1. Background of the programme

The Regional Institute of Education (National Council of Educational Research & Training, New Delhi), Bhubaneswar is offering different innovative pre-service teacher training programmes for eastern region of our country. It offers courses such as B.A. B.Ed., B.Sc. B.Ed., M.Sc., M.Ed., Two Year B.Ed. and DCGC. One of the innovative and demanding pre-service teacher education course is 4 Year Integrated B.A. B.Ed. which is of eight semester. It has both theoretical papers as well as practical papers. One of the practical requirements of this course is **Working with Community Programme** having 8 days duration. The trainees are required to spend 8 days in a community and complete different activities. The purpose of **WWC** programme is (i) to acquaint trainees with factors working within community-knowledge of social realities (ii) to develop dignity of labour among trainees (iii) to arouse interest of trainees in the social and economic reconstruction of the country (iv) to make trainees aware with the education problems and needs of the society (v) to enable trainees for preparing youth for sustainable development (vi) to develop the personality of the trainees through community service.

For this programme trainees will spend eight days at a stretch during every academic year in the identified village. The mode of transactions are discussion, rally competitions / debate, poster and banner display in community setting, mass movement, survey, interviews, awareness programmes etc.

The Working with Community (WWC) Programme of 4 year Integrated B.A. B.Ed. is organized as a Programme Advisory Committee (PAC) programmes approved by the NCERT. The Principal of Regional Institute of Education, Bhubaneswar has entrusted responsibility of organizing this programme to Dr. Kalinga Ketaki, Assistant Professor in Political Science. Accordingly the PAC proposal was sent to the NCERT and it was approved by the PAC for the year 2020-21.

2. Planning of the Programme

For success of any programme required meticulous planning at organizers end. The Coordinator started planning for this programme since September 2020 by discussing with colleagues from Institute and from outside regarding nature and duration of the WWC programme. **The first step in planning is to decide a place for WWC.** Out of discussion and suggestions from colleagues and permission from the Principal, Dr. Kalinga Ketaki visited in and around of the Institute as well as observing faculty / suitability for camping for the programme.

The **second steps are to decide nearby areas** for WWC programme. The programme coordinator visited different nearby areas like Unit-IX, Science Park Basti, Ananda Bazar Basti, and Bhoi Nagar Basti for conduct the said programme.

The **third step is to design nature of programme** and different activity to be done by trainees. Different work sheets / Performa to be used by the trainees for collecting different types information from locality. Total 10 Activity are developed in consultation with Prof. P. C. Agarwal, Principal, Prof. Ritanjali Dash, Head of DESSH, Prof. M. K. Satapathy, Head of DEE and faculty members of DESSH. The Performa (are given in **Appendix – A**) such as :

Prof. Prakash Ch. Agarwal
Principal

Dr. Kalinga Ketaki
Programme Coordinator

“It is my privilege to give brief introduction about the WWC programmes. The WWC programmes is an integral part of 4 year Integrated B.A. B.Ed. course of our Institute. It is of 8 days duration where student teachers will be in a community to get realistic picture of the locality. The main purpose of this programme is to acquaint the trainees with the factors working in the society that affects education of children. It also intends to bring attitudinal change among trainees towards local areas and its education process. To acquaint trainees with the resources both man and material available in the community that can be utilized for the purpose of education. We also try to create awareness among local people regarding HIV / AIDs, Gender equity, RTE 2009 etc.

