- The electronic wastes of the campus are collected by the BMC vehicles on Saturdays.
- Wood waste is used by the training teachers and students to develop various models which are displayed in the wood workshop of the Institute.
- Kitchen wastes (e.g. vegetable peels etc.) are used to maintain the kitchen garden of the hostels
- **Student Initiative:** The students initiated an innovative process to collect the plastics/polypacks in the plastic bottles to capture the macro-sized plastics to micro-sized plastics. This process will avoid spreading of plastics, choking of the drains by those plastics. These bottles can be further given to BMC or it can be creatively used for decorative purposes.

Additionally, the waste generated in the Institute is managed by Institute's Waste Management Policy

8.3 LANDSCAPING AND GARDENING ACTIVITIES

In addition, to carry out different plantation programs, efforts were also made by the Horticulture Section, RIE, Bhubaneswar for beautification of different parts of the Institute campus by the development of flower gardens and other landscaping activities such as the development of lawns, hedges, ornamental and avenue plantations, etc. From July'1987 to March'2023, landscaping and gardening work in most of the prime locations of the Institute campus like the front side of the Entrance gate, different Administrative and Academic buildings, Guest House, Library, Hostels, Principals residence, etc. and other amenity centers have been completed. Moreover, plantation of different types of fruit orchard in the west side of the Institute campus has also been done for further beautification of the landscape.
