marks for the Examination, the minimum marks required to make up the deficiency in the written papers be added in order to enable the candidate to pass the examination. In such cases the deficiency in aggregate should not be taken into account.

18.2 0.5% grace mark can be given for award of B Grade in each semester provided grace mark under 21.1 has not been awarded.

19.1 Examination Question Pattern For subjects without practical

a) Theoretical courses: Full marks are 100 per course out of which 20 marks are allotted for internal assessment and 80 marks for semester end examination. Courses having 50 marks, out of which 10 marks are allotted for internal assessment and 40 marks for semester end examination.

b) Practical Courses: Full marks are 100 per course out of which 15 marks are allotted for internal assessment, 25 marks for practical and 60 marks for semester end examination.

19.2 Pattern of question papers for students under CBCS in the Semester-end Examination

- In the semester-end examination there will be two groups of questions. Group-A will be compulsory comprising 10 restricted answer type questions covering all units. Group-B will comprise long answer type questions covering all units with unit-wise alternatives to each question.
- For practical subjects, out of 60 marks in semester-end exam, Group-A will have 10 marks (1x10) and Group-B will have 50 marks. Alternative questions will be set unit-wise for long answer type questions in Group-B.
- For non-practical subjects, out of 80 marks, Group-A will have 10 marks (1x10) and Group-B will have 70 marks. Alternative questions will be set unit-wise for long answer type questions in Group-B.
- For courses having 40 marks, Group-A will be compulsory comprising 10 marks restricted answer type questions (1x10) covering all units. Group-B will comprise 30 marks comprising of long answer type questions covering all units with unit-wise alternatives to each question.

20 . Provision for Periodic Review

Review of the programme will be made in every four year to identify and address the relevant issues.

Table -1
Programme structure (B.A.B.Ed)

Total Marks = 2700 (B.A.) + 2000 (B.Ed) = 4700

Total Credit = 160 (B.A.) + 80 (B.Ed) = 240

The Curriculum components have been visualized in three clusters. They are indicated as: (1) Content Components in **Core Courses (CC)**, **Generic Electives (GE-1 & GE-2)** and **Discipline Specific Elective (DSE)**, (2) Ability and Skill Enhancement Components in **Ability Enhancement Compulsory Courses (AECC)** and **Skill Enhancement Course (SEC)**, and (3) **Professional Education Course (PEC) Components in Education in Social Sciences and Humanities.**

Communicative English and Environmental study (Env. St.) through Ability and Skill Enhancement Components(AECC&SEC) : It comprises of courses that are mandatory for all students.

- a. Communicative English and Env.St in AECC
- b. Modern Indian Language (MIL) or Regional Language: Any one of the Languages in Odia/Hindi/Bengali or Alternative English in SEC.

21.The Professional Education. Course(PEC) Component consists of the following.

(i) Perspectives in Education (PE)

Perspectives in Education include courses on Basics in education, Childhood and growing up, Learning and teaching, Assessment for learning, Knowledge and curriculum, Schooling and socialization, Vision for Indian education and Inclusive education.

(ii) Curriculum and Pedagogic Studies (CPS)

These courses intend to facilitate student teachers to recognize the nature of knowledge in various subject areas (Social Science/Languages–Hindi/English/Odia/Bengali) and pursue to keep themselves abreast with advancements in their areas of specialization. In view of the requirement of hands on experiences, each of the courses is designed as Part I and II — to be spread over two semesters. Part I will help in developing understanding of and competence to render disciplinary knowledge into forms relevant to stage specific objectives and their pedagogic requirements. Part II will provide a comprehensive understanding of the teaching learning situations gained through intensive study of conceptual explanations, observation and analysis of real life classroom situations, simulations as well as on hands on experiences.

(iii)Enhancing Professional Capacities (EPC)

Running across the eight semesters specialized courses on learning to function as teachers, ICT and its application, health and yoga, understanding self, arts in education, library resources and reading and reflecting on texts are offered to enhance the professional capacities of the student teachers. These courses act as curricular resources, developing personal and professional self and provide inputs on arts and aesthetics, yoga. These courses are focused on developing reflection, issues of identity (both personal and professional), interpersonal relations all in the context of school. The field related experience guides the student teachers to view schools as sites for social change, it develops sensitivity to the fellow citizens through listening and empathizing.

(iv) Engagement with the Field/Practicum (FE)

The Programme shall provide sustained engagement with the self, the child, the community and the school, at different levels and through establishing close connections between different curricular areas. These curricular areas would serve as an important link between the perspective and curriculum and pedagogic studies and enhancing professional capacities in the form of tasks and assignments and internship.

School Internship would be a part of this broad curricular area and shall be designed to lead to develop a broad repertoire of perspectives, professional capacities, teacher sensibilities and skills. The curriculum of B.Ed. shall provide for sustained engagement with learners and the school. Student-teachers shall be equipped to cater to diverse needs of learners in schools.

22.Subject Specialization

In the B.A. B.Ed. Programme, the subject specializations are chosen as Language (English, Hindi, Odia and Bengali) and Social Sciences (History, Geography, Economics and Political Science) in CC, GE-1 and GE-2 In view of the need of Teacher Education in the country, Social Sciences and Languages are taken as a whole and the CC, GE-1 and the GE-2 courses are conceived accordingly. Students are expected to specialize in any one language or Social Science subject as honors in the form of CC and develop expertise in the teaching of minimum one Social Science or one Language. If the CC is a Language, the GE-1 and GE-2 are to be selected from Social Science subjects.if the CC is a Social Science subject, the GE-1 is one of the Languages and the GE-2 is a Social Science subject other than the subject opted as CC. This has been done with the objective of training Graduate Teachers for school, which is the mandate of the B.A.B.Ed. programme, with expertise in teaching Social Science and Language subjects as a whole.

The Course Structure is attached above (See Table-1) for comprehension. *If the CC is Hindi, which is a language, the GE-1 and GE-2 are two Social Science subjects. However, if the CC is History, which is a Social Science subject, the GE-1 has to be a Language and the GE-2 has to be a Social Science subject other than History.* At the end of the programme, the student has one language and two social science subjects, in which s/he has expertise in teaching. For higher learning she has one Hons in any of the SS or language subject areas.

A student opting for any honours course other than English has to opt for English in DSE (Discipline Specific Elective).

23. Some Specific Modes of Learning Engagement Envisaged:

- Overarching lectures cum discussion
- Use of narratives based on research and documentation
- Project reviews
- Case studies
- Use of video-clips and transcripts of classroom teaching
- Success stories/innovations
- Observation in schools and other field sites
- Recording of observations and experiences
- Interviews with school personnel
- Panel or group discussion on issues
- Individual projects
- Journal writing
- Using library and ICT resources

Enhancement of learning through School-based experiences

Most courses require school experience for various purposes. Some significant aspects of these experiences are outlined:

- School visits and observations spread over the semesters, including
 - Observation visits
 - School attachment
 - Longer duration attachment, along with mentoring
- School as a site for practical learning linked with theory
- Single school visit for carrying out tasks related to more than one course
- Exposure to variety of schools in order to understand larger systemic issues
- School-based experience to learn not only classroom pedagogy, but also learning to function as a teacher in the school environment

B.A.B.Ed Programme will have :

- CC (Core Course) – 14 papers=1400marks = 14x 6 credits=84 credits.
- GE-1 (Generic Elective) – 4 papers=400 marks=4x6 credits=24 credits
- GE-2(Generic elective) – 4 papers= 400 marks=4x6 credits=24 credits
- AECC (Ability Enhancement Compulsory Course)- 3 papers=300 marks =3x4 credits= 12 cr.
- SEC (Skill Enhancement Course) – 1 paper= 100 marks =4 credits
- DSE (Discipline Specific Elective) – 1 paper= 100 marks =6 credits
- CBCS-1 paper= 100 marks =4 credits
- Professional Education – 2000 marks = 80 credits
- Total- 2700+2000= 4700 marks= 154+80 credits =234 credits. For a course having 100 marks in CC and GE-1 and GE-2 there shall be 4 hours of Lectures(L) and 2 tutorials/Practical(T/P) per week = 06 credits. The Duration of a Lecture and a Tutorial is one hour . The Institute works 5 Days a week.

Syllabus and Scheme of Examination for B.A.B.Ed.

| Courses | Credits | |
|---|--------------|-------------------|
| | FULL MARKS | Theory+Tutorial |
| I. Core Courses (14 Papers) | 100 x14=1400 | 14X6=84 |
| II.Generic elective-1 (4Papers) | 100 x4=400 | 4x6=24 |
| III.Generic Elective-2 (4 Papers) | 100x4=400 | 4X6=24 |
| IV.Ability Enhancement Compulsory Courses (AECC) (3 Papers of 6 Credits each) Environments Science/ English Communication | 100 x 3=300 | 3X4=12 |
| V. Skill Enhancement Courses (SEC)-1PAPER | 100 x1=100 | 1X4= 4 |
| VI. Discipline specific Courses | 100 x 1= 100 | 1x6= 6 |
| Professional Education Component | 2000 | 80 |
| Total Credit/Marks | 4700 | 234Credits |

ABILITY ENHANCEMENT COMPULSORY COURSES

SEMESTER-I

ABILITY ENHANCEMENT COMPULSORY COURSE (AECC-I) COMMUNICATIVE ENGLISH -I

Contact Hours: 4 per week

Cr. 4

Exam Duration: 3 Hours

Maximum Marks: 100

Term End Exam : 80 Marks, Sessional : 20 Marks

Objectives: At the end of the course the students are expected to :

- understand the Basics of communication
- distinguish between the types of communication and their applications
- observe the various uses of communication
- differentiate between verbal and non-verbal communications
- identify the barriers to communications

Unit-I: Introduction

1. Communication :meaning and nature
2. Types of communication
 - Horizontal
 - Vertical
 - Interpersonal
 - Grapevine

Unit-II: Language of Communication

1. Verbal: spoken and written
2. Non-verbal
 - Proxemics
 - Kinesics
 - Haptics
 - Chronemics
 - Paralinguistics

Unit-III: Barriers to communication

- Semantic
 - Physical
 - Physiological
 - Cultural
 - Organizational
 - Personal
 - Perceptual
 - Socio-psychological
- Overcoming barriers to communication

Unit-IV: • Importance of Communication

- Communicative English

Transactinal Strategies:

- Lecture, group interaction, material review and presentation, etc.

Suggested books:

- Communicative English: 1 and 2 – Sanghita Sen (Foundation / Cambridge UP)
- Written and spoken communication in English – Universities Press; First edition (2007)
- Chapter 1 *Applying Communication Theory for Professional Life: A Practical Introduction* by Dainton and Zelley.
- Business Communication, Orient BlackSwan. 2012
- <http://tsime.uz.ac.zw/claroline/backends/download.php?url=L0ludHJvX3RvX2NvbW11bmljYXRpb25fVGhlb3J5LnBkZg%3D%3D&cidReset=true&cidReq=MBA563>

SEMESTER-II
ABILITY ENHANCEMENT COMPULSORY COURSE(AECC) -II
COMMUNICATIVE ENGLISH - II

Contact Hours: 4 per week
 Cr. 4

Exam Duration: :3 Hours

Maximum Marks: 100

Term End Exam : 80 Marks

Sessional : 20 Marks

Objectives: At the end of the course students are expected to be able to use English effectively in their communication.

Unit-I : Reading Comprehension

- Locate and remember the most important points in the reading
- Interpret and evaluate events, ideas, and information
- Read “between the lines” to understand underlying meanings
- Connect information to what they already know

Unit-II : Writing Part I

- Expanding an Idea
- Note Making
- Information Transfer
- Writing a Memo
- Writing Formal Email
- Writing a Business Letter
- Letters to the Editor

Unit-III: Writing Part II

- CV & Resume Writing
- Covering Letter
- Report Writing
- News Story
- Interviewing for news papers

(The above-mentioned writing activities are covered in the prescribed textbook *Vistas and Visions*)

Unit-IV: Language functions in listening and conversation; grammar in context

Section- A

1. Discussion on a given topic in pairs
2. Speaking on a given topic individually
3. Group Discussion
4. Interview
5. Using functions in conversation contexts

Section B

Grammar and Usage

1. Phrasal Verbs
2. Collocation
3. Using Modals
4. Subject-Verb agreement
5. Use of Preposition
6. Common Errors in English Usage.

Transactinal Strategies:

- Lecture, group interaction, material review and presentation, etc.

Book Prescribed:

Vistas and Visions: An Anthology of Prose and Poetry. (Ed.) Kalyani Samantray, Himansu S. Mohapatra, Jatindra K. Nayak, Gopa Ranjan Mishra, Arun Kumar Mohanty. Orient Blackswan

Recommended Reading:

1. Fluency in English – Part II, OUP, 2006
2. Business English, Pearson, 2008
3. Communicative English. E. Suresh Kumar and P. Sreehari. Orient Blackswan. 2007
4. Break Free: Unlock the Powerful Communicator in You. Rajesh, V. Rupa, 2015
5. Soft Skills Shalini Verma, 2009.
6. Business Communication, Orient BlackSwan. 2012
7. Language through Literature. ed. Gauri Mishra, Dr. Ranajan Kaul, Dr. Brati Biswas, Primus Books (2016)
8. Advanced Grammar in Use – Martin Hewings CUP, 2013
9. Basic communication skills- Dutt and Rajeevan CUP/Foundation books, 2006
10. Enjoying every day English – A.R.Rao, Sangam Books (2009)
11. Fundamentals of technical communications – Raman and Sharma OUP, 2014
12. Enriching oral and written communication in English – Thorat and Lokandwala, Orient BlackSwan; First edition (2009)
13. Communication skills – Kumar and Lata OUP, 2011

Semester III

AECC-III

(Environmental Studies)

| | | |
|-----------------------|---|-----------------------------------|
| Contact Hour per Week | : | 4 per weeks |
| Credits | : | 4 |
| Examination duration | : | 3 Hours |
| Maximum marks | : | 100 (Terminal- 80, Sessional- 20) |

Objectives

On completion of this course, the student-teachers shall be able to

- Understand environment as an integral part of what they are learning and doing
- Develop sensitivity to and appreciation of the tremendous diversity in the natural and human world, as adding richness to every aspects of life and learning
- Understand the structure and functions of different ecosystems and the principle of cycling associated with it.
- Conserve natural resources and use it judiciously.
- Follow eco-friendly practices and work for environmental sustainability
- Understand environmental laws and associated legislations.
- Participate in environmental protection and its improvement
- Attend the skills for solving environmental problems.
- Acquire the social values including strong feelings of concern for the environment and motivating for actively participating in its protection and improvement.

Unit 1:Environment and Environmental Education:

Environment and its importance (Atmosphere, Hydrosphere, Lithosphere and Biosphere). Environmental Education; Definition, Multidisciplinary nature, Environmental education with special reference to Indian view of Life.

Basic Environmental Concept, Ecology and Environmental Crises:

Ecosystem and its structure species and community, Major ecosystems, Energy flow in ecosystem, Food chain, Food web, Ecological pyramid). Biogeochemical Cycles, Factors affecting Environment.

Environmental Crisis: Pollution, Soil erosion, Green house effect (Global warming), Acid rain, Extinction of Species. Energy crises.

Unit 2 :Biodiversity and Natural Resources, Environmental Movements, Laws and Acts in India

Concept of Biodiversity (Types, Importance, Threats and Conservation of Biodiversity). Natural Resources; Classification and Management of Natural Resources, Conservation of Forest and Wild life, Urbanization and its effect on Society; Communicable diseases; Transmission; Non-communicable diseases. Natural Disasters and Management, Sustainable Development.

Environmental movements in India, Role of women in Environmental movements, Environmental movements in Odisha. Environmental Laws and Acts (Central Pollution Control Board, State Pollution Control Board, Green Tribunal, Wild life Protection Act 1972, Water Act 1974, Air Act 1981, Forest Conservation Act 1980, Environmental Protection Act 1986, Biodiversity Act 2002).

Unit 3:Curriculum, Methods and Technologies of Teaching Environment studies

Designing and Developing Strategies of Environmental Education curriculum.Evaluation for Environment Education Resource Materials

- Study Tours and Field Visits
- Role Play
- Poster Presentation

- Quiz
- Debate and Discussions
- Enquiry based method
- Project Method

Unit 4:Promotion of Environmental Education and Value Development

- Role of Mass Media and Technology in Developing awareness about Environment and its protection.
- Role of NGOs and Government organizations in Developing Environmental Education, Ecoclubs, Museum of Natural History.
- Specially designed strategies for cleanings; “Swachh Bharat Abhiyan”
- Role of Education, Education for Sustainable Development
- Climate Change and Green Lifestyle
- Text book evaluation for context on Environmental issues
- Visit to Nature Park, Environmentally Sensitive Areas

SEMESTER-I
CC-I
ENVIRONMENT AND ECOSYSTEMS

Contact Hours: 4 (L) + 2 (T) per week
Cr. 4+2 = 6

Exam Duration : 3 Hours

Maximum Marks : 100

Term End Exam : 80 Marks

Sessional : 20 Marks

Objectives: On completion of this the student shall critically reflect and analyse the issues related to the Environment and Ecosystems.

UNIT-I : Concept of Environment

- Meaning and concept of Environment-Types of Environment
- Environmental Hazards, Disasters Management
- Environmental Controls : Concept of Tolerance, Controls-Light, Temperature, Water, Wind, Edaphic factors and Biotic factors.

UNIT-II : Environmental Zones

- Concept of Biomes and its classification.
- Forested Biomes and their Characteristics : Equatorial, Temperate
- Intermediate Biomes and their Characteristics : Savanna, Steppe
- Barren Biomes and their Characteristics : Arid, Tundra and Polar

UNIT-III : Function of Ecosystem

- Trophic Level : Food Chain and Food Web
- Energy Flow in Ecosystem : Forest and Marine Ecosystems
- Natural Cycles : Nitrogen, Oxygen, Carbon and Phosphorous

UNIT-IV : Contemporary issues on environment

- Global warming and climate change and UNFCCC
(United Nations Framework Convention on Climate Change)
- Sea level rise and related problems
- Environmental pollution : Types and pollutants
- Sustainable development : Concepts and approaches

Transactinal Strategies:

- Lecture, group interaction, material review and presentation, etc.

Reference

1. Haggett, P. : Geography, A modern / Global synthesis
2. Sing, S. : Environmental Geography
3. Simmons, IG : Ecology of Natural Resources

SEMESTER-I
CC-II
OCEANOGRAPHY

Contact Hours: 4 (L) + 2 (T) per week
Cr. 4+2 = 6

Exam Duration : 3 Hours
Maximum Marks : 100
Term End Exam : 80 Marks
Sessional : 20 Marks

Objectives: On completion of this the student shall critically reflect and analyse the issues related to the Oceanography.

UNIT-I :

- Relevance of Oceanography in earth and atmospheric sciences. Definition of oceanography. Surface configuration of the ocean floor, continental shelf, continental slope, abyssal plain, mid-oceanic ridges and oceanic trenches. Relief of Atlantic, Pacific and Indian Oceans.

UNIT-II :

- Temperature and Salinity of oceans and seas: controlling factors and global variation
- Circulation of oceanic waters: causes and type of Waves, Tides. Their characteristics and distribution. Currents ; Causes of ocean currents and Currents of the Atlantic, Pacific and Indian oceans. Marine deposits, coral reef, atolls etc.

UNIT-III :

- Marine biological environment: bio-geochemical cycles in the ocean, bio zones. Types of Organisms: Plankton, Nekton, Benthos. Food and mineral resources of the sea

UNIT-IV :

- Tidal landforms; Mudflats- processes and morphology, Salt Marsh- processes and morphology. Formation of estuaries and mangroves

Transactinal Strategies:

- Lecture, group interaction, material review and presentation, etc.

**SEMESTER-II
CC-III
CLIMATOLOGY**

Contact Hours: 4 (L) + 2 (P) per week

Cr. 4+2 = 6

Exam Duration : 3 Hours

Maximum Marks : 100

Term End Exam : 60 Marks

Internal -15

Practical : 25 Marks

Objectives: On completion of this the student shall critically reflect and analyse the issues related to Climatology.

UNIT-I : Foundations of Climatology

- Climate and Weather : Elements and factors of Climate and Weather
- Atmosphere : Its structure and composition
- Insolation and Heat budget of the earth

UNIT-II : Air Circulation and Condensation

- Heat zones, pressure belts and planetary winds
- Upper Air Circulation and Jet streams
- Atmospheric Humidity and Condensation forms: Fog, Mist, Dew, Sleet and Drizzle, Cloud; Clouds- Occurrence, type and characteristics; Precipitation: types of rainfall, snow fall

UNIT-III : Air masses; Atmospheric disturbances

- Air masses and Fronts: origin, growth, types and characteristics of Air masses : Air mass Modification and Decay : Frontogenesis and Frontolysis, Characteristics of fronts: cold, warm , occluded
- Cyclones and Anticyclones : Temperate cyclones and Polar front theory; Tropical cyclones-Origin, growth characteristics and distribution

UNIT-IV : Climatic classifications

- Koppen & Thornthwate classification of climate : basis of classification, types of climate and their characteristics,

Transactinal Strategies:

- Lecture, group interaction, material review and presentation, etc.