For this we selected some slums in and around of the Institute. Our trainees were visited all these slums for undertaking different activities. We decided to undertake total 10 activities such as Activity – I : Gender Equity / Environment Pollution / HIV-AIDs/Population Education, Activity – II : Head and Hygiene of the Community, Activity – III : Survey of Primary Education and Remedial Teaching in School, Activity – IV : Utilization of community Resources for School Education, Activity – V : Educational Awareness of Community, Activity – VI : Awareness on

RTE Act 2009, Activity – VII : Yoga, Physical Exercise and Games and Sports, Activity – VIII : Shrama Dana in Community in Terms of Cleaning Drive, Activity – IX : Rally on Different Social Issues, Activity – X : Cultural Programmed based on Social Issue and Problems. For smooth organization of the programme, we divided trainees in to 8 groups. Each group was assigned by a group leader and faculty from the Institute. I am very thankful to the faculty members for their help and cooperation and hope same in future. At the same time I am also grateful to Prof. P. C. Agarwal, Principal, RIE, Bhubaneswar for his all kind of cooperations to conducting this programme.

5. General Nature of the Programme

After inauguration programme on 02.02.2021, as per our planning all the trainees are divided into 8 groups with one group leader and faculty as Supervisor. Every day programme starts at 6.30 AM at school play ground, all the trainees and faculty members gather for physical activity. The physical activity was held under guidance and supervision of Programme Coordinator. Different physical activity such running, jogging, yoga and pranayam etc. are held up to 8 AM. This activity end with roll call by the Coordinator.

All the team members were taking breakfast at 9.00 to 10.00 AM and start from cleanness drive of nearby areas. It continues 10.00 AM to 12.30 AM. The team has taken cleanness drive of Institute campus.

After coming from cleanness drive, team go for lunch from 12.30 PM to 3.00 PM and take rest upto 3.00 PM. From 3.00 PM to 5.00 PM team members go for survey and community game along with faculty. DAY : 01 (PRE-CONFERENCE)

DATE : 02.02.2021

“Education is for improving the lives of others and for leaving your community and world better than you found it.”

As social beings, we humans owe some duties and responsibilities towards our society. As teachers have the power to shape the whole society, they should be provided with the opportunity to mingle with the community for its betterment. Regional Institute of Education provides this scope to the student teachers in the form of “ Working with community” program as an integral part of the curriculum.

Our community work commenced on 02 February 2020 with an orientation program at 9:30 am in the new auditorium of the college. The program was inaugurated with welcome address by our program coordinator Dr. Kalinga Ketaki. Welcome speech was given by our respected HOD (DESSH), HOD(DE), Dean of Research, Dean of

instructions and Principal. We were informed in detail about objectives and importance of working with community like, dignity of labour, development of mutual respect between school and community, availing the educational facilities and resources available in the society, etc. Also, Professor Prithish Acharya enlightened us with importance of discipline in the life of a teacher and shared his experiences about 'working with Community' programs of previous years.

Later, the session was continued after a brief tea and snack break. Dr. Ramakanta Mohalik informed us about the activities which are generally done under community work and suggested what could be the alternative activities that we can undertake during COVID-19 pandemic situation. Dr. Kalinga Ketaki briefed us about all the activities and told us about the role and responsibilities of a group leader and group members in the above said program.

Lastly, vote of thanks was given by Dr. Kalinga Ketaki.

DAY : 02

DATE : 03.02.2021 (Wednesday)

It was the first day of the field work of "Working with Community", wherein we started the work in the real ground. The day started with a morning prayer at 6:30 am, in the Childrens Park. At 7.00 am, we started some physical exercises, till 8:30 am in the morning. Then we had a tea break and after that, we went on a rally to create public awareness about various social issues, in and around of our campus. After this march, we again came to the Children's Park and cleaned the Park, after having breakfast. Around 12:30 pm, we had our lunch break. We again came to the Institute playground around 3:30 pm, for our community sports. The event of community sports was followed by some reviews and discussions about today's program by our co-ordinator, Dr. Kalinga Ketaki sir. He gave us some feedbacks about today's program and also talked about the activities we are supposed to do tomorrow.

The second day of the actual program and the first day of the field work was really interesting and enjoyable. Dr. Rashmi Rekha Shetty, the Associate Professor of Education, came to encourage us in the program. In the rally, we had taken up many social issues of water consumption, education, child remarriage, etc. to create public awareness. Therefore, the day was indeed worthy enough and provided us enough zeal to continue our activities in the future days.

