Campus Selection

## Report of the placement cell

(2020-21)

A placement cell is associated with the school's academic division. Every student is provided with placement services working together with visiting institutions that ensure the safety and security of the pupils.

The placement cell receives excellent direction from the academic section's placement officers, who supervise placement activities on every year. The placement officers' additional duties include selecting colleges and scheduling student interviews. The placement cell receives resources from the institution, including human, financial, and intellectual capital. Typically, a large number of private schools from different states often come to the campus to make selections.

### Name of the placement officers for the Academic year 2020-2021

1. Prof. L. Behera
2. Prof S. K. Dash
3. Mr. A. K. Saha

### The following are the objectives of the placement cell:

- Career guidance for students enrolled in different courses.
- Encourage several academic institutions to take part in placements.
- Speak with schools to set up placements.
- Organise a seminar for the orientation of students before placement.
- Assistance with writing and interview preparation
- Help with the CV's preparation