Reference

1. Trewartha, G. T. : An introduction to Climate
2. Berry, R.G. & R.J. Chorley : Atmosphere, Weather and Climate
3. Menon, P.A. : The Weather
4. Austin Miller : Climatology
5. Chritch field : General climatology

PRACTICAL

Objectives: At the end of the course the student shall draw the various diagrams and maps related to climate.

Practical : 25 Marks

UNIT-I: Climatic Diagrams

- Temperature and rainfall graph
- Drawing of Hythergraph, Climograph, Windrose diagrams.

UNIT-II : Weather Maps

- Interpretation of weather maps
- Drawing of isobars, isotherms and isohyets
- Weather observation equipments.

Reference

1. Monkhouse, F.J. : Maps & Diagrams
2. Singh, R.L. & R.P.B. Singh : Practical Geography

SEMESTER-II
CC-IV
INDIA: PHYSICAL GEOGRAPHY

Contact Hours: 4 (L) + 2 (T) per week
Cr. 4+2 = 6

Exam Duration : 3 Hours
Maximum Marks : 100
Term End Exam : 80 Marks
Sessional : 20 Marks

Objectives: On completion of this the student shall critically reflect and analyse the issues related to the Physical Geography of India.

UNIT-I :

- Physiography : Triple tectonic divisions - Himalayas, Indo-Gangetic plain, Peninsular India. Physiography of Indian coasts, Islands and Deserts.

UNIT-II :

- Geology and structure of river systems : Himalayan, Peninsular

UNIT-III :

- Climate – Seasonal rhythms, The Monsoon- theories, onset, distribution of monsoon rain, withdrawal and winter monsoon

UNIT-IV :

- Soils – Classification and distribution. Natural vegetation – Classification and distribution.

Transactinal Strategies:

- Lecture, group interaction, material review and presentation, etc.

Reference

1. R.L. Singh : India- A Regional Geography
2. O.H.K. Spate : India, Pakistan and Srilanka
3. Khuller : India, A comprehensive Geography
4. D.N. Wadia : Geology of India
5. Krishnan : Geology of India
6. P.K. Das : The Monsoon, NBTI

SEMESTER-III
CC-V
GEOMORPHOLOGY

Contact Hours: 4 (L) + 2 (P) per week
Cr. 4+2 = 6

Exam Duration : 3 Hours
Maximum Marks : 100
Term End Exam : 60 Marks
Sessional : 15 Marks
Practical-25

Objectives: On completion of this the student shall critically reflect and analyse the issues related to Geomorphology.

UNIT-I : Development of Landforms

- Rocks and rock forming minerals : Types and characteristics.
- Landforms produced by Running Water, Ground Water, Glacier, Wind and Waves

UNIT-II: Earth Movements

- Orogenic and Epeirogenic movements : Types of Fold, Fault and related land forms
- Mountain building : Theories of Kober and Holmes
- Earthquake, Tsunami: causes, impacts, distribution and related landforms.
- Volcanoes : causes, types, distribution

UNIT-III: Soils and their characteristics

- Soil profile, concept of Pedon.
- Soil forming processes
- Zonal soil classification & major soil groups of the world

UNIT-IV: Theories on face of the earth

- Cycle of Erosion : Concepts of Davis and Penck
- Origin of the earth : Big Bang Theory, Interior of the earth, Concept of Isostasy : Theories of Pratt and Airy. Continental drift theory, Theory of plate tectonics and sea floor spreading.

Transactinal Strategies:

- Lecture, group interaction, material review and presentation, etc.

| Strahler & Strahler, | : | Physical Geography |
| Trewartha, Robiunson | : | Fundamentals of Physical Geography |

PRACTICAL

Objectives: On completion of this the student shall draw the various profiles related to different relief features and landforms.

Practical : 25 Marks

UNIT-I : Depiction of relief

- Drawing of profiles : Serial, Superimposed, composite, Projected
- Satellite imagery and aerial photographs, Fundamentals of GIS, GPS, Remote sensing

UNIT-II : Study of Landforms

- Interpretation of toposheet to study relief and drainage
- Slope analysis
- Ordering of streams and bifurcation ratio
- Tortuosity index of the streams

Transactinal Strategies:

- Conducting practicals.

Reference

1. Monkhouse, F.J. : Maps & Diagrams
2. Singh, R.L. & R.P.B. Singh : Practical Geography
3. Heyward : Geographical information system

SEMESTER-III
CC-VI
HYDROLOGY

Contact Hours: 4 (L) + 2 (T) per week

Cr. 4+2 = 6

Exam Duration : 3 Hours

Maximum Marks : 100

Term End Exam : 80 Marks

Sessional : 20 Marks

Objectives: On completion of this the student shall critically reflect and analyse the issues related to the Hydrology.

UNIT-I :

- Hydrological cycle and its sub-cycle
- Concept, Function of a hydrological cycle
- Man's interference on hydrological cycle.
- Precipitation – intensity and duration, evaporation, infiltration, surface runoff, flood and drought

UNIT-II :

- Drainage basin characteristics, Laws of morphometry : Linear, Areal, Slope
- Drainage density and texture of topography
- Concepts and Types of aquifer
- Ground water – occurrence and types

UNIT-III :Fundamental of Remote Sensing

- Electromagnetic Radiation (EMR)
 - i. Transmission
 - ii. Spectra bands
 - iii. Sensor
 - iv. Platform
 - v. Energy inter action with matter
- Fundamentals of GIS
 - i. Components of GIS
 - ii. Data structure & models
 - iii. GIS function
- Fundamentals of GPS
- Visual interpretation of Satellite Imagery of Land form & Water Resources

UNIT-IV :

- Principles of water balance and their application
- Water management-needs, techniques and associated problems. Application of remote sensing in hydrological studies

Transactinal Strategies:

- Lecture, group interaction, material review and presentation, etc.

6. Matter. J.R. : Water resources, Distribution use and management, John Wiley, Marylane 1984
7. Singh, R.A. and Singh, S.R. : Water management, Principles and Practices, Tara Publication, Varanasi 1972
8. Todd, D.K. : Ground water Hydrology, John Wiley, New York 1959

SEMESTER-IV
CC-VII
QUANTITATIVE TECHNIQUES IN GEOGRAPHY

Contact Hours: 4 (L) + 2 (T) per week

Cr. 4+2 = 6

Exam Duration : 3 Hours

Maximum Marks : 100

Term End Exam : 80 Marks

Sessional : 20 Marks

Objectives: On completion of this the student shall critically reflect and analyse the issues related to the quantitative geography.

UNIT-I : Geographical Data

- Characteristics of Geographical Data : Its Nature, Scope and Methods of Collection
- Type of Spatial Data : Positional, Linear, Areal, Volumetric
- Measurement of Phenomena : Nominal, Ordinal, Interval and Ratio Scales
- Distribution of Data : Grouping of Ungrouped data, construction of Histogram and Frequency Polygon, Cumulative Frequency Curve (Ogives)

UNIT-II : Measures of Central Tendencies and Measures of dispersion

- Measures of Central Tendency : Mean, Median and Mode (Both for Grouped and Ungrouped Data)
- Graphical Determination of Median by constructing Ogive.
- Measures of Dispersion : Mean Deviation, Standard Deviation, Coefficient of variation

UNIT-III : Statistical Relationships

- Bi-variate Relationships : Scatter Diagram
- Correlation : Spearman's Rank Correlation, Karl Pearson's Product Moment Correlation, Test of Significance
- Regression : Computation of Regression Equation by Least Square Method, Placement of Regression Line on Scatter Diagram

UNIT-IV : Matrix

- Types of matrices: simple functions – addition, multiplication, scalar multiplication, Transpose of a matrix, Adjoint of a square matrix, Inverse of a Square matrix – computation, properties.

Transactinal Strategies:

- Lecture, group interaction, material review and presentation, etc.

SEMESTER-IV
CC-VIII
INDIA: SOCIAL AND ECONOMIC GEOGRAPHY

Contact Hours: 4 (L) + 2 (T) per week

Cr. 4+2 = 6

Exam Duration : 3 Hours

Maximum Marks : 100

Term End Exam : 80 Marks

Sessional : 20 Marks

Objectives: On completion of this the student shall critically reflect and analyse the issues related to the Social and Economic Geography of India.

UNIT-I : Agriculture

- Types and characteristics, Production and distribution of
 - (a) Major staple crops : Rice, Wheat, Maize,
 - (b) Commercial Crops : Sugarcane, Tea, Coffee, Cotton,
- Irrigation : Types and distribution; Major Irrigation projects.

UNIT-II : Transport, Industry and Minerals

- Production and distribution of Iron ore, Bauxite, Coal, Petroleum and Natural Gas.
- Industry – Iron and Steel, Textile, Petro chemicals
- Transport – Roadways, Railways, Airways, Inland waterways and Coastal shipping

UNIT-III : Cultural diversity of India

- Religion, Language – Traits, Origin, Spatial distribution and fusion.

UNIT-IV : Tribes of India

- Major Tribes & their spatial distribution. Their livelihood, tribewise population composition: age and sex ratio, literacy and education; Taboos, Religious faith and beliefs

Transactinal Strategies:

- Lecture, group interaction, material review and presentation, etc.

Reference

SEMESTER-V
CC-IX
REGIONAL PLANNING AND DEVELOPMENT

Contact Hours: 4 (L) + 2 (T) per week

Cr. 4+2 = 6

Exam Duration : 3 Hours

Maximum Marks : 100

Term End Exam : 80 Marks

Sessional : 20 Marks

Objectives: On completion of this the student shall critically reflect and analyse the issues related to the Regional Planning And Development.

UNIT-I :

Changing concept of the region from an inter-disciplinary view-point. Types of regions: Formal and Functional, Uniform and Nodal, single purpose and Composite

UNIT-II :

Physical regions, Resource regions, Socio-cultural regions, Economic regions and Regional hierarchy. Special purpose regions – River valley regions, Metropolitan regions, Hilly regions, Regions of drought and flood

UNIT-III :

Approaches to delineation of different types of regions and their utility in planning. Planning process : sectoral, temporal and spatial dimensions, short-term and long term perspectives of planning

UNIT-IV :

Concept of multi-level planning, decentralized planning, people's participation in the planning process.

Transactinal Strategies:

- Lecture, group interaction, material review and presentation, etc.

SEMESTER-V
CC-X
ECONOMIC GEOGRAPHY

Contact Hours: 4 (L) + 2 (P) per week

Cr. 4+2 = 6

Exam Duration : 3 Hours

Maximum Marks : 100

Term End Exam : 60 Marks

Sessional : 15 Marks

Practical-25 marks

Objectives: On completion of this the student shall critically reflect and analyse the issues related to the Economic Geography.

UNIT-I : Basic concepts

- Meaning and Scope of Economic Geography
- Economic Activities and their types, Primary, Secondary & Tertiary

UNIT-II : Geography of Resources

- Resources ; concepts, types, distribution and global problems
- Mineral resources; distribution, mode of occurrence, associated problems. Energy resources: Thermal power, Nuclear power, Hydel Power

UNIT-III : Economic Activities

- Agriculture : Factors influencing agriculture, types of agriculture and their global distribution
- Industry : Classification of industries, factors influencing the location of industries, world distribution of major industries-Iron & Steel, aluminum, Petro-Chemicals

UNIT-IV : Location Theories

- Central place theory of Christaller
- Theories of industrial location : Weber and Smith
- Theory of Agriculture location : Von Thunen

Transactinal Strategies:

- Lecture, group interaction, material review and presentation, etc.

Reference

1. Goh, Cheng, Leong : Human and Economic Geography
2. Zimmerman : World resources and industries
3. Roy, P. : Economic Geography
4. Alexander, J.W. : Economic Geography
5. Sadhukhan, S.K. : Economic Geography

PRACTICAL (Economic Geography)

Objectives: On completion of this the student shall draw various cartographic diagrams and maps related to Economic geography.

Marks-25

- Spatial distribution of different crops, land uses and occupational structure by using Bar diagram, Wheel diagram and Sphere
- Distribution of mineral resources and industries through choroschematic maps
- Measurement of density of movement of goods and passengers by using flow diagrams
- Cartographic portrayal of the density of road ways and railways
- Use of Lorenz curve and location Quotient to portray spatial concentration and dispersion of economic variables in space

**SEMESTER-VI
CC-XI
HUMAN GEOGRAPHY**

Contact Hours: 4 (L) + 2 (P) per week

Cr. 4+2 = 6

Exam Duration : 3 Hours

Maximum Marks : 100

Term End Exam : 60 Marks

Sessional : 15 Marks

Practical -25 marks

Objectives: On completion of this the student shall critically reflect and analyse the issues related to the Human Geography.

UNIT-I : Nature and scope of human geography

- Branches of human geography
- Concepts of man-environment relationship – determinism, possibilism and Neo-determinism.

UNIT-II : Major Ethnic groups

- Spatial distribution
- Physical and social profile of racial groups
- Ethnic groups, tribal groups and religious groups in the world
- Cultural realms of the world

UNIT-III : Human Adaptation to the environment

- Cold region-Eskimo
- Hot region- Bushman, Beduine
- Plateau- Gonds, Masai
- Mountain- Gujjars, nomads
- Regions of recurrent floods, droughts and other natural hazards in the world

UNIT-IV : Distribution of population

- World distribution pattern-physical, economic and social factors influencing spatial distribution, concepts of Over population, Under population and Optimum population
- Zero population growth and NRR, Migration, immigration, emigration in the context of India and world

Transactinal Strategies:

- Lecture, group interaction, material review and presentation, etc.

10. Spate O.H.K. and learmonth A.T.A. : India and Pakistan Methuen, London 1968
11. M. Subha Rao : Peepling of India.

PRACTICAL(Human Geography)

Objectives: On completion of this the student shall draw various cartographic diagrams and maps related to Human geography.

Practical : 25 Marks

- Proportionate circles to illustrate the spatial concentration of tribal population
- Wheel diagrams to show the distribution of linguistic groups of different regions
- Rectangular cartograms to show the concentration of immigrants in different regions
- Population projection: Arithmetic, Geometric, Harmonic and Register General of India's method. Calculation of midyear census population

Transfactual Strategy: Conducting practicals.

SEMESTER-VI
CC-XII-PROJECT CUM SEMINAR-I

Contact Hour-4

Credit-6

Marks-100

Objectives: At the end of the course the student shall be familiar with the primary and secondary sources related to the regional geography of the world. He/She will also be able to critically analyse and reflect the sources and write term papers.

Guide teacher shall assign topics for Term paper and Seminar based on any one of the following countries / regions :

1. Japan
2. West Asia
3. S.E. Asia
4. Australia
5. U.K.
6. Sahara
7. South Africa
8. Scandinavian Countries
9. Central America
10. Brazil
11. Eastern Europe
12. Oceania
13. U.S.A.
14. China

The project cum seminar course will be conducted through seminar mode. The seminar will be conducted in every week to reflect and consolidate the activities of students.

The report and viva-voce will be examined by both internal and external examiners.

| Survey and Identification of topic | Review of literature | Project work and Seminar | Report | Viva-voce | Total |
|------------------------------------|----------------------|--------------------------|---------------------------|-----------|-------|
| 10 | 10 | 30 | 20 | 30 | 100 |
| Internal(50) | | | Internal and External(50) | | |

**SEMESTER-VIII
CC-XIII
POPULATION & SETTLEMENT GEOGRAPHY**

Contact Hours: 4 (L) + 2 (P) per week
Cr. 4+2 = 6

Exam Duration : 3 Hours

Maximum Marks : 100

Term End Exam : 60 Marks

Sessional : 10 Marks

Practical -25

Objectives: On completion of this the student shall critically reflect and analyse the issues related the Population & Settlement Geography.

UNIT-I : Composition of population

- Age and Sex composition, rural-urban composition, economic composition, determinants, world regional patterns, composition of population in India

UNIT-II : Migration

- Classification, determinants and consequences of migration ; world regional patterns

UNIT-III : Settlement site and structure

- Internal morphology, external form, field patterns, functions, house-types. Theories of Urban Morphology
 - i. Multiple & Nuclear theory
 - ii. Sectoral theory, Concentric zones

UNIT-IV : Spatial Organization of settlements :

- Size, spacing and hierarchy of settlements, Rank size Rule, emergence and characteristics of types of Urban and Rural settlements. Census of India definition of towns and its classification.

Transactinal Strategies:

- Lecture, group interaction, material review and presentation, etc.

Reference

1. Beaujeu-Garnier, J. : Geography of population (Translated by Beaver, S.H.) Longmans, London 1966
2. Census of India 2001 series -I India provisional population totals, published by Registrar General & Census commissioner, India 2001
3. Census of India, 1991 India : A state Profile published by office of the Registrar General of India, Census operations, New Delhi

5. R.L. Singh : Readings in Rural settlement
6. Mayer : Readings in Urban Geography
7. Chislom : Rural settlement & Land use

PRACTICAL

(Population and settlement Geography)

Objectives: On completion of this the student shall draw various cartographic diagrams and maps related to population and settlement geography.

Practical : 25 Marks

- Population distribution by using uniform and multiple dots, sphere
- Age-sex pyramid of population
- Spatial variation of population density by using choropleths and shades
- Patterns of settlements by using Near-neighbor Analysis

Tranctional Strategy: Conducting practicals.

SEMESTER-VIII
CC-XIV
PROJECT CUM SEMINAR-II

Contact hours-4 per week

Mark-100

Credit-6

Objectives: On completion of this the student shall critically reflect on the project on an area of geographical interest and write field reports.

The project will be continuous activity. The project cum seminar course will be conducted through seminar mode. The seminar will be conducted in every week to reflect and consolidate the activities of students. All the students of the class may participate in a **Study tour** to an area of geographical interest, to be organized by the Department and submit the **Report** in a neatly typed form with the certificate of the guide teacher.

If however, the institution is unable to organize any such study tour during the semester for some unavoidable reasons, the project shall be undertaken based on the local visits of places of geographical importance.

Report and Viva-voce shall be examined by two examiners - Internal and External.

| Survey and Identification of topic | Review of literature | Project work and Seminar | Report | Viva-voce | Total |
|------------------------------------|----------------------|--------------------------|---------------------------|-----------|-------|
| 10 | 10 | 30 | 20 | 30 | 100 |

SEMESTER-I
CC-I
UNDERSTANDING POLITICAL THEORY

Contact Hours: 4 (L) + 2 (T) per week

Cr. 4+2 = 6

Exam Duration: 3 Hours

Maximum Marks: 100

Term End Exam : 80 Marks

Sessional : 20 Marks

CORE COURSE

Objectives: On completion of this the student shall critically reflect and analyse the issues related to the understanding Political Theory.

Unit-I: Nature, scope and approaches of political theory

- (a) Nature, scope and significance of political theory
- (b) Approaches to political theory : Normative, Historical and Empirical

Unit-II: Traditions of Political Theory

- (a) Liberal, Marxist
- (b) Anarchist, Conservative

Unit-III: Critical and contemporary prospective in Political Theory

- (a) Feminist
- (b) Post-modern

Unit-IV : Democracy

- (a) Democracy, The History of an idea
- (b) Procedural Democracy & Deliberative Democracy

Transactinal Strategies:

- Lecture, group interaction, material review and presentation, etc.

SEMESTER-I
CC-I
MICRO ECONOMICS-I

Contact Hours: 4 (L) + 2 (T) per week
Cr. 4+2 = 6

Exam Duration : 3 Hours

Maximum Marks : 100

Term End Exam : 80 Marks

Sessional : 20 Marks

Objectives: On completion of this the student shall critically reflect and analyse the issues related to Micro Economics.

Unit-I :

Meaning & Definition of Economics, Subject matter, Scope & Significance of Economics, Questions of what, how and for whom to produce and how to distribute output, Positive and normative

Economics, Economic Laws

Unit-II :

Theory of consumer behavior, Cardinal approach and its criticisms, Law of diminishing Marginal utility, Law of Equi -marginal utility, law of Demand, Exceptions to law of Demand, Snob effect, Bandwagon effect.