DAY 03

DATE : 04 February 2021 (Thursday)

Physical Activity

The day started with an invigorating 1 hour of exercise including morning prayer, jogging and other fitness routines, for which students of B.A.B.Ed and our coordinator, respected Assistant Professor, Dr. Kaling Ketaki gathered in the Children Park, RIE Campus, Bhubaneswar, sharply at 7:00 am.

The morning prayer was started by our batch mates namely, Abhipsita Mohanty, Adyasha Padhi and Anisha Chouhan and we followed them. The jogging part was led by Mr. Atul Raj and others joined the squad actively and thereafter the exercise part was led by Aroti Tudu.

After the exercise, student-teachers were given some relaxation and then were asked to line up for Prabhat Pheri. This Prabhat Pheri is considered as the crucial part of this 7 day programme namely 'Working with Community' as it supports a lot to aware the people living in nearby slums.

The Prabhat Pheri included some messaging slogans like

'SAVE WATER SAVE LIFE',
'DONATE BLOOD SAVE LIFE',
'BETI BACHAO BETI PADHAO',
'UNITY IN DIVERSITY' as such.

Several Plack cards and two posters were given to us, which consisted of slogans written in each English, Hindi and Oriya language so that people can grasp the message effectively.

This part of the programme was led by Aroti Tudu, Shahriar Alam, Lakshmikant Pandey, Sanjeet Ojha. It helped us to have a healthy start to a fruitful day. It gave energy to perform rest of the activities with full enthusiasm.

Shramadaan

After the physical activity, we were given some time for relaxation and coordinator sir allowed us to go to Hostel for freshen up, if somebody wants to go. Otherwise they can

be in the Children Park. After that, we were served breakfast, probably at 9:45 am. Separate breakfast was served for vegetarian and Non vegetarian. Each plate of breakfast consisted one piece of Samosa, one piece of sweet, one piece of cutlet. Bara and egg were separately served to vegetarian and non vegetarian respectively. Each one was given one bottle of water.

After the breakfast, we were assigned to clean the rest of the part of the Children Park as some part of it was cleaned by us, yesterday. With the support of Group leader, we performed well. At about 11:30 am, each group finished the assigned task and thereafter coordinator sir addressed us and directed to reach to HB ground at 4:00 pm for sports. While addressing, he encouraged us and appreciated us for our diligence.

Sports

We gathered at 4:00 pm in HB ground. After a while sir reached too and then we started cricket match. Some of the student teacher, who did not play cricket, played other games and some of them was busy in rehearsal for their upcoming cultural activities. The cricket match was interesting that ended at 6:00 pm and then sir relieved us and so we proceeded to our hostel. The day was over. Sir told us that to come to HB shed at 9:30, tomorrow for upcoming events.

DAY 04

DATE: 05.02.2021 (Friday)

Report:

The day started with a morning prayer at 7am in the morning. After the prayer, we went for walking as a part of our physical exercise. After that, we did some other physical exercises and took a tea break. After the break, we again went on a rally like the other days, to create social awareness in and around of the campus. This event was followed by a breakfast. After that we were allowed to go the hostel and take rest if anyone wanted. After that, we cleaned the areas allotted to us, on the basis of our group and then went for lunch at 12:45 pm.

At 3:00 pm in the afternoon, the community sports was substituted by the cultural program. We went to the slums of Anand Bazar, to show the street plays. Group 1,8,6 and 7 performed their street plays twice in different places of that slum. Group 1 and 7 performed their play on the theme of "Atmanirbhar Bharat" while group 6 and 8, performed their play on the theme of "Our Current Education System". The day ended around 7:30 pm in the evening with the evening tea at H.B. Shed. The day was very interesting. The street plays performed by the students delivered very worthy messages to the audience, which I believe, they would implement in their everyday life.

DAY 05

DATE : 06.02.2021 (Saturday)

In the morning, we gathered in the HB shed. At 7o'clock, Assistant Prof. Kalinga Ketaki and Tarun sir reached at the spot. They told us that to arrange in a group. Some students reached in lately. So Kalinga sir got angry on them. Then we started prayer followed by jogging. Thereafter we did free hand exercises. After it, we took a tea break.

At the 9:00 am, we went to Anand Bazar for community survey. We were divided into two groups and proceeded to survey in a slum area. We approached to a family and asked some questions according to already given questionnaire. At 1:00pm, we returned to HB shed and were relieved for lunch.

At 3:30pm, we reached to the HB ground for community sports. Teacher's staffs and students were playing cricket. Girls were playing volleyball and basketball.

In the game, teacher's staffs won the match. We enjoyed the game and the day ended with full excitement. At the end of day, we were feeling privileged to be a part of this "Working with Community".

DATE : 09.02.2021 (Tuesday)

The 8th day started in the morning at 7:00am with a warm and soothing morning prayer. The morning exercise started with jogging and other fitness exercises conducted by some of our batchmates. Our coordinator Dr. Kalinga Ketaki also joined us in the exercise session and motivated us. Then we refreshed ourselves with a cup of tea and took a break of 15 minutes and discussed with our coordinator regarding Prabhat Pheri and Shram Daan.

Today we had hands on experience with real community. We started our Prabhat Pheri from college campus by aligning ourselves into two lines. We went from campus to Anand Bazar, Science Park, Jaydev Vihar and also moved around nearby slums. We interacted with the people and awared them about some sensitive issues. We raised slogans such as 'Do Gaj Doori, Mask hai Zaroori', 'Haath Dhoyenge Sabun se toh Rog Mitenge Jivan se', 'Paed lagao, Jeevan bachao', 'Slow Drive, Save your life', 'Sabhiye Padhantu, Sabhiye Badhantu', 'Rakta daana Mahapunya', etc.

After returning to the college campus at 10:00am, we were provided with appetizing breakfast. We took a break of 30 to 45 minutes to relax ourselves and to prepare ourselves for Shram Daan. Today, we got the chance to clean D.M. School. We distributed the work among ourselves. Some of us cleaned the assembly ground using

broom sticks and ploughs and others were helping them out by disposing off the dry grass and other stuffs. The ground was properly cleaned. We awarded the students about importance of cleaning the environment. After that, we dispersed off to our hostels for having lunch.

Today, the Community work program of B.Ed also started. So, we had community game (Cricket) with the B.Ed students. Cricket match was organized between both the groups. Both the teams played cricket with great enthusiasm and energy. The rest of the students cheered up their respective teams. We won the match and a small celebration took place. We had a small discussion regarding the cultural activities and with this, we dispersed to our hostels.

Physical Exercise

The day started with refreshing morning exercise for which student-teachers and our respected co-ordinator Assistant Professor (in Political Science) Dr. Kalinga Ketaki gathered in Children Park, RIE Campus, Bhubaneswar at 6:30 am. After gathering we lined up according to the Sl.No. and were addressed by our Co-ordinator.

At 7:00 am we assembled for morning prayer, entitled

RAGHUPATI RAGHAV RAJA RAM

PATIT PAWAN SITA RAM

Initiated by Dibyendu Dalai and photography was also done by him.

Thereafter, an invigorating jogging, led by Mr. Atul Raj was done, in which others including Co-ordinator sir joined the savad positively. After the jogging, we were served tea, whose odour was heart touching. At about 8:00 am, Associate Professor (in Education) Dr. Rashmi Rekha Sethy, joined us. She also addressed us and was welcomed by our co-ordinator. Thereafter we made two lines and got ready for prabhat pheri with banners.

Prabhat Pheri helped us a lot to convey several messages to the people living in nearby slum.

We returned at about 9:00 am and then had our breakfast which consisted Samosa, Cutlet, Bara, Sweets.