Indifference Curve approach, Budget Line, Consumer's equilibrium, Income, Substitution and Price effect, breaking up Price Effect to Income effect and Substitution Effect, Comparison between Marginal utility approach and Indifference Curve approach

Unit-III:

Elasticity & Demand, Price elasticity, Income Elasticity, Cross elasticity, measurement of Price elasticity of Demand, Consumer's surplus (Marshallian approach).

Unit-IV:

Theory of production :

Law of variable proportions, Isoquant, Return to scale, Producer's equilibrium, Expansion path, Engel's curve. Theory of costs: Short run & Long-run cost curves.

Transactinal Strategies:

- Lecture, group interaction, material review and presentation, etc.

SEMESTER-I
CC-II
MONEY & BANKING

Contact Hours: 4 (L) + 2 (T) per week
Cr. 4+2 = 6

Exam Duration : 3 Hours

Maximum Marks : 100

Term End Exam : 80 Marks

Sessional : 20 Marks

Objectives: On completion of this the student shall critically reflect and analyse the issues related to Money & Banking.

Unit-I:

Money:

Meaning, functions & classification, Gresham's law, Monetary standards, Metallic & paper systems of note issue, value of money ; construction of price index number-its limitation.

Unit-II:

Quantity theory of money;

Quantity theory of money-Cash Transaction approach, Cash Balance approach, Keynesian approach,

Inflation: meaning, types, causes-demand pull and cost push, effects, measures to control Inflation, Trade-off between inflation and unemployment, meaning of deflation & stagflation.

Unit-III:

Banking:

Banking; Meaning & types, Commercial banks, evolution, function, the process of credit creation and its limitation, liabilities and assets of banks, Investment policy of a commercial bank.

Unit-IV:

Central Bank:

Central Bank ; function, Quantitative and Qualitative methods of credit control, Bank rate policy, Open market operation, Variable reserve ratio and selective methods ; Objectives of Monetary policy. Role of RBI in India.

Transactinal Strategies:

- Lecture, group interaction, material review and presentation, etc.

CC-III
PUBLIC ECONOMICS**

Contact Hours: 4 (L) + 2 (T) per week
Cr. 4+2 = 6

Exam Duration : 3 Hours

Maximum Marks : 100

Term End Exam : 80 Marks

Sessional : 20 Marks

Objectives: On completion of this the student shall critically reflect and analyse the issues related to Public Economics.

Unit-I :

Introduction to public finance :

Public finance, meaning & scope, Distinction between public & private finance, public Vs. private goods, merit goods, principles of maximum social Advantage, market failure, Externalities & role of Government.

Unit-II :

Public Expenditure :

Meaning, classification, principles, cannons, effect & causes of growth of Public Expenditure, Wagner's law of increasing state activities, Peacock-Wiseman hypothesis.

Unit-III :

Sources of public Revenue,

Taxation-Meaning, Cannons & classification of taxes, impact- shifting and incidence of taxes, burden of taxes-Division of tax, tax burden-Elasticity approach, Neutrality approach to taxation, Theory of taxes-Benefit and ability to pay theory, taxable capacity, effects of taxation on production and Distribution.

Unit-IV :

Public debt

Meaning, Sources, Effects, debt burden, Classical Views-Ricardian and other views, shifting, methods of debt redemption, debt management, Tax Vs. Debt.

Transactinal Strategies:

- Lecture, group interaction, material review and presentation, etc.

CC-IV
INDIAN ECONOMY-I**

Contact Hours: 4 (L) + 2 (T) per week
Cr. 4+2 = 6

Exam Duration : 3 Hours

Maximum Marks : 100

Term End Exam : 80 Marks

Sessional : 20 Marks

Objectives: On completion of this the student shall critically reflect and analyse the issues related to Indian Economy.

Unit-I :

Indian Economy during the colonial period. Basic features of the Indian Economy after Independence, Sectoral composition and Structural Transformation of Indian Economy since Independence

Unit-II :

Broad Demographic features, Demographic Transition in India, population size, growth rate, sex composition, Rural-urban migration, Problems of over population, Quality of population, population policy

Unit-III :

Agriculture : Indian agriculture nature & importance, factors determining agricultural productivity, land reforms, Agricultural credit, problems & prospects, Agricultural marketing, Agricultural policy and Green revolution.

Unit-IV :

Industry : Industrial development during the plan periods, Industrial policy 1956, 1977. 1991. Industrial policy in the post-liberalization phase. Role of public sector enterprises, Industrial finance ; problems & prospects,

QUANTITATIVE TECHNIQUES**

Contact Hours: 4 (L) + 2 (T) per week
Cr. 4+2 = 6

Exam Duration : 3 Hours

Maximum Marks : 100

Term End Exam : 80 Marks

Sessional : 20 Marks

Objectives: On completion of this the student shall critically reflect and analyse the issues related to Quantitative Techniques.

Unit-I : Statistical Data : Frequency

Distribution – Graphic & Diagrammatic representation of data, Techniques of data collection, Sample & population, Types of sampling, Sampling & Non-sampling error.

Unit-II : Measures of Central Tendency

Mean, Median, Mode, Geometric mean, Harmonic Mean.

Measures of Dispersion – Range, Mean, Deviation, Standard deviation, Coefficient of variation.

Unit-III : Correlation

Type of Correlation, Karl persons coefficient, Spearman's coefficient, Least square.

Regression :- Types of Regression Analysis, Estimation of Regression line in a

Bivariate distribution – Least square method, properties of regression coefficient.

Unit-IV : Functions, Matrix:

Types of functions, Limits and continuity of a function, Derivatives, Matrix, types of matrices, transpose and inverse of a matrix,

SEMESTER-VI
CC-XII
Project cum Seminar
(TERM PAPERS ON DEVELOPMENT ISSUES)

Contact hours-4
Marks-100
Credit-6

Objectives: On completion of this the student shall be familiar with the primary and secondary sources of a topic related to Social and Developmental issues. He/She shall be able to write a paper on an issue of his/her interest by using the research methodology.

The project cum seminar course will be conducted through seminar mode. The seminar will be conducted in every week to reflect and consolidate the activities of students.

The student is expected to write one term paper on development issues or environmental issues.

Keeping in view the various factors affecting economic growth, capital formation, its impact on income distribution, problems of unemployment and poverty, it becomes necessary to study the process of development of various countries particularly in relation to LDCs.

The objective of preparation of term papers will enable the students to have an understanding of issues related to economic development, its consequences on social and environmental concerns of different countries. It will also help the students to understand the environmental issues affecting the humanity.

Report and Viva-voce shall be examined by two examiners - Internal and External.

| Survey and Identification of topic | Review of literature | Project work and Seminar | Report | Viva-voce | Total |
|------------------------------------|----------------------|--------------------------|----------------------------------|-----------|-------|
| 10 | 10 | 30 | 20 | 30 | 100 |

SEMESTER-VIII
CC-XIII
INTERNATIONAL ECONOMICS

Contact Hours: 4 (L) + 2 (T) per week
Cr. 4+2 = 6
Exam Duration : 3 Hours
Maximum Marks : 100
Term End Exam : 80 Marks
Sessional : 20 Marks

Objectives: On completion of this the student shall critically reflect and analyse the issues related to International Economics.

UNIT-I :

Factor endowment and International trade, theories of comparative advantage, Heckcher-Ohlin theory of trade.

UNIT-II :

Gains from Trade, their measurement and distribution, Doctrine of reciprocal demand, terms of trade, trade and economic development

UNIT-III :

Balance of payments and trade, concepts and components. Equilibrium and disequilibrium in the balance of payments and their consequences. Measures to correct adverse balance of payments.

UNIT-IV : Foreign exchange market, its constituents, determination of equilibrium, rate of exchange, mint-parity theory and purchasing power parity theory and balance of payment theory, forms of exchange control.

Transactinal Strategies:

- Lecture, group interaction, material review and presentation, etc.

ଓଡ଼ିଆ କାବ୍ୟ କବିତାର ବିକାଶଧାରା (ଆଧୁନିକ ଓ ସମକାଳୀନଯୁଗ) ରାଧାନାଥ ଓ ମଧୁସୂଦନ, ସତ୍ୟବାଦୀର ଆଦର୍ଶ, ସବୁଜଗ୍ରନ୍ଥୀ, ପ୍ରଗତିବାଦୀକାବ୍ୟ ଧାରା, ସଜ୍ଜିଦାନନ୍ଦ ରାଉତରାୟ, ଯୁଗୋତ୍ତର କବିତା: ଗୁରୁପ୍ରସାଦ, ସମକାଳୀନ କବିତା : ରମାକାନ୍ତ, ସୀତାକାନ୍ତ ଓ ଅନ୍ୟମାନେ)

Unit-II

୧. ଚିଲିକା (୫୫୦ ରୁ ୭୫୨ ପଦ)(ଧରିତ୍ରୀ ବଦନେ ପାତ ଅସ୍ତରାଗ- ରାଧାନାଥ ରାୟ

Unit-III ତପସ୍ୱିନୀ (ଚତୁର୍ଥ ସର୍ଗ)

-ଗଙ୍ଗାଧର ମେହେର

Unit-IV

କବିତା :

- | | | |
|-----------------|---|---------------------|
| ୧. ଧରାବତରଣ | - | ମାୟାଧର ମାନସିଂହ |
| ୨. ଝଡ଼ | - | ସଜ୍ଜିଦାନନ୍ଦ ରାଉତରାୟ |
| ୩. ଅକ୍ସର ଉଦ୍‌ଗତ | - | ଗୁରୁ ପ୍ରସାଦ ମହାନ୍ତି |
| ୪. ଚିତ୍ରପ୍ରତିମା | - | ରମାକାନ୍ତ ରଥ |

Transactinal Strategies:

- Lecture, group interaction, material review and presentation, etc.

ସହାୟକ ଗ୍ରନ୍ଥ :

- ୧) ଆଧୁନିକ ଓଡ଼ିଆ କାବ୍ୟଧାରା (ଆଦିଯୁଗ ଓ ନବଜାଗରଣଯୁଗ)- ଡଃ ନରେନ୍ଦ୍ରନାଥ ମିଶ୍ର
- ୨) ଓଡ଼ିଆ ସାହିତ୍ୟର ଇତିହାସ (୧୮୦୩-୧୯୨୦) ଡଃ ନଟବର ସାମନ୍ତରାୟ
- ୩) ରାଧାନାଥ ଜୀବନୀ ସଂ-ଦୁର୍ଗାଚରଣ ରାୟ
- ୪) ନିସର୍ଗ ନୀରାଜନୀ - ଡଃ ବସନ୍ତ କୁମାର ପଣ୍ଡା
- ୫) ଚିଲିକା ଓ ରାଧାନାଥ - ଗୌରୀ କୁମାର ବ୍ରହ୍ମା
- ୬) ତପସ୍ୱିନୀ ଓ ଗଙ୍ଗାଧର - ଅସୀତ କବି
- ୭) ଗଙ୍ଗାଧର : କବିତା ଓ କବିଆତ୍ମା-ଦେବେନ୍ଦ୍ର କୁମାର ଦାଶ
- ୮) ସବୁଜରୁ ସାଂପ୍ରତିକ-ଡଃ ନିତ୍ୟାନନ୍ଦ ଶତପଥୀ

SEMESTER-II
CC-III
ଓଡ଼ିଆ ଗଦ୍ୟ ସାହିତ୍ୟ

Contact Hours: 4 (L) + 2 (T) per week

Cr. 4+2 = 6

Exam Duration: :3 Hours

Maximum Marks: 100

Term End Exam : 80 Marks

Sessional : 20 Marks

Objectives: On completion of this the student shall critically reflect and analyse the issues related to the origin and development of prose (non-fiction) literature in Odia.

Unit-I

ଓଡ଼ିଆ ଗଦ୍ୟ ସାହିତ୍ୟର ବିକାଶଧାରା (ପ୍ରାରମ୍ଭରୁ ଉନ୍ନତ ଶତାବ୍ଦୀର ମଧ୍ୟଭାଗ ପର୍ଯ୍ୟନ୍ତ ଶିଳାଲେଖ, ମାଦଳପାଞ୍ଜି, ରୁଦ୍ରସୁଧାନିଧି, ଚତୁର ବିନୋଦ ଇତ୍ୟାଦି ମିଶନାରୀ ଗଦ୍ୟ, ପତ୍ର ପ୍ରତିକା ଓ ପାଠ୍ୟ ପୁସ୍ତକର ଗଦ୍ୟ)

Unit-II

ରୁଦ୍ରସୁଧାନିଧି (ଅଭିନବ ଚୈତନ୍ୟଙ୍କ ଅଭିଶାପ ପ୍ରାନ୍ତ ପର୍ଯ୍ୟନ୍ତ) - ଅବଧୂତାନନ୍ଦ ନାରାୟଣ ସ୍ଵାମୀ ସଂ. କରୁଣାକର କର ପ୍ର. ଓଡ଼ିଶା ସାହିତ୍ୟ ଏକାଡେମୀ

Unit-III

ଚତୁର ବିନୋଦ (କଥା ଉପକ୍ରମ ଓ ନୀତି ବିନୋଦ) — ବ୍ରଜନାଥ ବଡ଼ଜେନା

Unit-IV

ପ୍ରବନ୍ଧ -

| | | |
|---------------------------|---|----------------------|
| ଭାଗବତ ଚୁଙ୍ଗାରେ ସଂନ୍ଧ୍ୟା - | - | ଗୋପାଳ ଚନ୍ଦ୍ର ପ୍ରହରାଜ |
| ଓଡ଼ିଆର ମୈତ୍ରୀ | - | ନୀଳକଣ୍ଠ ଦାସ |
| ଏକଲବ୍ୟ କଥା | - | ଚିତରଂଜନ ଦାସ |
| ଆଧୁନିକତାର ରୂପରେଖ | - | ଶରତ କୁମାର ମହାନ୍ତି |

Objectives: On completion of this the student shall critically reflect and analyse the issues related to the theory of criticism and the development of criticism in Odia.

Unit-I

ସାହିତ୍ୟର ସଂଜ୍ଞା, ସ୍ୱରୂପ ଓ ପ୍ରକାର୍ଯ୍ୟ

ସାହିତ୍ୟର ବିଭିନ୍ନ ବିଭାବ – କାବ୍ୟ କବିତା, ଉପନ୍ୟାସ, କ୍ଷୁଦ୍ରଗଳ୍ପ, ନାଟକ ଇତ୍ୟାଦି

Unit-II

ବିଭିନ୍ନ ସମାଲୋଚନା ପଦ୍ଧତି

Unit-III

ଓଡ଼ିଆ ସମାଲୋଚନା ସାହିତ୍ୟର ଉଦ୍ଦେଶ୍ୟ

କ) ଓଡ଼ିଆ ସାହିତ୍ୟ ଆଲୋଚନା ଓ ଇତିହାସ ରଚନାର ଆଦ୍ୟପ୍ରୟାସ

ଖ) ପତ୍ରପତ୍ରିକାରେ ସମାଲୋଚନା ସାହିତ୍ୟ

ଗ) ବିଶ୍ୱବିଦ୍ୟାଳୟରେ ଓଡ଼ିଆ ସାହିତ୍ୟ ଅଧ୍ୟୟନ ଓ ଗବେଷଣା

Unit-IV

ଓଡ଼ିଆ ସମାଲୋଚନା ସାହିତ୍ୟର ଆଧୁନିକ ପର୍ବ ଓ ବିଶିଷ୍ଟ ସମାଲୋଚନା

ସ୍ୱାଧୀନତା ପୂର୍ବର ଓଡ଼ିଆ ସମାଲୋଚନା ସାହିତ୍ୟ

ସ୍ୱାଧୀନତା ପରବର୍ତ୍ତୀ ଓଡ଼ିଆ ସମାଲୋଚନା ସାହିତ୍ୟ

ସମକାଳୀନ ଓଡ଼ିଆ ସମାଲୋଚନା ସାହିତ୍ୟ

Transactinal Strategies:

- Lecture, group interaction, material review and presentation, etc.

ସହାୟକ ଗ୍ରନ୍ଥ

1. ରଚନା ବିଚାର – ଗିରିଜାଶଙ୍କର
2. Theory of literature – Rane Wellek
3. An Intraduction to study of literature – W. H. Hudson
4. ସାହିତ୍ୟର ସ୍ୱରୂପ ଓ ସର୍ବେକ୍ଷଣ – ଡଃ ଦୀନବନ୍ଧୁ ମିଶ୍ର
5. Concepts of Criticism – Rane Wellek
6. Twentieth Century Criticism – Handy & Westbrook
7. ଓଡ଼ିଆ ପ୍ରବନ୍ଧ ଓ ସମାଲୋଚନା ସାହିତ୍ୟ ଇତିହାସ – ଡଃ ଅସୀତ କବି
8. ଓଡ଼ିଆ ସମାଲୋଚନା ସାହିତ୍ୟ – ଓଡ଼ିଶା ସାହିତ୍ୟ ଏକାଡେମୀ
9. ସମାଲୋଚନାତତ୍ତ୍ୱ – ଦୀନବନ୍ଧୁ ମିଶ୍ର
10. ଓଡ଼ିଆ ସାହିତ୍ୟର ଇତିହାସ ଆଦ୍ୟ ପ୍ରୟାସ – ଡଃ ପ୍ରସନ୍ନ କୁମାର ମହାନ୍ତି

SEMESTER-IV
CC-VIII
ଓଡ଼ିଆ ଲୋକ ସାହିତ୍ୟ

Contact Hours: 4 (L) + 2 (T) per week
Cr. 4+2 = 6
Exam Duration : 3 Hours
Full Mark : 100
Term End Exam : 80 Marks
Sessional : 20 Marks

Objectives: On completion of this the student shall critically reflect and analyse the issues related to the aspects, categories and development of folk literature.

Unit-I

ଲୋକ ସାହିତ୍ୟ : ସଂଜ୍ଞା ଓ ସ୍ୱରୂପ

ଲୋକତତ୍ତ୍ୱ, ଲୋକସାହିତ୍ୟର ପରିଚୟ ଓ ପରିସର, ଲୋକସାହିତ୍ୟଓ ବୌଦ୍ଧିକ ସାହିତ୍ୟର ପାର୍ଥକ୍ୟ, ଓଡ଼ିଆ ଲୋକ ସାହିତ୍ୟର ସଂଗ୍ରହ ଓ ସଂଗ୍ରାହକ ।

Unit-II

ଓଡ଼ିଆ ଲୋକ ଗୀତ

ଓଡ଼ିଆ ଲୋକ ଗୀତର ସ୍ୱରୂପ ଓ ପ୍ରକାର ଭେଦ

Unit-III

ଓଡ଼ିଆ ଲୋକ କାହଣୀ

ଓଡ଼ିଆ ଲୋକ କାହଣୀର ସ୍ୱରୂପ, ଗଠନ କୌଶଳ, ଭାବ ଓ ରୂପ, ମୋଟିଫ୍ ଓ ଲୋକ ଗଣ୍ଡର ପ୍ରକାରଭେଦ

Unit-IV

ଓଡ଼ିଆ ଲୋକ ନାଟକ

ଲୋକ ନାଟକର ସ୍ୱରୂପ ଓ ପ୍ରକାରଭେଦ ଲୋକନାଟକରେ ସମାଜ ଚିତ୍ର

Transactinal Strategies:

- Lecture, group interaction, material review and presentation, etc.

ସହାୟକ ଗ୍ରନ୍ଥ :

| | | | |
|-----|---|---|-----------------------------|
| ୧) | <u>ଓଡ଼ିଆ</u> ଲୋକଗୀତ ଓ କାହଣୀ | - | ଡଃ କୁଞ୍ଜବିହାରୀ ଦାଶ |
| ୨) | <u>ଓଡ଼ିଆ</u> ଲୋକ ସାହିତ୍ୟ | - | ଡଃ ଶ୍ୟାମସୁନ୍ଦର ମହାପାତ୍ର |
| ୩) | ଲୋକ ସାହିତ୍ୟ ତତ୍ତ୍ୱ | - | ଡଃ ଶ୍ୟାମସୁନ୍ଦର ମହାପାତ୍ର |

Unit 1 :Fossil fuels and Alternate Sources of energy: Fossil fuels and nuclear energy, their limitation, need of renewable energy, non-conventional energy sources. An overview of developments in Offshore Wind Energy, Tidal Energy, Wave energy systems, Ocean Thermal Energy Conversion, solar energy, biomass, biochemical conversion, biogas generation, geothermal energy tidal energy, Hydroelectricity.

Unit 2 :Solar energy: Solar energy, its importance, storage of solar energy, solar pond, non plate collector, solar distillation, solar cooker, solar green houses, solar cell, absorption air conditioning. Need and characteristics of photovoltaic (PV) systems, PV models and equivalent circuits, and sun tracking systems.

Unit 3 :Wind Energy harvesting: Fundamentals of Wind energy, Wind Turbines and different electrical machines in wind turbines, Power electronic interfaces, and grid interconnection topologies.

Ocean Energy: Ocean Energy Potential against Wind and Solar, Wave Characteristics and Statistics, Wave Energy Devices.

Tide characteristics and Statistics, Tide Energy Technologies, Ocean Thermal Energy, Osmotic Power, Ocean Bio-mass.

Unit 4 :Geothermal Energy: Geothermal Resources, Geothermal Technologies.

Hydro Energy: Hydropower resources, hydropower technologies, environmental impact of hydro power sources.

GENERAL MATHEMATICS

| | | | |
|---------------|------------------------|---|---------------------------------|
| | Contact Hours per Week | : | 4 |
| | Credit | : | 4* |
| | Examination Duration | : | 3 Hours |
| Maximum Marks | : | | 100 (Terminal-80, Sessional-20) |

Unit 1 :

What is Mathematics, Role and real life application of Mathematics, History of Mathematics, Introduction to number systems: Natural numbers, Integers, rational numbers, real numbers, complex numbers. Elements of set theory: Set, Types of set with examples. Representation of sets. Basic operations on sets (union, intersection, complementation). Venn diagram. Verbal reasoning: Logical Venn Diagrams; Mathematical Operations-Problem solving by substitution, Interchange of signs and numbers, Logical sequences of words.

Unit 2 :

Number series, letter series, coding-decoding, analogy test, Relationship problems, Calendar problems. Arithmetical reasoning: number series completion, calculation based problems, data based problems, problem on ages, work and time problems, percentage problems.

Unit 3 :

Logical deductions: logical reasoning, logical deductions, two-premise and three-premise arguments; Statement-Arguments; Statement-Assumptions; Statement-Courses of Action; Statement-Conclusions.

Unit 4 :

Organisation of data: Frequency table, Grouping. Pictorially displaying data: dot plots, bar graphs, line graphs, pie charts. Data interpretation: Numerical based on analysis of data presented in tabular, bar chart, pie-chart or line graph.

| Contact Hours per Week | : | 4 |
| Credit | : | 4* |
| Examination Duration | : | 3 Hours |
| Maximum Marks | : | 100 (Terminal-80, Sessional-20) |

Unit1:**Food and Nutrients**

Food, Nutrients (Macro and Micro) Synthetic foods, Diet and dietary guidelines, Junk foods, Function of food, Food adulteration, Food poisoning, Balanced diet, Nutrient need and dietary pattern for various age groups, Food hygiene, potable water source and methods of purification.

Unit 2:**Nutritional Disorders**

Nutrition – related disorders: Under nutrition and over nutrition, obesity, Nutritional deficiencies: Vitamins deficiencies, Protein- energy malnutrition (marasmus and kwashiorkor; iodine deficiency disorder; Anaemia.)

Unit 3: Health and Communicable Diseases

Concept of Health; Communicable and non-communicable diseases. Control, prevention and Management of some vector- borne diseases (Malaria, filaria, chikungunya) and other communicable diseases (Rabies, leprosy, typhoid and AIDS)

Unit 4: Non-communicable Diseases

Non communicable diseases and their preventive measures, Cardiovascular diseases, Diabetes, Cancer, Alzheimers & parkinsons Diseases, Osteoporosis.

BASICS OF SOCIAL SCIENCES

Contact Hours per Week : 4

Credit : 4*

Examination Duration : 3 Hours

Maximum Marks :100 (Terminal-80, Sessional-20)

Unit –I Histoty

- The French revolution, Socialism in Europe and Russian revolution
- Causes of first world war, Causes of Second world war, Cold war and its impact

Unit-II Geogrphy

- India-Major physiographic units, the monsoons its characteristics, rain fall and temperature distribution
- Natural distribution, land degradation in India and Conservation measures

Unit-III Political Science

- Democracy, Indian constitution and its main features;
- Fundamental rights and duties, rights, Rights of the child

Unit-IV Economics

- Poverty as a challang, food security in India, consumer awareness
- Role of government in ensuring food security.

Educational Planning, Management and Leadership

| | |
|---|--|
| Semester-VI | Credits-4 |
| Total Marks:100 (Internal:20 External: 80) | Contact Hours: 4 hours per week |

Introduction:

The course intends to introduce the basic concepts, types, conditions, approaches and techniques of educational planning, management and leadership styles. It makes an attempt to introduce the concept of decentralized planning and planning practices currently being adopted in various education sub-sectors in India, including the secondary education sub-sector. It also attempts to discuss the concept and application of strategic planning techniques in education and the way these techniques have been contextualized and built into district planning models in India. As such, the course would provide an overview of the changing landscape of educational planning in India, including the latest planning approaches and frameworks. A discussion of the theoretical approaches to educational planning would help enable student teachers to contextualise and analyse educational planning models and practices in India. It would help them to participate in the current debate on ‘whether educational planning and management in India is rhetoric or a reality?’ The course also intends to provide the student teachers exposure to the concept, theory and various dimensions of educational school management and leadership styles. The student teacher should be aware about how the job of the teacher has changed immensely in last decade. The teacher as the head of the school or class teacher has to perform many managerial functions in relation to the management of human and material resources. A professionally trained teacher is expected to have know-how of managing instructional and other school activities. The core paper “Educational Planning, Management and Leadership” is intended to enable the development of skill how to plan and manage for effective schooling of the children at the secondary level. The paper will be taught through deliberations, discussion, reflection, school visit, library reading and presentations.

Objectives

The course will enable the student teachers to;

- Understand Concepts, types and approaches of educational planning
- Develop institutional plan and school development plan
- Understand recommendations of different five year plans relating to school education
- Develop understanding about educational decentralization in India and district planning practices
- Understand concept, nature and approaches of educational management
- Develop understanding and skills in managing material and human resources of school
- Understanding the skills of using different managerial and leadership styles for effective management of a school.

Unit-I: Understanding Educational Planning

- Educational planning: Meaning, Nature, purpose
- Traditional educational planning and strategic educational planning-steps and benefits
- Approaches to educational planning: Social demand, manpower requirement and cost benefits
- Planning for human resource development in school: Manpower forecasting and Manpower planning
- Institutional Planning: School development plan as per the RTE Act 2009

Unit-II: Educational Planning in India

- Beginning of five year Plans: its historical background; Main features of five year plans with special reference to education, Impact of five year plans on education.
- 12th Five year plan: Major recommendations relating to school education(elementary and secondary education)
- Educational decentralization in India: legal provisions and institutional framework and planning machinery
- District planning under the on-going country-wide education development programmes like the SSA and the RMSA
- Financing school education in India, fund flow and related issues

Unit-III: Educational Management: Concept, Processes

- Educational management: Concept and Process(Planning, organization, control ,decision making and evaluation) and approaches to management: Classical, Human relation and system
- Structure of education management in India and in states
- Management of resources:Material resource,general class room equipments; school building, library, laboratory ,assembly hall play ground and surroundings of school ;Human resource -organizational climate in school, Professional development of teachers-Self learning, reflective practices, orientation, seminars and colloquium
- Management of teaching learning context:C;assroom,Time, curricular and other curricular activities.
- Total quality management

Unit-IV: Leadership: Concepts, Traits and Styles

- Leadership: Concept, types-administrative and instructional
- Leadership traits: responsible, self disciplined, innovative, imaginative, good at organization, correct in judgment, visionary etc.
- Educational administration leadership skills: Decision making, Planning and Co-Ordinating, Communicating, Evaluating and Feedback
- Styles of educational leadership: autocratic, Laissez-faire and democratic

Suggested Activities

- Read school development plan of elementary schools and prepare reflective notes on it.
- Prepare report after collecting views of SMC members about their contribution to school improvement.
- Critically analyze district educational planning of your district.
- Interact with five HMs/Principals of nearby schools and prepare a report management of material and human resources.
- Make a case study on a successful HM/principal of a school; Leadership quality and styles

SEMESTER-I**PE 1: Basics in Education**

| | |
|--|--|
| Semester-1 | Credits-4 |
| Total Marks:100 (Internal: 20 External: 80) | Contact Hours: 4 hours per week |

Introduction

India, as a country and society has been in transition and has evolved as the melting pot for various diversities including religious, cultural, socio-economic, linguistic, geographical, regional and philosophical thoughts operating through maturing democratic system of interactions and governance. The country administered through rule of law and the constitution embodies the aspirations for our evolution as a cohesive society and a strong and leading nation in the world community. The continuing evolution of our egalitarian society and peaceful transformation of the nation needs to be understood by the student teachers. This will enable them to effectively discharge their role in the society with numerous diversities. The teachers are also required to understand the role of education as an intervention tool for desired changes in the country and also to appreciate the influence of social set-up on education in which it operates.

Objectives:

The course will enable the student teachers to;

- Analyse and understand educational concepts, their premises and contexts that are unique to education
- Understand meaning, nature and process of education from oriental and western perspectives
- Understand philosophical, psychological and sociological foundations of education
- Understand and appreciate educational thoughts of Indian and Western philosophers
- Understand education as sub system of social system and its impact on the sub systems of society

Unit-I: Education: Meaning, Process and Purpose

- Education: derivational meaning, broad and narrow meanings, Oriental and western views on education
- Nature and process: Bipolar, tri-polar and multi-polar; Schooling and life-long process
- Modes: Formal, Informal and Non formal
- Purpose: individual and social; determinants of aims of education; aims of education as per the SEC (1952-53), Education Commission (1964-66) and NPE,1986

Unit-II: Foundation of Education

- Philosophical: Relationship between philosophy and education; Aims of education, curriculum, pedagogy, and school organisation with reference to Idealism, Naturalism and Pragmatism.
- Sociological: Relationship between sociology and education; Implications of sociology for aims of education, curriculum, pedagogy and school organisation.
- Psychological: Relationship between psychology and education; Implications of psychology for curriculum and pedagogy.

Unit-III: Educational thinkers and their contributions

- Educational thoughts of Mahatama Gandhi, Rabindranath Tagore and Shri Aurobindo: their relevance to education.
- Educational thoughts of Rousseau, Plato and Dewey: their relevance to education

Unit-IV Education, Society ,Culture and Natioanl Development

- Social system: education as sub system of social system and their inter relationship;Social change; Meaning, dimensions and role of education for social change
- Education and Modernization: Meaning, nature and role of education for modernization

- Education and culture: Meaning and role of education for conservation, transmission and promotion of culture. Education as process of acculturation and enculturation
- Education and human resource development, Education for inclusive development.

Suggested Activities

- List different non-formal agency of education available in your locality and prepare report on objectives, process and relevance for school education.
- Reflect on the aims of education as per the report of Secondary Education Commission, Indian Education Commission, National Policy on Education (1986).
- Prepare a report on reflections of philosophical, sociological and psychological foundations on school curriculum, organization, textbook, methods of teaching.
- Reflect on similarity and differences between educational ideas of Indian philosopher and Western philosophers.
- Observe society (rural and urban) and prepare report on cultural influence on educational practice
- Critically analyse nearby locality on criteria of inclusive development and suggest strategy for it.

EPC.1 Understanding ICT and Its Application

| | |
|---|-------------------------------------|
| Semester-I | Credit-2 |
| Marks 50 Internal(10) External(40) | Contact Hours- 2hrs.per week |

Introduction

Preparing teachers to use technology in a classroom is an important step for ICT enabled education in the country. The present course focuses on moving beyond computer literacy and ICT-aided learning, to help student-teachers interpret and adapt ICTs in line with educational aims and principles. It explores ICTs along three board strands; teaching-learning, administrative and academic support systems, and broader implications for society. The course will help student-teachers explore comprehensively through the resource reflect critically and act responsibly. It will show student-teachers how ICTs can be adapted to support decentralized structures and processes as well as build the ‘digital public’ to make education a participatory and emancipatory process.

Objectives

The course will enable the student teachers to;

- Appreciate the historical development of various educational media.
- Demonstrate understanding of the main components of the computer hardware in use.
- Use various digital technologies (hardware and software) for creating resources and enhance learning experiences for all types of learners (including differently abled).
- Use various ICTs for project based/problem based constructivist learning environment
- Explain the role of ICT in authentic and alternative assessment
- Understand the social, economic, and ethical issues associated with the use of ICT

Unit I: Introduction to Information and Communication Technology

- Information and Communication Technology: Evolution, meaning, nature and application in education
- Hardware Fundamentals: Computer hardware fundamentals (anatomy, input devices, output devices, storage devices, display devices), types of computers and Computer Network; Use of digital camera, mobile, recorder, scanner, printer, interactive white board, visualizer, and multimedia projector for creating and using multimedia resources
- Software Fundamentals: Software – Meaning and types; System software and Application software. Introduction to office applications (Word processing, Spreadsheet Presentations, Databases, Drawing tools, Multimedia tools, File formats and conversion, utility tools

Unit II: ICT and Pedagogy

- Approaches to integrating ICT in teaching and learning: Technological Pedagogical Content Knowledge (TPCK)
- Determine appropriate ICT and design a learning plan for a topic; Exploration of ICT resources for teaching learning.
- ICT for Pedagogical Innovations
Development of e-content; Meaning, process and applications
Web Quest and virtual field trips: Concept, process, and use in the classroom
Open Educational Resources; Meaning and importance, various OER initiatives
- Assistive technology for children with special needs: Tools and processes; Universal Design for Learning (UDL)
- Role of CIET/SIETs for Integrating ICT in Education; e-pathashala, NROER, MOOC

Unit III: Use of ICT in Assessment and Management

- ICT and Assessment
Electronic assessment portfolio – Concept and types; e-portfolio tools
Creating and using electronic rubrics for assessment

Online and offline assessment tools – Rubrics, survey tools, puzzle makers, test generators, reflective journal, question bank

ICT applications for CCE

- ICT and Management

MIS systems for educational management

ICT for personnel management: e-mail, task, events, diary, networking

ICT for educational management: Scheduling, record keeping, student information, electronic grade book, connecting with parents and community

Computer security: Privacy, hacking, virus, spy ware, misuse, abuse, antivirus, firewall, and safe practices

Field Work: Visit to EDUSAT Center/ICT Studio/NIC

Suggested activities:

- Analysis of school textbook and identify suitable ICT for teaching learning
- Developing ICT integrated lesson plan in any school subject
- Surfing and collecting OER materials relating to school education
- Developing e-portfolio and rubrics

Suggested Readings

- Ahmad, J., Ahmad, M.S. and Khan, A. (2012), *Computer Applications in Education*, Neelkamal Publication, Hyderabad, PP-288, ISBN: 978-81-8316-293-7.

SEMESTER-II
PE 2: Childhood and Growing Up

| | |
|---|--|
| Semester-II | Credits-4 |
| Total Marks:100 (Internal:20 External: 80) | Contact Hours: 4 hours per week |

Introduction

Human being develops through layers of multiple complex processes starting even before birth. All minute phases of growth and development present interesting avenues of learning. This course introduces student teachers to the study of childhood, child development and adolescence. The main focus in this course is to enable student teachers to have an understanding about childhood as constructed within socio-cultural realities existing in their lived contexts; family, schools, neighborhood and community. The student teachers will learn about concept of adolescence in realistic and contextual frames, theories of child development, childhood and adolescence as developed at different socio-economic and cultural settings and will also learn to situate. The course also addresses issues and concerns of adolescents in Indian situation. The course also highlights why it is essential for every teacher to understand human development at different phases.

Objectives

The course will enable the student teachers to;

- Understand concept of growth and development, factors influence development and individual difference in individuals
- Develop understanding of the role of socio-cultural context in shaping human development, especially with respect to the Indian context.
- Develop theoretical perspectives and understanding of dimensions and stages of human development and developmental tasks.
- Develop understanding on stages and dimensions of development, views of Erickson, Piaget and Vygotsky on development
- Conceptualise nature of memory, transfer of learning, motivation and creativity and process of its development during growing up
- Understand nature of adolescence and life skills education and role of teacher counselor and parents in dealing with adolescence problems.
- Understand the nature of child abuse, substance abuse, peer pressure and its bearing on childhood and adolescence

Unit I: Child as a Developing Individual

- Growth and Development: concept, principles and characteristics; Development and maturation.
- Factors Influencing Development: Development as a result of interactions between individual-potential and external environment (physical, socio-cultural, ecological, economic and technological).
- Individual differences: Concept and Types (intra and inter); Implications of individual differences (biological, physical, emotional, cognitive, social and moral) for organizing educational programmes (Curricular, Other Curricular, School and Classroom climate building)
- Understanding child in home and school context; Case study

Unit II: Development during Childhood and Adolescence

- Stages and Dimensions of Development: Stages- Childhood and adolescence (early and late); Dimensions- physical, social, emotional, cognitive and moral development;
- Developmental tasks during different stages facilitating holistic development (individual and social).
- Erickson's views on psychosocial development and Kohlberg's views on moral development
- Cognitive and language development: cognitive developmental stages of Piaget; Vygotsky's theory of concept and language development; language development theory of Chomsky

Unit-III: Memory, Motivation and Creativity during Growing up

- Memory: Meaning, Types; Sensory , working and long term, strategy for developing memory
- Transfer of learning: Meaning, nature, types and role of teacher for promoting positive transfer of learning

- Motivation: Meaning, nature and techniques of motivating learners. Developing self-motivation.
- Creativity: Meaning, nature and strategies for nurturing creativity

Unit IV: Understanding Adolescence Education

- Adolescence Education: Concept, Nature and Importance
- Peer pressure: Meaning, importance, consequences and strategies
- Life skill education for adolescents: Meaning, importance, different life skills and strategy for developing life skills
- Role of teacher, counsellor and parents in dealing adolescence problems

Suggested Activities

1. Observe children during their playtime in your practicing school (or nearby school) for a week; observe their play activities, relationships, communication with their peers. On the basis of that prepare a report about understanding childhood.
3. Observe and interact with ten adolescent children living in different contexts (rural areas, urban slum, dalit household, urban area, and working/street people) and compare their lifestyle and problems.
4. View any two movies out of the following : 1. Smile Pinky (2008), 2. Born into Brothels (2014), 3. Salaam Bombay (1988), 4. Slumdog Millionaire (2009), 5. Gippie (2013) and 6. Mehek (2007). Discuss their content, picturization, characters and messages in the context of issues and concerns of childhood/adolescence
5. Collect five folk tale/stories/indigenous games from children told by elders from nearby community. Discuss them in your class.
6. Compile a status of Adolescence population and academic profile for the last 5(five) years and make a presentation in a seminar mode (focus area can be chosen from any specific component such as: disability, girl student, tribal, Muslim girls etc).

Suggested Readings

CPS.1: Language across the Curriculum

| | |
|---|--|
| Semester-II | Credit-2 |
| Marks 50 Internal(10) External(40) | Contact Hours- 2hrs. per week |

Introduction

The role of languages across the curriculum is being increasingly recognized. We need to understand that language education is not confined to the language classroom. A science, social science or mathematics class is *ipso facto* a language class. Learning the subject means learning the terminology, understanding the concepts, and being able to discuss and write about them critically. Language is the medium for comprehending ideas, for reflection and thinking, as well as for expression and communication. Enhancing one's faculty in the language of instruction is thus a vital need of student-teachers, irrespective of the subject areas that they are going to teach. No matter what the subject, teaching cannot take place in a language-free environment. Assumptions about the language and literacy background of students influence classroom interactions, pedagogical decisions and the nature of students' learning. It is important to understand the language background of the students and know how oral and written language can be used in the classroom to ensure optimal learning of the subject area.

This course is visualized to create sensitivity to the language diversity that exists in the classrooms; understanding the language background of students, as first or second language users of the language used in teaching the subject. The focus is to help student-teachers understand the nature of classroom discourse and develop strategies for using oral language in the classroom in a manner that promotes learning in the subject area as well as to develop critical reading comprehension in the content areas, informational reading and developing writing in specific content areas with familiarity of different registers.

Objectives

The course will enable the student teachers to;

- Understand the language background of students.
- Understand the nature of classroom discourse.
- Understand the nature and need of communication skills including reading and writing

Unit I: Concerns for Language in Curriculum

- Varied language contexts of the learners: dialect, regional varieties and standard language
- Understanding multilingualism in the classroom : challenges and strategies
- Home language and school language

Unit II: Language and Curriculum Transaction

- Classroom Discourse: strategies for using oral language in the classroom
- Discussion as an approach for learning: mode (participatory, interactive, collaborative)
- Questioning and classroom discussion-importance and relationship

Unit III: Developing Communication Competencies: Reading and Writing

- Reading school texts (Language, social science, science, mathematics): expository texts vs. narrative texts; transactional text vs. reflective texts.
- Reading strategies — scanning, skimming and reading for extracting information
- Forms of Writing: note taking, note making, summarizing; writing with purpose
- Analyzing students' reading and writing; developing reading and writing competencies

Suggested Activities

- Preparation of a report on diversity of languages in a classroom and connect it with classroom discourse.
- Re-telling the text - in one's own language from different points of view and narrating / describing a related account from one's life experience.
- Choose a few words from different texts of content areas and give examples how similar word / language can be used in different context to convey the meaning.