Shram Daan

This part is integral to everyone's daily life. So, it was an entertaining phase of our today's work. We worked with full enthusiasm. We were assigned to clean the northern

part of the children park and so we did it with the cooperation of fellow group members. The group leader gave us complete autonomy to work and came with positive end result. Like us, others group too completed the cleaning part. A proper coordination was seen among each of the group members. It was around 12:30 pm. When we reached at the end result and then again, we were gathered near the tree, where our coordinator sir appreciated us for our work and then relieved us to proceed to hostel.

Sports

After shramdaan, we were directed to report at 4:00 pm shortly in HB ground and so we did accordingly. At about 4:15 pm, we started the sports part, in which our coordinator sir with Tarun Bhaiya (Computer Operator, DESSH) asked everyone interested, to play cricket but most of them, especially girls denied. So, others played cricket and rest of them played game of their own choice. This part got over at 6:15 pm and then we were given refreshment. The day spent enticingly. We were relieved and asked to report at 7:00 am shortly in the Children Park, RIE Campus, Bhubaneswar, tomorrow.

Then we moved out of the park in a single line for morning walk around the campus. Spending around 20-30 minutes, we are back to our initial point. We did some stretchings and the laughing exercise leaded by Miss. Aroti Tudu followed by tea break.

Community Awareness Rally

After tea, we set out for the awareness rally outside the campus, with placards in trilingual and slogans to shout. In the placard, we use slogans like

- “Save water, Save life”
- “Padhe ga India, Tabhi to badhega India”
- “Jaha Haryali, waha Khushhali” etc.

We also shout out the slogans in the placard and some others not in placard. Making round the areas, we headed back to the college for breakfast. Half an hour we got time to rest – some went to the hostels while others stayed back at the park.

Cleanliness drive

The clock stuck 9:00 am, we all had breakfast together and assemble in group wise – distributed the reusable mask and the white glove (a pair each) and also distributed the area for cleaning. Our group got the surrounding areas of the first trees. We get the brooms basket and spade and start removing the dry leaves and used the spade to level it around. We finished early and move beside to help the other group who haven't finish. We get over in no time. From then on we had discussion together till lunch time at 12:30 pm. By then we were sent for lunch to the hostel with advice to meet at 4:00 pm in the playground.

Games time

By 4.00 pm, everybody got present in the playground. Using the same team as yesterday mixing of the boys, two girls and our two coordinators, we played cricket, and all the others are audience. Getting bored, some of the girls had left for hostel. But when the game ended at around 6 pm, the girls were called back. We assemble together once again to discussed tomorrow's plan. We decided to go community survey and perform Nukkad Nattak for the next day. Then some groups practice for the next day show while the others left for the hostel and that's how we ended the second day of the workup with community program.

DAY 04

DATE: 05.02.2021 (Friday)

Community Work can be known as a process by which a community identifies its needs or objectives, gives priority to them, develops the confidence and will to work at them, finds resources (internal and external) to deal with them, and in doing so, extends and develops co-operative and collaborative attitudes and practices in the community.

Morning Exercise

We woke up and got freshen up and individuals finished doing their own personal work by 6:50am. After which we all went to Children's Park in our campus and assembled by 7:00am to do our daily physical activity. There we all stand according to our group and form a line and gave our attendance. After that we did our prayer together and we all left in line to walk/jog along the campus. We all came back to where we have started and did our morning exercise led by our own batchmate. Each and everyone participated actively.

Tea Break

After completing our morning exercise we had a small break where we were provided tea.

Awareness Rally

After tea break we form 2 lines and walk in lines calling with us placard and banner for awareness rally. We walk around Anand Bazaar Square.

Breakfast

After our Awareness Rally we went back to where we all started and took our breakfast. We were provided with water bottle and packets.

Shrama Dana

We were given our own part to clean according to our group. We all did our work enthusiastically and after that we went back to our hostel to take lunch.