- Critical reading for attending to 'framing' of the article, point(s) of view presented, possible biases or slants (small group discussion)
- Writing articles/reports on topics related to content areas and current issues.

Suggested Readings:

SEMESTER III
PE 3: Learning and Teaching

| | |
|---|--|
| Semester-III | Credits-4 |
| Total Marks:100 (Internal:20 External: 80) | Contact Hours: 4 hours per week |

Introduction

This course brings together the perspectives from many other courses and draws upon theoretical understanding from psychology, philosophy, sociology and language learning. It provides an opportunity to student teachers to reflect on and critically analyze notions of learning and teaching on the basis of their own experiences and to move beyond them. Student teachers will understand various theories of learning. They will engage theoretically and through observation with the notion of learning as construction of knowledge. The student teachers will also critically analyze and discuss complex nature of teaching. They will analyze teaching as a profession and will reflect on how to teach effectively in a diverse classroom.

Objectives

The course will enable the student teachers to;

- Develop an understanding about the differential learning needs of the learners with regard to abilities, learning styles, socio-cultural differences, language, and learning difficulties.
- Differentiate learning as transmission and reception Vs. learning as construction
- Understand different theoretical perspectives of learning including the constructivist perspective
- Understand nature and strategy of meaningful and concept learning, role of multiple intelligence in it.
- Develop understanding about teaching as profession

Unit I: Understanding Learning

- Meaning and nature: learning as process and outcome
- Understanding learning styles of students at elementary and secondary levels; Its implications for teachers
- Different viewpoints on learning and their classroom implications: Behaviourist (Skinner), Cognitivist (Piaget), Humanist (Roger) and Constructivist (Piaget and Vygotsky)
- Factors affecting learning: individual differences, conditions of learning and methods.

Unit II: Learning in ‘Constructivist’ Perspective

- Learning as ‘construction of knowledge’ and learning as ‘transmission and reception of knowledge’- differences
- Understanding processes facilitating ‘construction of knowledge’: Experiential learning and Reflection, Social mediation, Cognitive negotiation, Situated learning and Cognitive apprenticeship, Meta-cognition.
- Facilitative learning environment: teachers’ attitude, expectation- enhancing motivation, positive emotion, self-efficacy, collaborative and self-regulated learning.

Unit III: Meaningful and Concept Learning

- Meaningful learning: Nature and characteristics, Views of Ausubel and Bruner; Facilitating meaningful learning in and outside school-strategies and role of teacher
- Gardner’s theory of multiple intelligence: Implications for meaningful learning
- Learning as meaning-making: concept, process, learner as meaning maker-characteristics of the learner; role of inquiry in meaning making
- Concept Learning: Meaning, prototypes and exemplars: strategies for teaching concepts-concept map.

UNIT-IV: Teaching and Learning

- Teaching: Meaning and Nature-Teaching as Instructing Vs. Teaching as facilitating learning, teaching as empowering learners, Phases of teaching: preactive, interactive and post active; levels of teaching-memory, understanding and reflective; Models of Teaching- information Processing Models,. Personal Models, Social Interaction Models and . Behaviour Modification Models
- Characteristics of effective teachers : content knowledge, pedagogical knowledge and technological knowledge, professional attitude, reflective practice
- Action research: meaning, nature and importance for improvement of teaching learning process
- Teacher's professional ethics and accountability- meaning, importance and dimensions; recommendations of NPE 1986/92, RTE Act 2009; strategies for ensuring teacher accountability

Suggested Activities

- Visit to nearby schools (at least four different schools). Observe teaching learning process in some classrooms for few days. Make records and prepare a presentation highlighting various kinds of learning and teaching which you observed there.
- Observe a class in your practising school for few days and prepare a note highlighting how teachers addressed the learning needs of different learners. Give examples with respect to gender, inclusion, culture and language.
- Prepare concept maps on pedagogy subject, teach in school and write a reflective note on how it helps learner.
- Read few diaries written by teachers, analyse their text in the context of teaching activities.
- Interact with your peers and few teachers. Discuss whether teaching is a profession and prepare a report on the basis of their perception.
- Interact with few teachers in a nearby school and discuss with them the relevance of training they received with respect to the classroom teaching.

Suggested Readings

PE.4: Schooling, Socialization and Identity

| | |
|---|--|
| Semester-III | Credits-4 |
| Total Marks:100 (Internal:20 External: 80) | Contact Hours: 4 hours per week |

Introduction:

Schools, apart from transmitting curricular knowledge and skills, serve as crucial sites for processes of socialization and transmission of value frameworks that are more often than not, unexamined. Schooling may thus be seen as a key ingredient in the socialization of the young. This socialization ultimately contributes to and results in the formation of identity. However, children who attend school have, already, been socialized into certain value frame by the time they enter school. The value-frame, sense of self, and identity imbibed by the child at home and in the wider society, interacts in complex ways with school and its socialization processes, more often than not being in conflict. This is furthermore also true of adult learners who join teacher education. Therefore, this course, precisely, intends to analyze and critique the way self and its identities are constructed through socialization process within as well as outside the school. In the process of analyzing the self and identity critically, the course deliberately brings in the social categories such as, caste, class, gender, religion, as well as other factors that are at work in constructing the self and identity of individuals and collectives.

Gender is a social construct that impacts attitudes, roles, responsibilities and behavior patterns of an individual in societies. Gender relations vary from society to society. Gender determines power relations in multicultural societies like India. It deals with human concerns encompassing diversities and differences. It has been the most visible form of discrimination operating across cultures in developing societies.

Further, the course intends to provide opportunities to contest the value frame emanating from these processes of socialization. An understanding of the multiple processes that form the self and identity ought to result in a capacity to reflect on one's own self and identity, putting this under critical scrutiny. In becoming conscious of the many factors that influence identity and self, the student-teachers should become more sensitively aware of these and begin to 'free' themselves from limiting conceptions of self and identity, thus becoming proactive in shaping their own identities as 'teachers' and 'professionals'.

Objectives

The course will enable the student teachers to;

- Reflect critically on factors that shape identity formation and influence sense of self of the growing 'student' as well as 'teacher' in school as well as in out of school situations
- Understand the processes that have shaped/continue to shape one's own sense of identity as 'student' and a 'person' located in multiple social contexts and roles
- Develop basic understanding and familiarity with key concepts-gender, gender bias, gender stereotype, empowerment, gender parity, equity and equality, patriarchy and feminism and transgender
- Understand the need to address gender based violence in all social spaces and evolve strategies for addressing it.
- Critically aware of 'self' and 'identity' and 'free' oneself through self-understanding, from tendencies that lead to crystallizing and limiting of one's identity as a teacher and a human being.
- Reflect on one's aspirations and possibilities in order to develop a growing sense of agency as a 'teacher', a 'professional', as well as a 'human being'.

Unit I: Socialization and Development of Self

- Socialisation: Meaning nature and process
- Role of social institutions :Family- impact of parenting style/child rearing practices, family culture and values; Community-neighbourhood, extended family, religious groups and their socialization functions; School- School as a social institution; value-formation in the context of schooling;
- Interface between family, community and school; inter-linkages within wider socio-cultural context

- Development of self: Meaning of self, dimensions and impact of socialization.

Unit II: Emergence of ‘Person’ and ‘Identity’

- Understanding ‘identity formation’: emergence of multiple identities in the formation of a person placed in various social and institutional contexts; the need for inner coherence; managing conflicting 'identities'.
- Determinants of identity formation in individuals and groups: Social categories such as caste, class, gender and religion
- The influence of peer group, media , technology, and globalization on identity formation in contemporary society

Unit III: Socialization Processes: Gender, School and Society

- Gender Bias, Gender Stereotyping and Empowerment of women
- Equity and Equality in Relation with Caste, Class, Religion, Ethnicity, Disability and Region.
- Gender Identities and Socialization Practices in different types of families in India.
- Assertion of identities, oppression, conflict and violence ;Addressing sexual abuse in family, Neighborhood and School and in other formal and informal institutions

Unit IV: Evolving Identity as a Teacher

- Teacher’s ‘professional identity; Meaning and various dimensions
- Choosing to be a teacher: Role of family, community, schooling
- Teacher identity formation: Role of pre-service and in-service teacher education programmes
- The impact of one’s own socialization processes; awareness of one’s own shifting identities as 'student', ‘adult’ and 'student teacher', and influences that have acted/continue to act on oneself
- Reflections on one’s own aspirations and efforts in becoming a ‘teacher’

Suggested Activities

- Group work and discussion on the influence of peer group, media message, technology, and globalization on identity formation in contemporary society
- Group work and discussion on the factors that contribute positively and negatively in the development of teacher identity
- Organize Debates on Equity and Equality cutting across Gender, Class, Caste, Religion, Ethnicity Disability and Region.
- Prepare a project on Issues and Concerns of Transgender.
- Collection of Folklores reflecting Socialization Processes and its Influence on Identity formation.
- Project on Women Role Models in various fields with Emphasis on Women in Unconventional Roles.
- Visit to organizations connected with peace and inter cultural harmony and aesthetic appreciation to experience peace as reality and submission of report.
- Developing action plan for peace in self, home, school and community.

SEMESTER-IV

PE 5: Assessment for Learning

| Semester-IV | Credits-4 |
|---|--|
| Total Marks:100 (Internal:20 External: 80) | Contact Hours: 4 hours per week |

Introduction

This Course – as its title suggests - proposes that teacher-learners become conscious of the distinction between assessment *for* learning and assessment *of* learning. Whereas both have their place in school education, a constructivist paradigm indicates a shift in emphasis towards the former. The course intends to enlarge current perspectives on assessment and evaluation, and enable teacher-learners to view student learning along multiple dimensions. It brings a specific focus on assessment of subject-based learning, as well as processes of feedback and reporting, which are among the core competencies needed by teachers. A critical review of the examination system and the assessment practices that derive from this is also felt to be a necessary component of the course; so that teacher-learners may learn to evolve more flexible and richer forms of assessment, even as they respond to current examination practices.

Assessment (and evaluation) is integral to school education and more specifically to teaching-learning. Since education in schools presupposes certain aims and objectives, it is crucial for teachers to be aware of how the progress and growth of students is to be assessed. This in turn implies that teachers become cognizant of

what dimensions of growth or learning are to be assessed, what means are available to them for this purpose, and what effects are likely to flow from various kinds of assessment.

Objectives

The course will enable the student teachers to;

- Understand the nature, purpose and types of educational assessment and evaluation.
- Develop and use different types of tools and techniques for continuous and comprehensive assessment of learning in the school situation.
- Explain the importance of assessment for learning and its processes for enhancing the quality of learning and teaching
- Analyze the trends and issues in learning and learner assessment.
- Analyze and interpret results of the assessment using elementary statistical methods.

Unit-I: Assessment, Evaluation and Learning

- Assessment and Evaluation: Meaning, purpose of assessment (improving learning and teaching); purpose of evaluation (placement, diagnosis, promotion, certification, providing feedback); Interrelationship between assessment and evaluation
- Classification of Assessment based on Purpose (Placement, Formative, Diagnostic, and Summative), Scope (Teacher-made, Standardized), Attributes Measured (Achievement, Attitude, Aptitude etc.), Nature of Information gathered (Qualitative, Quantitative), Mode of Response (Oral, Written and Performance), Nature of Interpretation (Norm-referenced and Criterion-referenced), and the Context (Internal, External).
- Continuous and Comprehensive Assessment: Assessment of Learning, Assessment for Learning, and Assessment as Learning; CCA vs CCE, Mode of assessment: formative and summative; continuous and comprehensive; culture responsive
- Tools and techniques: Formal (testing, observation schedules, video recording etc.), Informal (taking notes, Interviewing, Participant observation etc.) methods, use of testing devices (achievement test, diagnostic test, proficiency test etc) and non-testing devices (assignment, projects, reflective journals, portfolio etc), use of multiple methods and tools (situation specific combinations)

Unit-II. Construction of Test and Use

- Planning the test: Development of table of specifications (blueprint)
- Preparing the test: principles of preparing test items-objective based items-Extended and Restricted response types, Objective type items (free response type-short answer and completion; fixed response type- matching, forced/alternate choice, multiple choice); Assembling and editing the items
- Administration of the test and analysis of students' performance; Preparation of report and its use in enhancing learning.

Unit-III: Issues in Assessment and Policy Provisions

- Current practices: Over-emphasis on Summative Assessment (Periodic and common/year-end examinations) and marking; competitive examination-its adverse effects on learners, education system and society
- Issues and Problems : Marking vs. Grading, objectivity vs. subjectivity, Close-ended vs. Open-ended test items, relative neglect of non-cognitive aspects, non-use of diverse methods and tools for assessing diverse learners
- Policy perspectives: Recommendations of NPE 1986/92, NCF-2005, RCFCE Act 2009; Non-detention policy and its implications for assessment and quality of learning
- Emerging practices in assessment – online assessment, participatory assessment, Self and peer assessment; Feedback mechanism: Reporting to students and parents-need and modes, feedback for teachers, role of community in CCA for assessment of learning

Unit-IV: Elementary Statistics in Evaluation

- Raw score
- Tabulation and Frequency distribution

- Graphical representation of data
- Measures of central tendency (mean, median and mode), dispersion (range, quartile deviation and standard deviation) and their uses in evaluation
- Standard scores; T score, Z score, percentile and their uses
- Correlation: Meaning, types (product moment and rank difference), calculation and uses

Suggested Activities

- Preparation of 50 objective-based items, at least 5 from each type of test items in any school subject.
- Construction of an achievement test on any topic (carrying 25 marks), its administration and interpretation of the results.
- Preparation of a plan for CCA activities for any class during an academic session.
- Appraisal of current CCA practices in the secondary schools.
- Analysis of examination marks obtained by the students in any subject in a class and preparation of a report for sharing.

Semester-IV

PE 6: Creating an Inclusive School

| Semester-IV | Credits-2 |
|--|--|
| Total Marks: 50 (Internal: 10 External: 40) | Contact Hours: 2 hours per week |

Introduction

The diversity in society is a fact and the reflection of it in the school is natural. Traditionally these diversities were considered as inability of the individual to be able to meet the requirement of the school/classroom. Now diversities are considered as imposed by the hurdles created by the society. Similarly the difficulties of students to learn in the classroom are due to the expectation of the system, architecture of the building and classroom, design of teaching and many other related factors. The

philosophy underlying this course is that every student is unique and each one has the potentiality to learn. The management of individual difference is a social responsibility which a school has to accept. Creating a learning environment to provide opportunity to participate fully in the process of learning is the task for a teacher. This is an effort with an intention to develop a mindset in the teacher which results in accepting 'all' children in the class as his/her responsibility. This is a small beginning to a teacher towards a major shift towards change in the system and society. With this course it is expected that the teacher will understand student who is 'different' in the class as 'unique' who needs the input and attention like other students. The modalities of transaction will include case studies and interactions with eminent speaker, group discussions, book reviews, self-learning, ICT based teaching learning, visits to various schools (special, integrated and inclusive) and institutions (national and regional centers), viewing relevant documentaries and films, critical analysis and reflections

Objectives

The course will enable the student teachers to;

- Understand the meaning and significance of Inclusive education
- Gain knowledge on Policy and legislative frameworks promoting inclusion
- Learn to create inclusive classrooms using inclusive pedagogy (teaching strategies, CCE)
- Understand the linkages and collaborations for resource mobilization.

Unit I: Understanding Inclusion in Education

- Concept of inclusion in education: need and importance; paradigm shift from segregation to inclusion
- Inclusive school: concept and characteristics
- Policy perspective: Initiatives to promote inclusive education- equity and equality
- International Focus: Salamanca 1994, UNCRPD, EFA (MDG)
- National Focus: Constitutional obligations for education of diverse groups, RTE 2009, NPE, 1986-92, PWD Act 1995 and revised PWD Bill 2012, NCF 2005 and NFG paper, SSA, RMSA, National Commission on Minority Education Institutions(NCMEI), National Commission for Education of SC, ST
- Educational concessions, facilities and provisions.

Unit II: Understanding Diversity for Inclusive Education

- Diversity due to disability (Nature, Characteristic and Needs)
- Special needs of children with sensory disabilities,
- Special needs of children with cognitive disabilities
- Special needs of children with physical disabilities
- Girls with disabilities, multiples disabilities
- Diversity due to socio- cultural and economic factors:Special needs of children arising due to language difference, gender, class, caste, religion and other factors

Unit III: Addressing Diversities in Inclusive Set Up

- Curricular Issues: Content, Relevance and contextualization; Curricular process; managing inclusive classroom; Assessment
- Promoting gender equality through education
- Learning and learners: support/assistive and adaptive devices, ICT use; Universal Design for Learning (UDL)

Suggested Activities

- During the field visit, observe the teaching learning processes, infrastructure available and assess the nature of inclusive indicator/practices. List the existing challenges and factors that promote inclusive practices. Please give justifications.

- Prepare the need profile of all children in a class. Critically analyze the profile prepared for establishing relation between students' needs and their abilities/disabilities. Identify relationship between students' needs and their socio-economic and educational status.
- Adapt at least one pedagogical practice studied in the pedagogy course and suggest ways to make it appropriate for addressing the needs of all learners in the class.
- Study the assessment and evaluation practices being followed in a school. Critically reflect on the practices in the context of inclusive education.
- Review the characterization of challenged persons/children in the popular media. If possible draw correlations between popular myths and current beliefs and media representations.
- Visit a nearby special, inclusive and regular school. Make observations in terms of time table, teaching learning activities, infrastructure, child to child interaction and parental support. Compare the practices.
- Carry out interaction with the regular teachers and ascertain the current challenges for promoting inclusive education. Try to collect their opinion on the subject. Talk to at least 25 teachers.
- Is inclusion a new concept? Find evidence of inclusion in Vedic era and trace the journey to modern times. Think. Reflect and Discuss.

SEMESTER V**CPS 2: Pedagogy of First Language (Odia/Hindi/Bengali) (Part – I)**
(Question Paper will be prepared separately for each Language)

| | |
|--|--|
| Semester-V | Credit-4 |
| Marks 100 (Internal 20 External 80) | Contact Hours- 4hrs. per week |

Introduction

The two year B.Ed syllabus for pedagogy of Odia/Hindi/Bengali language has been designed in the light of the new approaches and regulations of NCTE 2014. The course expects the teacher to look at school education in a holistic manner. The present syllabus for Odia/Hindi/Bengali language teaching and learning has been designed keeping in view the linguistic, cultural and social diversity of our country. As per the shift in how NCTE envisaged teacher has been viewed as a facilitator to help learners construct their knowledge and enhance creativity. The teacher should be able to participate meaningfully to transact the syllabus and textbooks effectively along with teaching-learning materials. Therefore, it is envisaged that the teacher is well versed not only with the subject content but also with the pedagogy of learning.

Objectives

The course will enable the student teachers to;

- Understand the different roles of language
- Understand the use of language in context such as grammar and vocabulary;
- Identify methods, approaches and materials for teaching English at various levels in the Indian context;
- Develop activities and tasks for learners including audio-video materials, ICT and Internet
- Understand the process of language assessment

Unit I: Language and Linguistic Behavior

- Language as a system : symbols and levels (substance, forms and context) of language
- Importance, nature and functions of language
- Linguistic behaviour with reference to language skills – types (receptive Vs. productive; input vs. output) and their independence and interdependence
- First Language(Natural/Native/MT): Meaning, Importance and characteristic
- Linguistic structure and aspects of First language(Odia/Hindi/Bengali) – phonological, morphological, syntactic and semantic.

Unit II: Acquisition and Learning of First Language

- Difference between language acquisition and language learning: Difference between first language acquisition and learning with reference to their meaning and process.
- Approaches/Theories of First Language Acquisition(FLA): Behaviourist(Watson & Skinner), Nativist/Mentalist(N.Chomsky) and Social Interactionist(Piaget & Vygotsky)
- Factors influencing FLA: Age, Language input, Language anxiety, Language aptitude, Language ego & motivation.
- Language input rich classroom environment facilitating language acquisition and language learning

Unit III: Odia/Hindi/Bengali as First Language in School Curriculum

- Policies and provisions relating to languages: Article 343-351,350A; NPE-1968, NPE-1986; POA 1992; National Curriculum Framework-2005.
- Importance and place of first language at different stages in school curriculum: compulsory subject, medium of instruction and examination etc.
- Objectives of teaching first language at elementary and secondary levels with reference to NCF 2005.
- Current challenges of teaching – learning first language in schools: multi-lingual context, language background of the learners, syllabus and textbooks, classroom transaction mode and teacher quality.

Unit IV: Developing language skills in First Language(Odia/Hindi/Bengali)

- Listening and Speaking: Sub skills, types and forms

- Activities for developing listening and speaking skills: storytelling, dialogues, situational conversations, role plays, simulations, speech, games, contexts etc.
- Facilitating integration of listening and speaking skills while using first language in real life situations
- Reading: Sub skills; kinds – reading aloud and silent reading, extensive and intensive; Study skills: meaning, strategies for developing study skills – use of thesauruses, dictionary, encyclopedia etc.
- Writing: Mechanics of writing, methods of teaching writing at elementary and secondary levels: Formal and Informal writing: creative writing (short story, poem), reflective writing (essay, articles), letter, diary, notices, reports, dialogue, speech etc.

Suggested Activities

- Prepare a questionnaire, interview ten people and write a report on ‘English Language in India’.
- Prepare activities for listening, speaking for different levels.
- Prepare activities for reading and writing for different levels.
- Prepare a report on the challenges faced by the teachers and the learners in the teaching-learning process.
- Visit 5 schools in the neighbourhood and prepare a report on the three language formula being implemented in the schools.
- Do a comparative study of positive features and weaknesses of different methods and approaches to language learning.
- Keeping in view the needs of the children with special needs prepare two activities for English teachers.
- Prepare 4 activities keeping in view ‘Constructivism in a Language Classroom’.

Suggested Readings

- National Curriculum Framework 2005; NCERT, December 2005.

CPS 2: Pedagogy of Language (English) (Part-I)

| | |
|--|--|
| Semester-V | Credit-4 |
| Marks 100 (Internal 20 External 80) | Contact Hours- 4hrs. per week |

Introduction

The two year B.Ed syllabus for pedagogy of English language has been designed in the light of the new approaches and regulations of NCTE 2014. The course expects the teacher to look at school education in a holistic manner. The present syllabus for English language teaching and learning has been designed keeping in view the linguistic, cultural and social diversity of our country. It is important that English language teaching and learning is not situated in an entirely western framework, but rather is taught through a contextually rich local perspective. English needs to be learned in the multilingual context and not in isolation. As per the shift in how NCTE envisaged teacher has been viewed as a facilitator to help learners construct their knowledge and enhance creativity. The teacher should be able to participate meaningfully to transact the syllabus and textbooks effectively along with teaching-learning materials. Therefore, it is envisaged that the teacher is well versed not only with the subject content but also with the pedagogy of learning.

Objectives

The course will enable the student teachers to;

- Understand the different roles of language
- Understand the use of language in context such as grammar and vocabulary
- Identify methods, approaches and materials for teaching English at various levels in the Indian context
- Develop activities and tasks for learners including audio-video materials, ICT and Internet
- Understand the process of language assessment

Unit I: Language and Linguistic Behavior

- Language as a system : symbols and levels (substance, forms and context) of language
- Importance, nature and functions of language
- Linguistic behaviour with reference to language skills – types (receptive Vs. productive; input vs. output) and their independence and interdependence
- Factors affecting language skills in L2
- Linguistic structure and aspects of English language – phonological, morphological, syntactic and semantic.

Unit II: Acquisition and Learning of Second Language

- Difference between language acquisition and language learning
- Psychology of language acquisition and learning – behaviouristic, cognitive and constructivist views.
- Language acquisition and language learning in L2- meaning and process
- Language context and input rich classroom environment facilitating language acquisition and language learning
- Challenges of teaching – learning of L2 in Indian context.

Unit III: English as L2 in School Curriculum

- Policies and provisions relating to languages: Article 343-351,350A; NPE-1968, NPE-1986; POA 1992; National Curriculum Framework-2005.
- Importance of English language in India and the world today. Official language, language of judiciary, trade and commerce, press and media, communication, link language (national and international), library language, passport for employment, language of ICT etc.
- Importance and place of English in school curriculum: compulsory subject, medium of instruction and examination etc.
- Objectives of teaching English at elementary and secondary levels with reference to NCF 2005.
- Current challenges of teaching – learning English in schools: multi-lingual context, language background of the learners, syllabus and textbooks, classroom transaction mode and teacher quality.

Unit IV: Developing Language Skills in English

- Listening and Speaking : Sub skills and types
- Activities for developing listening and speaking skills: storytelling, dialogues, situational conversations, role plays, simulations, speech, games, contexts etc.
- Facilitating integration of listening and speaking skills while using English in real life situations
- Reading: Sub skills; kinds – reading aloud and silent reading, extensive and intensive, Study skills: meaning, strategies for developing study skills – use of thesauruses, dictionary, encyclopedia etc.
- Writing: Mechanics of writing, methods of teaching writing at elementary and secondary levels: Formal and Informal writing: creative writing(short story, poem), reflective writing (essay, articles), letter, diary, notices, reports, dialogue, speech, advertisement etc.
- Reference skills and Higher order skills in reading and writing.

Suggested Activities

- Prepare a questionnaire, interview ten people and write a report on ‘English Language in India’.
- Prepare activities for listening, speaking for different levels.
- Prepare activities for reading and writing for different levels.
- Prepare a report on the challenges faced by the teachers and the learners in the teaching-learning process.
- Visit 5 schools in the neighbourhood and prepare a report on the three language formula being implemented in the schools.
- Do a comparative study of positive features and weaknesses of different methods and approaches to language learning.
- Keeping in view the needs of the children with special needs prepare two activities for English teachers.
- Prepare 4 activities keeping in view ‘Constructivism in a Language Classroom’.

Suggested Readings

CPS 3: Pedagogy of Social Science (Part-I)

| | |
|----------------------------------|----------------------------|
| Semester-V | Credit-4 |
| Marks 100 | Contact Hours- 4hrs |
| (Internal 20 External 80) | per week |

Introduction

This course Pedagogy of Social Sciences will help student teachers to understand key concepts of the various Social Sciences as well as related pedagogical issues. This course introduces student teachers to the matters of both content and pedagogy. Some emphasis on content seems necessary in view of the fact that many student teachers may not be having sufficient exposure to four major disciplines of Social Sciences. In fact, the pedagogy of a field of enquiry cannot be separated from its content. Furthermore, student teachers should be encouraged to see interconnections between the different Social Sciences, i.e. Social Sciences as an integrated area of study. Social, economic, political and cultural issues and concerns of Indian society have been introduced through real-life situations and primary sources of information. Accordingly, they shall be in a position to appreciate the foundations on which societies have developed. *Student-teachers are encouraged to grasp concepts and to develop thinking skills.* Also the student teacher will be able to organize various programmes to develop a sense of appreciation about the rich cultural heritage and democratic values among the students.

Objectives

The course will enable the student teachers to;

- Develop an understanding of the nature of Social Sciences, both of individual discipline and as an integrated/ interdisciplinary area of study
- Identify, prepare, collect different teaching-learning resource materials and use effectively in the classroom
- Examine the prevailing pedagogical practices in classrooms while facilitating learning of social sciences
- Acquire basic knowledge and skills to analyze and transact the Social Sciences curriculum effectively following wide-ranging teaching learning strategies in order to make it enjoyable and relevant for life

- Develop lesson plans by integrating it with life, nature, mathematics, science and technology for effective teaching-learning in social sciences
- State the concepts of History, Geography, Political sciences and Economics included in the secondary curriculum and make pedagogical analysis of these concepts

Unit-I: Status and Issues in Social Science

- Meaning, Nature, Scope and Importance of Social Sciences, Correlation of social sciences with allied disciplines
- Perspectives of Social Sciences in school curriculum: How social facts and opinion, explanations and arguments; and spatial and temporal contexts are constructed
- Present position of social sciences in school curriculum with reference to NCF 2005
- General and subject specific objectives of social sciences at different stages of school education
- Development and organization of subject related content at different stages of school education
- Development of values through social science teaching

Unit-II Learning Resources in Social Sciences

- Primary and Secondary Sources: Data from field, library materials such as textual/reference materials, journals, magazines, newspapers, reports, documents, records and gazettes, dictionaries and encyclopedias
- Teaching-learning resources in Social Sciences: Preparation, collection and use of content specific teaching learning materials-
-atlas, map, globe, map book
-timeline, historical map
-table, diagram, graph
-chart, picture, photograph, model
-T. V., radio, CDs, multimedia and internet, satellite imagery and aerial photograph.

Unit-III Teaching-learning Strategies and Textbooks in Social Sciences

- Interactive, critical pedagogy and constructivist strategies in social sciences
- Teaching-learning strategies in social sciences: Narration cum discussion, problem solving, observation, field trip, project work, concept mapping, collaborative, co-operative learning, dramatization, simulation, bal-panchayat, mock parliament, storytelling, computer assisted learning. (Meaning and uses of above mentioned teaching-learning strategies in different subject areas)
Social science text book, scope and characteristics of standard social science text book.
- Analysis of social science textbook, concept, organisation, state and national perspectives, pedagogical concerns in social science textbooks.

Unit-IV Lesson Planning

- Planning for instruction in social sciences (Planning of different skills, strategies, activities and learning experiences in different social sciences subject areas)
- Development of year plan, unit plan and lesson plan, 5 E and ICON Model
- Active learning method, Interactive group discussion method and constructivist learning situations

EPC-2.1: Learning to Function as a Teacher

| | |
|---------------------------------|--|
| Semester-V | Credit-2 |
| Marks-50 (Internal) | Contact Hours- 4hrs. per week |

Introduction

Teaching is a purposeful process of facilitating learning which involves the students/ learners in an interaction to enhance their potentialities to become self-learners. The secondary school is a crucial stage in the educational hierarchy as it prepares the learners for higher education & also for the world of work. Teacher in the present day has to be conversant with managing diversity and contextuality in the classroom. Hence student teachers need orientation and reflection on different activities and strategies to be employed during engagement with the field particularly for preparing them for the internship. Student teachers need to be oriented on processes like critical thinking, observation, communication and use of resources for effective functioning.

Objectives

The course will enable the student teachers to;

- Develop an ability to engage students in various activities as per the emerging demands in the classroom.
- Develop self-confidence and skill to engage learners and meet their diverse needs.

The following process based skills essential for secondary schools to be taken up.

- Content analysis
- Content organization through concept mapping
- Core teaching process: Introducing the lesson, Questioning, Explaining, illustrating with examples, Reinforcement (Verbal and non verbal), Stimulus Variation, Using Blackboard /white board/ smart board and using learning resources
- Use of ICT
- Critical thinking and reflection,
- Managing diversity
- Contextualization
- Organization of group activity/project

Guidelines for Assessment: The above stated process-based skills will be practised by the student-teachers which will be observed and evaluated during the simulated classroom transaction. The evaluation will be continuous and internally assessed.

SEMESTER VI

CPS 2: Pedagogy of First Language (Odia/Hindi/Bengali) (Part-II) *(Question Paper will be prepared separately for each Language)*

| | |
|---|---|
| Semester-VI | Credit-4 |
| Marks 100 (Int. 20, Ext. 80) | Contact Hours- 4h per week |

Introduction

The two year B.Ed. syllabus for pedagogy of first language (Odia/Hindi/Bengali) has been designed in the light of the new approaches and regulations of NCTE 2014. The course expects the teacher to look at school education in a holistic manner. As per the shift in how NCTE envisaged teacher has been viewed as a facilitator to help learners construct their knowledge and enhance creativity. The teacher should be able to participate meaningfully to transact the syllabus and textbooks effectively along with teaching-learning materials. Therefore, it is envisaged that the teacher is well versed not only with the subject content but also with the pedagogy of learning. The present syllabus

Objectives

The course will enable the student teachers to;

- Understand the different roles of language;
- Understand the use of language in context such as grammar and vocabulary;
- Identify methods, approaches and materials for teaching English at various levels in the Indian context;
- Develop activities and tasks for learners including audio-video materials, ICT and Internet;
- Understand the process of language assessment;

Unit I: Methods and Techniques of Teaching-Learning First Language

- Understanding the meaning of method and techniques and their differences
- Methods: Audio-lingual method, Comprehension-Appreciation, Communicative teaching-learning

- Techniques and Activities: Language games, Group work, Pair work, Collaborative and Co-operative work, Project and Peer interaction, online language learning resources, Use of ICT and Language Lab.
- Implications of methods and techniques for classroom transaction.

Unit II: Planning Teaching- Learning in First Language

- Prerequisites for planning lessons: Determining the scope of content to be dealt with, specifying learning objectives, choosing methods, approaches and strategies, arranging teaching- learning materials, designing teaching learning activities and designing formative assessment strategies.
- Teaching-learning Prose (detailed and non-detailed): Objectives, transactional strategies following communicative and constructivist approaches(5E and ICON Model)
- Teaching-learning Poetry: Objectives, transactional strategies following communicative and constructivist approaches(5E and ICON Model)
- Teaching-learning Grammar: Functional and Formal Grammar; Objectives & Transactional strategies
- Teaching-learning Composition and Vocabulary: Objectives of teaching learning composition and vocabulary, Teaching-Learning strategies for different forms of composition(Essay, Letter, Noting and Drafting), Teaching –Learning strategies for vocabulary- word formation(affixation, blending, back formation), their uses in different forms and meaning(action, qualities etc.)

Unit III: Assessing Learning in First Language

- Assessing language skills: strategies –oral & written; peer and group assessment; assessment within and beyond class room.
- Continuous Compressive Assessment (CCA) of learning in First Language– periodicity, assessment tools, reporting and feedback.
- Framing objective - based test items: extended response type, restrictive response type and objective type.
- Constructive approach to assessment: Rubric, Portfolio, Journal writing & Open ended item.
- Textbook analysis :Purpuse and processes.

Unit IV: Place and Manner of Articulation in First Language

- Sounds of First Language (Odia/Hindi/Bengali): Vowels, Diphthongs and Consonants.
- Organs of speech: Their role in articulation.
- Stress: Meaning, pattern, form and principles.
- Intonation: Meaning and types
- Problems of articulation in First Language in Indian context: Nature, causes and remediation.

Suggested Activities

- Do a comparative study of one textbook of English from any class (VI to VIII) developed by any two states.
- Identify and prepare different types of teaching aids for children with special needs.
- Analyze the question papers of English language (Previous-3 years) — classes X & XII (any board) in the light of new approach of assessment.
- Develop a question paper for upper primary and secondary stage to assess all the aspects of language learning.
- Select any ten questions from the class VI English textbook which lend scope to the creativity of the learners.
- Devise a strategy to incorporate the suggestions given in the Ist CCE report for the progress of the learner.
- Prepare an outline for a school magazine.
- Identify and list Language (English) related errors common among students.

Note: Project work, Students Teacher's Portfolio, Activities, Presentations, Workshops and Educational tours to be carried out during both the years. (Some activities have been given in each unit as examples. Such other activities may be developed as per the need. Every student has to prepare her/his own portfolio and four projects are compulsory for each semester.)

CPS 2: Pedagogy of Language (English) (Part-II)

| | |
|---|---------------------------------------|
| Semester-VI | Credit-4 |
| Marks 100 (Int. 20, Ext. 80) | Contact Hours- 4h per week |

Introduction

The two year B.Ed syllabus for pedagogy of English language has been designed in the light of the new approaches and regulations of NCTE 2014. The course expects the teacher to look at school education in a holistic manner. The present syllabus for English language teaching and learning has been designed keeping in view the linguistic, cultural and social diversity of our country. It is important that English language teaching and learning is not situated in an entirely western framework, but rather is taught through a contextually rich local perspective. English needs to be learned in the multilingual context and not in isolation. As per the shift in how NCTE envisaged teacher has been viewed as a facilitator to help learners construct their knowledge and enhance creativity. The teacher should be able to participate meaningfully to transact the syllabus and textbooks effectively along with teaching-learning materials. Therefore, it is envisaged that the teacher is well versed not only with the subject content but also with the pedagogy of learning.

Objectives

The course will enable the student teachers to

- Understand the different roles of language;
- Understand the use of language in context such as grammar and vocabulary;
- Identify methods, approaches and materials for teaching English at various levels in the Indian context;
- Develop activities and tasks for learners including audio-video materials, ICT and Internet;
- Understand the process of language assessment;

Unit I: Approaches, Methods and Techniques of Teaching-Learning English Language

- Understanding the meaning of approach, method and techniques and their differences
- Approaches: Structural-oral-situational approach, Communicative approach, Silent way, Suggestopedia, Total Physical Response(TPR) with reference to their meaning, focus, principles, techniques, advantages and limitations
- Methods: grammar-translation, Direct method, Audio-lingual method, Bilingual method, Communicative teaching- learning
- Techniques and Activities: Language games, Group work, Pair work, Collaborative and Co-operative work, Project and Peer interaction
- Implications of approaches, methods and techniques for classroom transaction.

Unit II: Planning Teaching- Learning in English Language

- Prerequisites for planning lessons: Determining the scope of content to be dealt with, specifying learning objectives, choosing methods, approaches and strategies, arranging teaching- learning materials, designing teaching learning activities and designing formative assessment strategies.
- Teaching-learning Prose (detailed and non-detailed): Objectives, transactional strategies following communicative and constructivist approaches(5E and ICON Model)
- Teaching-learning Poetry: Objectives, transactional strategies following communicative and constructivist approaches(5E and ICON Model)
- Teaching-learning Grammar: Functional and Formal Grammar; Objectives & Transactional strategies
- Teaching-learning Composition and Vocabulary: Objectives of teaching learning composition and vocabulary, Teaching-Learning strategies for different forms of composition(Essay, Letter, Noting and Drafting)

Unit III: Assessing Learning in English

- Assessing language skills: strategies –oral& written; peer and group assessment; assessment within and beyond class room.
- Continuous Compressive Assessment(CCA) of learning in English – periodicity, assessment tools, reporting and feedback.
- Framing objective - based test items: extended response type, restrictive response type and objective type.
- Constructivist approach to assessment : Rubric, Portfolio, Journal writing & Open ended test.
- Textbook analysis: Purpose and process

Unit IV: Place and Manner of Articulation in English

- Sounds of English language: Vowels, Diphthongs and Consonants along with phonetic transcription.
- Organs of speech: Their role in articulation.
- Stress: Meaning, pattern, form and principles.
- Intonation: Meaning and types
- Problems of articulation in English in Indian context: Nature, causes and remediation.

Suggested Activities

- Do a comparative study of one textbook of English from any class (VI to VIII) developed by any two states.
- Identify and prepare different types of teaching aids for children with special needs.
- Analyze the question papers of English language (Previous-3 years) — classes X & XII (any board) in the light of new approach of assessment.
- Develop a question paper for upper primary and secondary stage to assess all the aspects of language learning.
- Select any ten questions from the class VI English textbook which lend scope to the creativity of the learners.
- Devise a strategy to incorporate the suggestions given in the Ist CCE report for the progress of the learner.
- Prepare an outline for a school magazine.
- Identify and list Language (English) related errors common among students.

Note: Project work, Students Teacher's Portfolio, Activities, Presentations, Workshops and Educational tours to be carried out during both the years. (Some activities have been given in each unit as examples. Such other activities may be developed as per the need. Every student has to prepare her/his own portfolio and four projects are compulsory for each semester.)

CSP 3: Pedagogy of Social Science (Part-II)

| | |
|--|---|
| Semester-VI | Credit-4 |
| Marks 100 (Internal 30 External 70) | Contact Hours- 4 hrs. per week |

Introduction

This course Pedagogy of Social Sciences will help student teachers to understand key concepts of the various Social Sciences as well as related pedagogical issues. This course introduces student teachers to the matters of both content and pedagogy. Some emphasis on content seems necessary in view of the fact that many student teachers may not be having sufficient exposure to four major disciplines of Social Sciences. In fact, the pedagogy of a field of enquiry cannot be separated from its content. Furthermore, student teachers should be encouraged to see interconnections between the different Social Sciences, i.e. Social Sciences as an integrated area of study. Social, economic, political and cultural issues and concerns of Indian society have been introduced through real-life situations and primary sources of information. Accordingly, they shall be in a position to appreciate the foundations on which societies have developed. *Student-teachers are encouraged to grasp concepts and to develop thinking skills.* Also the student teacher will be able to organize various programmes to develop a sense of appreciation about the rich cultural heritage and democratic values among the students.