Nukkad Natak

We all gathered at 3:00pm near the parking area along the entrance of our college where we form 2 line and head towards Anand Bazar, Boi Nagar Basti to eperform our Nukkad Natak infront of the crowd. Nukkad Natak was performed by 2 groups. The crowds were able to understand the message through the natak.

After that we came back to our college.

We spread the values and awareness on water issues, safe driving, trees and plantation, girl education, cleanliness etc. After returning back at RIE campus around 10:30am. We had our breakfast at the college park. We had discussion regarding the whole community work week at the same time. Our programme co-ordinator then directed us for that day work. We were assign to clean D.M. School campus. It was really a stiff job to clean the dry grasses with no sharp spades and a single grass cutting blade.

Till now all groups had developed camaraderie among themselves and thus everyone work intensively to clean the campus of our little brothers and sisters school. Although, the area assigned to us was quite large, but co-ordination and co-operation made it possible to clean the entire garbage and uproot the grasses from the ground within 3 long hours. Students alternatively takes the charge of handling spade and everyone show its full co-operation. The “Shramadaan” programme ended after midday around 1:30pm and we were informed of a community sport match between B.A.B.Ed and B.Ed programme at 3:00pm.

We met again at 3:00pm and played, the match was throat cutting but at last our team B.A.B.Ed won the match with larger contribution of Anil Haik. As it was the last day of our “Community Work” programme so we enjoyed its closing by dancing, and our programme co-ordinator Dr.Kalinga Ketki sir, supported us in dancing. Later he share his entire life experience through stones and enlighten our heart.

DAY : 01 (Pre-Conference)

DATE : 02.02.2021

Working with Community' is a part of the Bachelor of Education programme with the vision that a teacher is not an isolated element with the only job to teach the students; but also as a learned figure in the society with every potential to change the society. Humans are social animal and cannot live in isolation – they are in consistent interaction with the society, the environment and the community in which they live. Keeping our vision of changing the irrational views of society, serving it through our labour and various awareness programmes; our programme started with the Pre-Conference on Day 1.

The Pre-Conference was held at the New Auditorium, Regional Institute of Education, Bhubaneswar-751022 at 9:30 am. The main objective of the pre-conference was to guide the student – teachers about the objectives, importance and our role in the community as a student and the would be teachers. We were also told about the activities that we would be undergoing through. The pre-conference started with the registration of the students into the programme. By the end of the registration, we all sat for the inauguration of the programme by our esteemed professors and our highly respected principal. The programme was inaugurated by our respected Principal, Prof. P.C.Aggarwal, HOD DESSH, Prof.Pritish Acharya; HOD DE, Prof.I.P.Gowramma; Dean of Instruction, Prof.Sandhya Rani Sahoo; Dean of Research, Prof. B.N.Panda and our programme co-

ordinator, Dr. Kalinga Ketaki. They enlightened us about the importance of our role in community with examples from their real life experiences. The objectives and importance of the programme was discussed by Prof. Prithish Achary sir and Prof. B.N.Panda sir. They told us about the importance of waking up early, to be disciplined and how the programme was conducted earlier and also motivated us as to how this would enhance our personality.

After a short tea break, Prof.R.K. Mohalik sir discussed about the activities that we shall be conducting throughout this period – cleanliness drive, fitness programmes, rallies, skits, community lunch, surveys, etc. He also raised before us the topics on which we can carry out the activities like gender equity, population education, environmental pollution, health and hygiene and many more. The programme ended in formation of group and distribution of responsibilities by our programme co-ordinator, Dr. Kalinga Ketaki. We were instructed to report at 6:30 am the next day at the Children's Park of the campus to begin with the field activities. With a motivation and excitement of the new experience of life, we all dismissed at 1:00pm

DAY : 02

DATE : 03.02.2021 (Wednesday)

The day started at 6:30 am by our assembling in the Children's Park of our campus. The students reached there on time. We had our morning prayer after which we got involved in physical exercises. The students jogged/walked around a defined area within the campus and then practiced some exercises like spot jogging, toe touching, side squats, etc. This session ended by meditation. Our programme co-ordinator, Dr. Kalinga Ketaki was present there before 6:25 am and motivated us throughout this course. He was also an active participant of the physical exercises activity. He taught us the importance of discipline in life. After the exercise session, our mind was freshened. We took a short tea break before we proceeded with our rally.