Objectives

The course will enable the student teachers to;

- Develop skills and pedagogical competencies to formulate specific learning outcomes for different contents of History, Geography, Political sciences and Economics;
- Acquire different characteristics to become a professionally competent social science teacher
- Construct appropriate tools and techniques for assessment of the students learning outcomes in social sciences
- Critically analyze text book and syllabus of social science subjects at different stages of school education

- Develop skills to organize and conduct various activities related to social science areas

Unit-I: Human Relationships, Identities and Interactions

- Issues of social change and social stratification in India: Caste, class, religion and gender
- Human-environment interaction: Location, place, region, movements and distribution of resources
- Society and political processes: Organs and functions of government, constitutional vision, electoral procedure and social movements
- Developmental issues: Resources, production, distribution, demand-supply and market mechanisms

Unit-II: Assessment in Social Sciences

- Importance of assessment in social sciences
- Continuous comprehensive assessment (CCE) in social sciences
- Quantitative and qualitative tools and techniques in social sciences (checklist, anecdotal records, observation, sociometry, rating-scale, rubrics and portfolio)
- Construction of tests: questions for testing cognitive and co-cognitive areas of learning
- Importance of diagnostic and remedial activities in social sciences

Unit-III: Innovation and Projects in Social Science learning

- Project, case study, survey
- Social science club, Social science laboratory
- Field notes and reflective diary
- ICT integrated teaching learning packages

Unit-IV: Professional Development of Social Science Teacher

- Reflective practices in social science teaching learning
- Characteristics of social science teachers, skills and competencies
- Professional development of social science teachers: Orientation programmes and training (Seminars/conferences/symposium/workshops/panel discussion/exhibition and simulation activities like-nukad, role-play and games)

FE-1: MULTICULTURAL PLACEMENT

| | |
|---------------------|-------------------------------|
| Semester-VI | Credit-2 |
| 50(Internal) | Contact Hours- 2 Weeks |

Introduction

Multi-cultural education and teaching for diversity are the needs of contemporary times. India is a culturally plural country and prospective secondary school teacher preparation programme needs to focus on addressing diversity in classroom and managing schools from different cultural set up. Multicultural placement of student teachers aims at exposing them to different type of schools such as urban, schools for differently abled children with a view to develop critical reflection about activities of schools with different cultures and teaching learning process adopted in different types of school .

Objectives

The course will enable the student teachers to;

- Experience different type of schools such as urban, rural, tribal, schools for challenged learners with a view to
- Develop understanding about the school activities with different cultures/set up
- Develop the process of engaging students in classrooms through observing the practice adopted by regular teachers
- Develop understanding to manage a substitute(arrangement class)
- Experience of conducting classroom activities
- Conduct case studies

The institute will identify suitable number of cooperating urban schools, rural schools, and tribal schools, and students will be placed by rotation in all the three types of schools. All activities listed below are to be completed within two weeks during the placement of student teachers in three types of schools in rotation. Each pupil teacher performs the following activities under the guidance of supervisor/mentor and prepares reports on all the activities. The report will be assessed as the guideline given below.

Guidelines for Assessment

| Sl.No | Activities | Marks |
|--------------|--|-----------|
| 1 | Observing 6 lessons 3 in each method delivered by regular teachers with the help of observation schedule | 10 |
| 2 | Observation of day-to-day school activities and preparation of comprehensive report highlighting working of the library, co-scholastic activities, games and sports, functioning of laboratory, school morning assembly and preparation of reflective report | 10 |
| 3 | Availing at least 6 substitute teaching opportunities in actual school situation | 10 |
| 4 | Teaching 4 lessons (two lessons in each method subject) by using learning resources and ICT. | 10 |
| 5 | Undertaking a case study on students/institution | 10 |
| Total | | 50 |

SEMESTER-VII

PE 7: Knowledge and Curriculum

| | |
|---|--|
| Semester-VII | Credits-4 |
| Total Marks:100 (Internal:20 External: 80) | Contact Hours: 4 hours per week |

Introduction:

The purpose of school education is to make students understand structure of knowledge, ways of knowing and process of its construction. The role teacher is to facilitate learners in creating and transferring knowledge from school to outside. In this context, the teachers are required to be competent about the epistemological thinking of knowledge and also in dealing with the social environment involving transaction of knowledge. This paper imparts necessary preparation to student teachers in dealing with various dimensions of knowledge and its transaction in school set up.

Objectives

The course will enable the student teachers to;

- Understand concept of knowledge, process and sources of knowing
 - Develop understanding on teacher centric and learner centric knowledge transmission.
 - Understand concept, types of curriculum and differentiate between curriculum framework, curriculum and syllabus
 - Apply recommendations of the NCF 2005 in school
 - Understand process and principles of curriculum development
 - Develop understanding in the process of curriculum transaction, evaluation and renewal.

Unit I: Understanding the Nature of Knowledge

- Knowledge: Concept, Nature, Types, theories of knowledge
- Constituents of knowledge: Facts, Principles, Laws, Concepts and theories
- Knowing process: Sensation, perception, reason and conception

Unit II: Construction of Knowledge

- Knowledge transmission (teacher-centric) vs. Knowledge construction (learner-centric)
- Experience: Meaning, nature and role of experience in knowledge construction
- Reason: Meaning, nature and role of reasoning in knowledge construction

- Validation of knowledge: approaches and theories-correspondence, coherence, dialects and pragmatics theory

Unit III: Understanding Curriculum

- Concept of curriculum(difference between curriculum framework, curriculum, syllabus and textbook)
- Types of curriculum: subject- centered, learner-centered, learning centred, experience-centered, activity-centered, core curriculum
- Curriculum framework–principles and coverage; NCF 2005, and NCFTE 2009 –significant recommendations.
- Interface between the teacher education curriculum and school curriculum

Unit IV: Curriculum planning and evaluation

- Determinants of curriculum
- Principles of curriculum development
- Models of curriculum planning: Top down (Tyler) and Bottom up (Taba) model
- Processes / stages of curriculum development (preparation, tryout and finalization)
- Evaluation: Mode(internal and external),periodicity(continuous, periodic), Mechanism (research studies, on-site observation, FGD, on-line feedback),Use of evaluation feedback/inputs for Immediate /long-term revision, Specific / comprehensive improvement

Suggested Activities

- Identify concepts, facts, principles, laws and theories in any secondary class school textbook and report
- Examine your own process of knowing, prepare a report on how you are using knowing process in gaining knowledge
- Preparation of an appraisal report on any one aspect of the Systemic Reform envisaged in the NCF 2005 and its reflection in current practices.
- Identification of learning resources and designing of beyond classroomactivities for transacting a lesson.
- Preparation of a transactional blueprint of any content unit in any school subject at the secondary level.
- Preparation of an appraisal report on the curriculum renewal process during post NPE(1986) period.

EPC 3: Art in Education

| | |
|--------------------------------|---|
| Semester-VII | Credit-2 |
| Marks 50 (Internal) | Contact Hours- 2 Week workshop |

Introduction

The need to integrate art education in the formal schooling is to retain our unique cultural identity in all its diversity and richness. Art education encourages young students and develop a creative mind to them. The innate potentiality of learners will be given an opportunity to be explored and manifested through the medium of art. An understanding of the arts will give the ability to appreciate the richness and variety of artistic traditions as well as make them liberal, creative thinkers and good citizens of the nation. National Curriculum Framework-2005, introduced art education as a mainstream curricular area, which must be taught in every school as a compulsory subject.It is important that art education is integrated in the school curriculum to provide an aesthetically viable atmosphere in schools encouraging creativity. For this, not only the art teachers but every teacher should be sensitive to appreciate different form of art.

Objectives:

The course will enable the student teachers to;

- Express ideas and emotions about different aspects of life through different art forms
- Appreciate and distinguish different art forms.
- Develop aesthetic sensibility among learners about the good and beautiful environment, including classroom, school, home and community through an integrated learning approach.
- Integrate the knowledge of art with daily life through learning with different media and techniques by using creative expression and making objects of common use.
- Make learners aware about the rich cultural heritage of their own locality/state/region as well as that of the nation.
- Get acquainted with the life and work of artists and their contribution to teaching and learning.

Theme I: Forms of Art

- music, dance, theater and visual arts
- appreciate different art forms
- integration of art forms in classroom process
- analyse text books for integration of different art forms

Theme II: Expression through art forms

- Expressing ideas about different aspects of life
- Expressing various emotions
- Enhancing communication and presentation skills, developing imagination, creativity and aesthetic sensibility among the student teachers
- Utilizing different art expressions in teaching learning situation

Theme III: Cultural heritage of India

- Exposure to the cultural heritage of
 - Locality
 - state/region
 - Nation
- Reflection and incorporation of the rich cultural heritage during the celebrations of festivals, functions and special days
- document processes of an art or craft form from the pedagogical point of view; such as weaving or printing of textiles, making of musical instruments, folk performances in the community
- Acquaintance with the life and work of artists and their contribution to teaching and learning.

Guidelines for Assessment:

| Sl no | Activity | Marks |
|--------------|---|-----------|
| 1 | Presentation on any one art form | 10 |
| 2 | Text book analysis to find out integration of art forms | 5 |
| 3 | Prepare a lesson incorporating one or more artistic expression | 15 |
| 4 | Documentation of any one heritage art form | 10 |
| 5 | Write up on life and work of any one artist (local or national) | 10 |
| Total | | 50 |

Suggested Readings

- Position Paper- National Focus Group on Arts, Music, Dance and Theater NCERT, 2006, New Delhi
- Position Paper- National Focus Group on Heritage Crafts, NCERT, New Delhi, 2006
- NCF 2005
- NROER- National Repository of Open Educational Resource, Department of School Education & Literacy, MHRD.

The following NCERT books may also be referred to

- Living Craft tradition of India (Textbook in Heritage Crafts) NCERT
- Exploring the Craft Tradition of India NCERT
- BharatiyaHastakalakiParamparayen, NCERT
- An Introduction to Indian Art, NCERT
- BharatiyaHastkalaParamparakiKhoj, NCERT
- Craft Tradition of India (Textbook in Heritage craft for class XII)
- Art Education- Teachers' Handbook for Class I, II, III, IV, V, VI, VII, VIII, IX
- Source Book on Assessment for Classes I- V, Art Education

EPC 4: ICT Practicum

| | |
|----------------------------|-------------------------------------|
| Semester-VII | Credit-2 |
| Marks 50 (Internal) | Contact Hours-2Week workshop |

Introduction

The main purpose of this practicum is to provide hands on experience to student teachers in creating and using ICT related teaching learning materials. For realizing this, the following activities will be organized in the workshop.

Theme I: Providing an exposure on hardware/software and its uses in Teaching Learning process

- Hands on experience in setting up a desktop/PC and working with various input devices, output devices, storage devices, and display devices
- Practicing word processing using Indian language software
- Using word processor, spread sheet, and presentation software to produce various teaching learning resources.

Theme II: Awareness and exposure to ICT Tools

- Locating internet resources – navigating, searching, selecting, saving and evaluating (use standard internet evaluation criteria)
- Creating screen cast video of a lessons, Embedding Audio , Video With Photos Embedding Animations and Transitions Uploading You Tube Video (Using Movie Maker Software)
- Shooting, editing, and sharing of videos segment on any educational topic
- Creating a podcast using audacity and sharing it on podcasting site.

Theme III: Developing an ICT based lesson Plan

- Creating technology based lesson plan
- Developing lesson plan by using 5E Model and ICKON Model and ICT

- Creating e-content

Theme IV: Use of ICT in Assessment and management

- Creating e-portfolio
- Creating data base of group of students
- Creating and using rubrics for assessment (online, offline)
- Connecting with parents and community through ICT
- Any other activity may also be taken up as per the experience and expertise of the resource person.

Guidelines for Assessment

| Sl no | Activity | Marks |
|--------------|---|-----------|
| 1 | Preparing a document using word / PPT | 10 |
| 2 | Create a documentary film | 10 |
| 3 | Design a project using e portfolio | 10 |
| 4 | Develop an e-content and share it using blog/Wikipedia/word press/YouTube | 10 |
| 5 | Create a data base for student management system | 10 |
| Total | | 50 |

EF-2 School Internship

| | |
|----------------------------------|--------------------------------|
| Semester-VII | Credit-14 |
| Internal: 350 (300 + 50*) | Contact Hours- 16 Weeks |

** Marks will be given by the cooperative/mentor teachers/HM/Principal of mentoring schools*

Introduction:

In any professional pre-service course, the theory learnt by the student has to be tried out in a real situation. Internship provides this opportunity and thereby complements the course. In teacher development programmes, internship provides the opportunity where the student-teachers can find for themselves the extent to which the methods and techniques of teaching they have learnt during the course, are useful in classroom situation. Internship is the period during which the student teacher stays in the school for a certain extended period, mingles with the school community, gets the first-hand knowledge of the school situation and the associated problems, participate in the programmes of the school, organizes new and productive programmes for the benefit of the school. These helps in developing the right skills, attitudes, interests and appreciation and make the best use of the expertise and resources in the school to blossom into good teachers who could be an asset to any school.

An intern is like an apprentice working under the guidance of highly motivated and experienced teachers of the school. For the first time he faces a cross section of the students which is a mixture of different ability groups often having varied social backgrounds, in a real classroom. While he will have learnt techniques of teaching for different uniform ability groups, he will be called upon to tailor new techniques and methods to suit mixed ability groups and this real challenge gets the best in the internee.

Objectives

The course will enable the student teachers to;

- Develop the ability to define clearly the general and specific objectives of teaching the subject, the different units, and the individual lessons.
- Develop the ability to select units and subject matter suitable to the class, and resource material and aids - readymade, improvised - suitable to the units.
- Develop the ability to plan the lesson effectively with an understanding of the principles of learning and organize the subject matter suitably indicating the appropriate techniques and aids to be used at each stage and for each purpose.
- Develop the ability to prepare the pupils adequately for each lesson and develop it in ways most suitable to the occasion and most appropriate for realizing the objectives set forth.
- Develop the ability to motivate the pupils sufficiently and sustain their interest as well as maintain discipline in the class.
- Develop the ability to adjust the programme to the varying needs interests and abilities of the pupils, while making for maximum group progress.
- Develop the ability, to use different methods and techniques of teaching and use them effectively in appropriate situations.
- Develop the ability to plan the details of the curriculum with the pupils (teacher pupil planning) and work out resource units, spelling out the experiences, activities, aids, techniques, etc.
- Develop the ability to develop and apply different techniques and tools for the continuous evaluation of the achievement and progress of the pupils, taken as individuals and as a group, especially the ability to construct and use oral, written and performance tests.
- Develop the ability to judge the effectiveness of teaching and the success of each programme in relation to the goals, from the participation and performances of the pupils.
- Develop the ability to diagnose the strengths and weaknesses and the achievements and failures of the individual pupils, in relation to the objectives and decide, plan and organize the reinforcement of remedial assistance needed by each.

- Develop the ability to correlate his subject and its teaching with other subjects taught in the class, with other activities in the school with life, so that, the education of the child becomes an integrated programme.
- Develop the ability to plan, organize and guide enrichment activities and field programmes related to the subjects taught.
- Develop the ability to plan, organize and guide various co-curricular activities, which are considered as important constituents of a rich education for the citizens of tomorrow.
- Develop the ability to see the school as organized center of the community and relate the provisions and practices in the school to the needs and conditions of the pupils and of the community.

Duration 16 Weeks

16 weeks internship shall be carried out during the third semester. The student teachers are required to be placed in the schools selected by the Institute. The number of student teachers to be allotted to a particular school shall be 10-12 or as decided by the institute. The institute may appoint a senior faculty as coordinator of the entire programme, who, *inter alia*, would identify and allot schools to student teachers, and maintain liaison with the schools. In addition, a separate coordinator may be appointed for each state knowing the regional language of the respective state.

Nomination of Mentor Teachers

The internship coordinator/s while visiting the schools for identification purposes, would seek information about different teachers of the schools, who may be nominated as mentor teachers. The role of the mentor teacher would be to share his/her professional experiences, present model lessons, assess student teachers' performance, and provide on-site guidance and support during internship.

Identification of Supervisors

The faculty members of the institute would be allotted to different schools as supervisors during the internship period. Along with the names of the faculty members, the subject/subjects to be observed and the schools for observation may be written. A chart depicting the names of the internship schools, names of student teachers, name (s) of faculty members (supervisors), and the dates of visit shall be prepared and notified by the coordinator every week. The supervisor shall coordinate the activities of the mentor teacher of the school; and assess student teachers' performance, and provide on-site guidance and support during internship.

The institute will:

1. Provide Internship handbook to the internship schools
2. Organize orientation cum -consultation meetings with the school principals and mentors teachers
3. Develop supplementary material for additional activities in collaboration with mentor teachers
4. Hold fortnightly review meetings with mentor teachers
5. Hold follow -up meetings with student -teachers at regular intervals in the TEI.
6. Monitor implementation of internship including observation of practice teaching.
7. Assess, in collaboration with school mentor -teachers, the internship performance of student -teachers.

Student teachers shall undertake the following activities during the internship period:

I. Planning and Facilitating Teaching Learning

- Unit/ Lesson planning
- Classroom teaching in two school subjects
- Lesson observation of mentor teacher and peers
- Developing and Using Teaching Learning Resources
- Integrating ICT in regular teaching

II. Assessment, Remediation and Action Research

- Preparation of CCE activities including unit tests
- Preparation of diagnostic tests and identifying learning difficulties
- Planning and executing remediation
- Conducting action research

III. Understanding School Context

- Prepare Profile of the school (Type of School/infrastructure, facilities teachers, students and community information)
- Analyze Learner Performance(One class)

IV. Participation in School Activities

- Organize all types of curricular activities, e.g. sports and games, debate, song, art, music, painting

V. Community and school Activities

- Survey of households in local community
- Interaction with SDMC/SMC/PTA/MTA members
- Interacting with parents

The 16 week school internship will be organized in three phases: (i) pre internship; (ii) internship (iii) and post internship.

Phase-1: Pre internship

The pre internship will be of one week duration during which necessary orientation programmes for Mentor Teachers and Heads of the selected schools will be organized in the institute. The following activities shall be organized during pre-internship phase:

- Orientation of the mentor teachers and Heads of the schools regarding the objectives and different aspects of internship in teaching
- Orientation about the roles and responsibilities of different personal involved in internship in teaching specially roles of mentor teachers/HM/Principal
- Discussion on process involved in unit planning/ lesson planning
- Discussion on process of developing achievement test and its administration and uses
- Discussion on records to be maintained by student teachers during internship.
- Orientation about process of giving constructive feedback to student teachers
- Demonstration of model lessons by the experts/supervising teacher followed by discussion, preferably in DMS
- Demonstration and criticism lessons of at least 2 lessons, by the student teachers, of their peers in each subject followed by discussion

Phase-2: Internship

Every student teacher shall undergo an internship of 15 weeks in an identified school. During this period the student teacher shall be attached to a school and he/she shall undertake such duties as are assigned to him / her by the Head Master/Principal of the school in all school related activities. During this period, he/she shall teach at least 120 lessons in the school, taking equal number of lessons from each of his/her pedagogy subjects, under the supervision of the mentor teacher and respective teacher educator (s) from RIE. The first week will be utilized for developing rapport with school (Students, teachers, Principal/Head Master/other staffs, etc.) and familiarity with school system.

Practicum during Internship

Student teachers shall perform the following during internship:

- Prepare 120 lesson plans in two school subjects and deliver at least 60 lessons in each subject
- Integrate student assessment activities with teaching learning process
- Development and use learning resources related to pedagogy courses
- Observation of peer teaching: 10 in each school subject
- Observation of teachers' lessons: 5 in each school subject
- Develop, administer, score and analyze at least 2 unit tests: one in each school subject
- Conducting action research based on real classroom problems
- Prepare and maintain student portfolios
- Preparation of the school time table

- Organize and participate in: morning assembly, literary and cultural activities , Club activities, Exhibitions, Excursions and field trip, Mock parliament, Quiz, Games and sports and PTA/SMC meetings
- Maintenance of school library and laboratory
- Maintaining a reflective diary of his/her school experience

Records to be submitted

- Lesson plans/ Unit plans
- School profile: infrastructure; Social Science Laboratory - physical facilities, Equipment, School Library- facilities
- Record of Participation/organization of school activities
- Record of observation of peer teaching
- Report of action research
- Assessment record
- Reflective Journal

Phase – 3: Post Internship

The post internship is required to be organized in the Institute for one week just after completion of internship in teaching programme. The following activities shall be organized in the Post Internship phase:

- Preparation of brief report by each student teacher on his/her internship experiences.
- Presentation of the reflections of internship by student teachers, which will be conducted in smaller group/subject wise and assessed by the supervisors.
- Some of the video clippings of lesson delivering developed earlier during internship will be shown for critical reflection
- Inviting feedback from cooperating schools/mentor teachers/HM/Principal/institute faculty.