The students marched into the lines of 2 around the campus and Anand Bazaar adjacent to the college campus echoing slogans of social, environmental, educational and health concerns professing, in particular, the importance of water, the importance of education for all and of the girl child in particular, importance of planting trees and importance of cleanliness in the building of a safe and clean India. The group members along with the entire class, participated enthusiastically this rally. By the time we returned, it was almost 10 o'clock. We then had our breakfast and water.

The next activity was 'Shrama Dana' in which we had to clean the Children's Park. The class was divided into various groups and each group was given a location within the park to clean. Our group collected the dry leaves, straws, wild grasses and picked up the plastic wrappers as well. We were provided with brooms, spades and baskets for the cleaning. The main purpose of this was to build up the dignity of labour among the students. After the cleanliness drive, we dispersed for the lunch break. We were instructed to arrive at 4:00 pm at our college ground for sports activity.

As per instructions, the students arrived on time and then, for today, it was decided that we would play cricket. Since the class has more than required population for cricket, volleyball was also conducted for others. Some students also participated in the gym activities adjacent to the basketball court of our campus. The cricket match ended at

about 6:00 pm, after which we had our discussions over the cultural activities that were to be conducted. We dispersed at about 6:30pm after having the evening snacks. The day was well utilized and even more productive days are to be looked forward by us.

DAY 03

DATE : 04 February 2021 (Thursday)

The day started at 7:00 ma through our assembly in the Children’s Park of the college campus. We assembled there in queues as per the group. We did the morning prayer. Three of our batch mates recited the prayer and we repeated after them. After the prayer, we lined up in single queue and walked around the campus as per the physical exercises schedule. Apart from walking, we also indulged ourselves in the morning PT which included many exercises. The PT was directed by one of our batch mates. The activity was completed by 8:30 am. We then went for the awareness rally.

The class was divided into 2 lines and the venue selected was Anand Bazaar suburb which stands adjacent to our college. We marched in lines, holding placards with the messages: “Health is Wealth”, “Save Water, Save Life”, “Plant tree, Save life”, “Beti Bachao, Beti Padhao”, “Maintain social distancing and wear masks”, “Padhega India, tabhi toh badhega India” and many more. We called out slogans conveying these messages. We walked a larger area than the previous day and were satisfied to see people paying need to us.

After returning from the rally, we gathered once again at the Children's Park. We had tea and our breakfast that comprised of vada-egg chop, alu chop, samosa and rasgulla. The food was distributed by three to four people amongst us. The class sat together to have the breakfast and discussed over various matters. By 10:00 am, we all had finished our breakfast. We disposed our plates and bottles in a basket and started with Shrama Dana.

Unlike yesterday, we were to clean the Children's Park at places where it could not be done yesterday. Our group got the responsibility of picking up the stones and bricks in the ground which could hurt the people. The group hand picked the stones and bricks and compiled them at the side of the stage present there. Other groups were involved in collecting dry leaves around the trees and sweeping the pavements. These were collected in baskets and piled up at a place outside the park. The morning shift ended at 12:00 pm after the completion of work. We were to assemble at 3:00 pm for another shift of our programme.

During evening hours, sports events were conducted students took part in games like cricket, volleyball and the like. After the end of sports activity, the students assembled in their respective groups to prepare for the cultural activities i.e., skit, here. The skit needed to be performed on diverse issues. The groups practiced and by 7:30 pm, we dismissed with the instructions for tomorrow.