Internal Assessment

The assessment of the performance of student teachers shall be based on the feedback received from all associated with the programme, including mentor teachers/HM/Principal, peers, supervisors of the institute; and various records submitted by the student teachers.

The weightage to different components of internship shall be assigned as under:

| Component | Minimum Number | Maximum Marks | By the faculty of the Institute | By the Mentor School Teachers and Head Teachers |
|--|--|---------------|---------------------------------|---|
| Demonstration and criticism classes by student teachers in group (16-17 students in group) | 2 criticism lesson (1 in each pedagogy course) | 10 (5+5) | 10 | -- |
| Unit Plan | 2 in each subject/pedagogy | 20 (10+10) | 20 | -- |
| Lesson Plan (PC-1) | 50 Lesson Plan 10 Lesson Notes | 20 | 20 | -- |
| Lesson Plan(PC-2) | 50 Lesson Plan 10 Lesson Notes | 20 | 20 | -- |
| Classroom observation record of peers | 20 Lesson (10 in PC-1 and 10 in PC-2) | 20 (10+10) | 20 | -- |
| Records of participation/organization of curricular activities | 1 | 10 | 10 | -- |
| Records of school profile | 1 | 10 | 10 | -- |
| Action Research | 1 | 20 | 20 | -- |
| Student Assessment Records | 2 (one for each subject) | 20 (10+10) | 20 | |
| Teaching Learning Resources | - | 10 | -- | 10 |

| | | | | |
|---|---|-----|---------------------------|----|
| Reflective Diary | - | 10 | 10 | -- |
| Assessment by mentor teacher(s)/HM/Principal /Inst supervisors based on overall performance in school including teaching and participation in other school activities | 60 lesson in PC-1 and 60 lesson in PC-2 | 120 | 120= (PC-1(60)+ PC-2(60)) | |
| Overall Assessment of Trainee by Head Teacher/Principal | | 40 | -- | 40 |
| Presentation of reflections on internship experiences (Post Internship) | | 20 | 20 | -- |
| Total for III Semester | | 350 | 300 | 50 |

SEMESTER VIII
PE-8 Vision of Indian Education

| | |
|---|--|
| Semester-VIII | Credits-4 |
| Total Marks:100 (Internal:20,External: 80) | Contact Hours: 4 hours per week |

Introduction

Education is essentially a normative endeavor, hence is intentional. It intends, rather deliberately, to socialize children into a value frame or normative structure. That is why history reveals that every education system, at different historical periods, had been guided by certain value concerns. In contemporary times, the education system in India derives its values from the Constitution of India. While socializing children education has to negotiate within the frame of Constitutional values. Indian Constitution envisioned a humane society based on freedom, equality and justice, and this led to evolving many institutions to realize the vision. In this regard, education has been considered as an agency of social transformation and classroom as the shape of the envisioned destiny. Since teachers ought to play crucial role in realizing the vision, they are to be informed the Constitutional vision so as to develop normative perspectives regarding education and thereby emerging concerns and issues. This normative perspective a teacher holds in turn guides his/her actions and acquires a meaning to action.

Education being an operational area, every citizen perceives several issues related to it through personal experience. The student-teachers need to understand the main issues that touch their functioning as also situate themselves in context. Such an understanding on at least a few issues and concerns will equip student teachers to be ready for dealing with other issues and concerns in the field. This is very relevant as it may not be possible to bring under scrutiny all issues and concerns. Since, concerns and issues cannot and should not be 'informed' like 'ready to cook facts', the course is designed in such a fashion that prospective teachers would be encouraged to come to terms with concerns and issues that would emerge out of their reasoned engagement with contemporary educational reality in the light of professed humanistic values.

Objectives

The course will enable the student teachers to;

- Understand evolution of education in India from Vedic period to post Independence era.
- Develop understanding on issues and concerns relating to Elementary education and implementation of the RTE Act 2009.
- Develop understanding on issues and concerns relating to secondary/sr. secondary education and implementation of the RMSA and other schemes
- Understand school education in India with reference to global educational development and role of International organizations for promoting education

- Formulate vision for school education on basis of new social order and technological advancement

Unit I - Education in India: Historical perspectives

- Education during Vedic and Post Vedic period and its relevance to present education
- Educational development in the Pre-independence period :Macaulay's Minutes, Woods Despatch, Hunter Commission; Basic Education, Sargent Report.
- Educational development in Post-Independence Period: Constitutional provisions on education .Recommendations of University Education Commission (1948) Secondary Education Commission(1952) Education Commission (1964-66);NPE 1968;NPE 1986/1992 with reference to school education.

Unit II: School Education: Concerns and Issues

- Universalization of Elementary Education: Concept ,need and dimensions.
- Policy and programmes for Universalisation of Elementary Education(UEE): DPEP, SSA, RTE Act 2009.Issues of quality in elementary education and strategies.
- Secondary Education: Concept, need and importance. Policy and programmes for development of Secondary and Higher Secondary Education: RMSA, ICT @ School, Rashtriya Avishkar Abhiyan,
- Issues of quality in Secondary and Higher Secondary education and strategies., Vocationalisation of Higher Secondary Education: Policy Initiatives, Programmes and strategies.

Unit-III: Global Perspectives in School Education

- International Commissions on Education: Learning to Be (1975);Learning:The Treasure Within(1996) with reference to aims of education, learning society and life long education.
- Role of International Agencies for development of education: UNICEF, World Bank, UNESCO.
- Global Monitoring Report on Millenium Development Goals(MDG) and Sustainable Development Goals(SDG)- 2015

Unit IV: Meeting the Emerging Challenges in School Education

- Changing Trends in socio-cultural ,political and economic scenario:Their bearings on School Education;Emerging challenges in School organisation,Curricular Processes ,Learning Climate.
- Addressing Challenges in :
- School Organisation(Physical Space and Personnel Management,Client Relationships in terms of management)
- Curricular Processes(CurriculumTransaction,Contextualisation,Assessment)

Suggested Activities

- Prepare report on relevance of Vedic/ Buddhist/ Islamic educational ideas for present school education by studying original literature.
- Conduct surveys in the local area for examining status of implementations of the RTE Act 2009
- Visit five secondary schools nearby and prepare report on quality of teaching and learning as the RMSA guidelines.
- Read any educational project sponsored by the UNESCO and present to the class
- Study writings on analysis of education-development from news papers and make presentations

EPC 5: Understanding the Self

| | |
|----------------------------|---------------------------------------|
| Semester-VIII | Credit-2 |
| Marks 50 (Internal) | Contact Hours- 2 Week workshop |

Introduction

What is self? Is self the experience of internal talk? What characterizes “self-ness”? Can identities change? Will the identity of a first generational learner belonging to a family of migrant labourer change when she is identified as a gifted child? What are the influences of parents and peers on the identity of a learner?

The above queries and similar questions trigger the exploration and need to understand the ‘self’. Indulging in self-exploration and self-queries is an important exercise for clarity of identity. Developing an understanding of the ‘self’ is essential for an individual to utilize the optimal potential for the benefit of one’s own self as well for the society. As an integral member of the society an individual have various identities – gender, relational, linguistic, cultural etc. and it is essential to understand and address one’s implicit beliefs, stereotypes and prejudices resulting from these identities. The student-teachers need to become aware of their own selves and their identities as well as the political, historical, and socio-cultural forces that shape them. The course thus provides an interdisciplinary view in the development of the understanding of one’s own self. This exploration and understanding will enable the student-teachers to develop sensibilities, dispositions, and skills that will help in their personal and professional development and facilitate the personal growth of their students. This course provides opportunity to the student teachers to gain an understanding about their own ‘self’ both as an individual and as a student-teacher.

Objectives

The course will enable the student teachers to;

- Gain an understanding of the central concepts in defining ‘self’ and ‘identity’
- Reflect critically on factors that shape the understanding of ‘self’
- Build an understanding about themselves , i.e. the development of self as a person as well as a teacher

- Reflect on one's experiences, aspirations and efforts towards becoming a humane individual and teacher
- Develop effective communication skills including the ability to listen, observe etc.
- Build resilience to deal with conflicts at different levels and learn to draw upon collective strengths to live in harmony with one's surroundings
- Appreciate the critical role of teachers in promoting 'self' and students' well-being.

Theme I: Understanding of Self

- Reflections and critical analysis of one's own 'self' and identity
- Identifying factors in the development of 'self' and in shaping identity
- Building an understanding about philosophical and cultural perspectives of 'Self' and
- Developing an understanding of one's own philosophical and cultural perspectives as a teacher

Theme II: Development of Professional Self and Ethics

- Understanding and sharing one's identity and socio-cultural, historical and political influences in shaping the professional identity
- Exploring, reflecting and sharing one's own aspirations, dreams, concerns and effort in becoming a teacher
- Reflections on experiences, efforts, aspirations, dreams etc. of peers
- Building an understanding about values and professional ethics as a teacher to live in harmony with one's self and surroundings
- Understanding the role of teacher as facilitator and partner in well-being among learners

Theme III: Role of Teacher in Developing Understanding of Self among Learners

- Creating a situation opportunity/context in reflecting on one's own childhood and adolescent years of growing-up for learners
- Facilitating awareness about identity among learners through reflective practices
- Developing skills of effective listening, accepting, positive regard, understanding body languages among the learners.

Mode of Transaction:

The course will be transacted in workshop mode through individual and group experiential activities such as

- Personal narratives and storytelling, group interactions, film reviews to help explore one's self and identity. Student-teachers to engage in varied forms of self-expression such as poetry, painting and creative movements, humour, aesthetic representations, etc.
- Sharing of case studies by student-teachers, critical analysis of biographies and presentations, group readings and sessions on stories children raised in different circumstances and how this affects self and their personal and social identity formation.
- Reflective discussions on films/documentaries where the protagonist undergoes trials and finally discovers her/his potential
- Development of reflective journals/diaries by the student teachers.
- Introduction of Yoga, meditation as one of the important component to enhance student-teachers understanding of body and mind.

Guidelines for assessment

| Sl.No | Activities | Marks |
|--------------|--|--------------|
| 1 | Exploring the 'known' and 'unknown' self in relation to what one and others know about one self and what others do not know (group activity) | 5 |
| 2 | Reflecting, recording and sharing of critical moments in one's life (individual activity and presentations) | 10 |
| 3 | Reflections on critical moments in the lives of peers (small group activity) | 5 |
| 4 | Exploring one's strengths, weaknesses, opportunities and threats (SWOT analysis) | 10 |
| 5 | Group activities involving community participation | 20 |
| Total | | 50 |

EPC 6: Health, Yoga and Physical Education

| | |
|--|---------------------------------------|
| Semester-VIII | Credit-2 |
| Marks 50 (Internal) External 40 Internal 10 | Contact Hours- 2 hrs. per week |

Introduction

It is well acknowledged that health is a multidimensional concept and is shaped by biological, physical, psychological, social, economic, cultural and political factors. There are many opportunities for cross curricular learning and integration in other subject areas like science, social science and languages. The organization of activities under this should ensure a wide range of activities, so as to enable student and teacher participate according to his/her interest and need. The syllabus, therefore, focus on "what as a students, teacher. I should learn and what should I expected that the children should learn and practice". This course therefore, focuses on acquisition of habits of healthy living and participation in games & sports for maintenance of fitness among the student teachers, with an aim to inculcate the same among their students in future.

Objectives

The course will enable the student teachers to;

- Understand the concept of holistic health, its various dimensions and determinants for all round development.
- Know the health status, identify health problems and be informed for taking remedial measures;
- Aware about rules of safety in hazardous situation (illness, accident and injury) and equip them with first aid measures about common sickness and injuries;
- Encourage to form right habits about exercise, games and sports, sleep, rest and relaxation;
- Understand various policies and programmes related to health, physical education and yoga.
- Understand the process of assessment of health and physical fitness.

Unit I: Health Education

- Concept of health, importance, dimensions and determinants of health; Health needs of children and adolescents, including differently-abled children
- Impact of Physical activities, games, sports and yoga on different body systems, Management of stress and strain and life skills.

- Food and nutrition, food habits, timing of food, nutrients and their functions, diversity of Indian food, seasonal foods and festivals, economics of food, malnutrition, including obesity,
- Dietary requirements of human body with special emphasis on the nutritional needs according to age, sex, occupation, pregnancy and also with reference to sports-personship; Need for diet planning, Balanced diet.

Unit II: Physical Education

- Physical fitness, strength, endurance and flexibility, its components, sports skills, indigenous and self-defense activities
- Development of physical fitness; Postures; Importance of relaxation; Fitness tests; Resources and services for games and sports and Health. Common Sports Injuries and First aid.
- Games and sports — athletics (general physical fitness exercises), games (lead-up games, relays and major games) rhythmic activities, gymnastics and their impact on health
- Fundamentals skills of games and sports; Sports for recreation and competition; Rules and regulations of sports; sports ethics; sports awards and scholarships, sports-person ship.
- Drawing of Fixtures for conducting Tournament, knock-out, league, Layout of Track & Field areas.
- Commonly-abused substance and drugs and ways of prevention and inhabitation.

Unit III: Yoga

- Concept, need and importance of yoga, History of yoga
- Yogasanas- Standing, Sitting, Prone and Supine positions (5 Asanas each)
- Surya Namaskar and Pranayams, Meditation
- Precautionary measures for yogic practices.
- Role of yogasanas for prevention of common diseases

Suggested Activities for internal

- Project on Health/Sports and Yoga, analysis of various textbooks from Health and Physical Education point of view
- Activities for development of physical fitness, i.e. strength, speed, endurance, flexibility and body composition (Fundamental Sports Skills); Basics of track and field (100 mts., 200 mts., long jump, shot put, 4 × 50 mts. relay) .Any two team games (Kabaddi, Kho-Kho, Basketball, Cricket, Hockey, Volleyball and Football) or any individual game
- Organization of games and sports tournaments
- Learning and performing of basic yogic activities, asanas and pranayam, Surya Namaskar and Meditation

EPC 7: Reading and Reflecting on Texts

| | |
|----------------------|--------------------------------------|
| Semester-VIII | Credit-2 |
| Marks 50 | Contact Hours- 2 Hrs Per Week |

Introduction

A number of studies have shown that the teachers as well as student teachers do not read books other than the textbooks they have to teach or the books related to the syllabi of the course they are pursuing. As the goal of any teacher education programme is to prepare teachers as reflective practitioners, one of the strategies to achieve this goal could be to provide opportunities to the student teachers to read the given texts and then to critically examine the ideas presented in the texts and organize debates/discussions around the ‘ideas’. The given texts could be excerpts from short stories, novels, biographies, autobiographies, literary essays or educational, philosophical, psychological and sociological texts. The Teacher Education Institutions offering the B.Ed. programme can select 10-15 books available in their library for teaching the course in the light of its objectives listed below. The course shall be based on the use of multiple texts which address issues of multiculturalism, gender racism and texts which relate with current issues and contemporary trends. The literary, educational and scientific texts shall also form part of the course.

Objectives

The course will enable the student teachers to;

- Develop proficiency in reading and responding to written texts.
- Examine and appreciate authentic literary and non-literary texts.
- Develop study and reference skills
- Reflect on the ideas expressed in the texts.
- Plan, draft, edit and present a piece of writing related to their understanding of a text.

Unit I: Stories and Excerpts from Narratives (any one or more)

- *How I Taught My Grandmother to Read and other Stories*- Sudha Murthy-Puffin. Books, 2004
- *Tales from the Indian Jungle*-Kenneth Anderson- Rupa & Co. 2001
- *Tales of the Open Road*- Ruskin Bond- Penguin UK-2006
- *Encounters with Animals*- Gerald Durrell-Penguin-2012

Excerpts from the following:

- *The Diary of a Young Girl: Anne Frank*, Random House.
- *The man who planted trees*- Jean Giono, Chelsea Green Pub.
- *'I have a Dream'* Texts of speech delivered on Aug 28, 1963-Martin Luther King (Text and You tube version available.)

Unit II: Essays /Excerpts from Literary Texts (any one or two)

- *The Elephant, the Tiger and the Cellphone*-ShashiTharoor, Penguin, India.
- *Nine Lives- In Search of the Sacred in Modern India*- William Dalrymple, Bloomsbury, London.
- *Running in the Family*- Michael Ontage, Bloomsbury, London.
- *Interpreter of Maladies* – (Title Story)–JhumpaLahari, Mariner Books.

Unit III: Essays /Excerpts from Educational and Scientific Texts (Choose any three)

- *Medium of education* (The selected works of Gandhi- Vol.6), Navajeevan Publication.
- *A Brief History of Time*- Stephen Hawking, Random House.
- *Fall of a Sparrow*- Salim Ali, Oxford.
- *Education and world peace. In Social responsibility*, (Krishnamurti, J.) Krishnamurti Foundation.
- *National curriculum framework – 2005. NCERT*
- *Civilization and progress. In Crisis in civilization and other essays.* (Tagore, R.) Rupa & Co.
- *RTE Act, 2009*

Guidelines for Assessment

| Sl no | Activity | Marks |
|--------------|--|-----------|
| 1 | Narrating any one story selected from Unit 1 in own words; writing the summary of the story, extrapolation of the story; discussion on the ideas expressed | 10 |
| 2 | Converting any one situation from the text specified under Unit 1 into a dialogue followed by role-playing | 10 |
| 3 | Interpretation of the text, reflecting on the key ideas exposed in the texts specified under Unit 2 and preparing a write up based on any one text | 10 |
| 4 | Reflection on the ideas expressed in the selected essays/ excerpts specified under Unit 3 | 10 |
| 5 | Seminars and open forum for discussion based on themes related to selected texts from Unit 3 | 10 |
| Total | | 50 |

FE-3: WORKING WITH COMMUNITY

| | |
|---------------------------|--------------------------------|
| Semester-VIII | Credit-2 |
| Mark:50 (Internal) | Contact Hours- 02 Weeks |

Introduction:

School is a miniature community and a big gap is found between school and community. Mutual exchange and sharing of resources and facilities between the two is essential for national development. The student teachers need to have knowledge and awareness about the community and neighbourhood and the relationship between school and community. Considering the value of relationship between school and community and the facilitating role of teachers in this the B.Ed. curriculum has provision for fieldwork with community. The programme aims at enhancing their ability to enlist community support for School and contribute for national development. The programme aims at acquainting them with social realities, developing dignity of labour among them and prepare them for sustainable development.

Objectives:

The course will enable the student teachers to;

- Acquaint the student teachers with the factors working within the society, community i.e. knowledge of social realities
- Develop the dignity of labour among student – teachers
- Arouse their interest in the social and economic reconstruction of the country

- Make the student-teacher aware with the educational problems and needs of the society
- Prepare youth for sustainable development
- Develop the personality of the student-teacher through community service

Student teachers shall be provided exposure to community life for at least one week during which they shall live with the community members and act in terms of preparing school development plan, sharing cultural practices, holding cultural programmes and gaining community's perception about and aspirations from formal education system. The members of SMC/VMC should be associated in these activities.

The institution will form a committee, including faculty members, student teachers and community/SMC members for the smooth organization of this programme. The student teachers shall prepare a detailed report of the programme, individually and/or in group during the activity and submit at the end of the programme.

Transaction Mode

Discussion, Rally, Competitions (Debates) Posters and Banner displays Working in community setting, Mass movement, *Nukkad* Performances, Local action group formation, surveys, interviews, action research, case study, dissemination of success stories etc.

Suggested Activities

- Micro planning of a school community relationship
- Study of the nature of community participation in a secondary school
- Survey of community resources for participation in scholastic and co-scholastic activities of a school educational survey of a slum area
- Report on social customs, traditions and superstition
- Survey of a village/town with at least 20 households in order to study the socio-economic and educational status of the villager
- Study of wastage and stagnation in local primary schools
- Study of an area in regard to consumption of electricity and water and suggest remedial measures
- Tree plantation programme in the campus/nearby village
- Survey of parent's attitude towards education of their children
- Organization of non-formal education centers for dropouts and out of school children in a locality
- Organization of campus beautification programme
- Identification of problems of parents with respect to education of their children
- Aids awareness, electoral awareness, road safety, human rights, women rights etc literacy programmes in the community
- Cleanliness drives in the community and awareness about its needs
- Developing healthy food habits among the community members
- Training of community in some simple vocations for self-employment
- Action research on local problems in consultation with the community
- Micro – planning exercises for assessing the educational status of the community
- Establishment of peace-committees and making them functional effectively
- Critical review of implementation of rte act (2009) .
- Assistance and working with local community in actual relief work whenever needed
- Training of community in first aid
- Exploiting the community resources and finding means and ways of using them for school

Many more such exercises could be conceived. Any such activities could be planned at the institutional level and executed. It is suggested that these activities may be conducted individually or collectively under the supervision of teacher education.