DAY 04

DATE: 05.02.2021 (Friday)

We assembled, as usual, at 7:00 am in the Children's Park for the community programme as scheduled. We prayed, went around for the morning walk, came back and did our morning exercise. This was done in the campus premises. With time, our unorganized lines have somehow become perfectly organized and were more at ease during the walk. We now shifted from easy exercises to difficult ones. We had finished our morning

exercises a little earlier today as all had become nearly acquainted with the exercises. By then, our tea had arrived. We sipped the hot tea and after that, went out for the rally.

The venue selected was Anand Bazar adjacent to our college campus. We were actually restricted to this area as per the instructions of our authorities due to the prevailing COVID – 19 situation. We called out slogans relating to social, economic, environmental and human awareness. We returned after rallying around the slum area there and had our breakfast comprising of alu chop, samosa, vegetable cutlet and sweets. We did our Shrama Dana by continuing the cleanliness drive and cleaning the area in and around the Children's Park. At 12:00, we dispersed for our lunch break. Two of our four groups had to present Nukkad Natak at 3:30 pm.

We assembled at the college for presentation of our skit at 3:30 pm. The college lacks audience – only the final year students were present. We marched to the Anand Bazar for the presentation. The first group raised the issue of education for students as per their interests. The second one talked about 'Atmanirbhar Bharat'. Both the plays were presented very beautifully. The audience of the slum appraised it with claps. They brought their mobile phones with themselves to record the two acts. The only problem we faced was the language issue – most of our batchmates did not know how to converse in Odia. We were not prepared for such audience. We somehow could make out from their faces that they understood the play to a certain level. Our purpose was achieved to a

certain level. Our co-ordinator, Dr.Kalinga Ketaki sir was very much impressed with the two skits. We moved to another site so that the skits reach to more people. We received a better response there.

We came back to college at 7:00 pm and assembled at our playground. Ketaki sir arranged for the tea. We had discussions over the next day's programme and by 7:30pm, we were dismissed.

DAY 05

DATE : 06.02.2021 (Saturday)

First of all we were asked to assemble in the Children's Park at 7:00 am in the morning. We started our day from a morning prayer. Three of our were asked to come in front and start the prayer and rest of us were also singing along them. Then to warm up our body one of us were showing some exercises. Really, exercises brought enthusiasm in us. All these activities took 1 and ½ hour to complete. Then we had a cup of tea. After that at 9:00 am we had our breakfast. It took 1 hour to complete our breakfast and to get ready for the further activities of the day.

Then at 10:00am we all make two lines and went to basti nearby Anand Bazaar for survey. We were asked to split in 8 groups. We can go any house to get a survey report from any family. Our group has 5 members. To get variety of survey report we also divided into 2 groups. In one group Nidhi, Mary & Manisha were there and in other group Neeraj and Maharishi were there.

After getting all the data from many houses, all the groups of our community work assembled in the Anand Bazaar near Shubhashree communication. After counting no. of student present, we all went back to our campus at 12 noon. Then we all were asked to move in the main ground. We assembled in the main ground and then Dr. Kalinga Ketaki

sir instructed the schedule of further activity of the day and told us to take our lunch in the hostel and at 3:00 pm again we have to assemble in the H.B.shed.

So we moved to our hostel and took our lunch and then at 3:00 pm. We assembled in the H.B. shed. Then Ketaki sir told us to play cricket or any other game whatever we wanted to play. After that all the boys including 2-3 girls of our group played cricket very nicely and rest of us were cheering up and enjoying the match.

Then at 6:00 pm match was finished and then we took rest and had a cup of tea with all our group members. Then we were asked to give our review of the day and to share our experience of the survey. After a good discussion, at 8:00 pm we went to our hostel.

DAY 06

DATE : 07 February 2021 (Sunday)

We reported at Children's Park of the college campus at the allotted time of 8:00 am. As per schedule, we prayed to the almighty for our enlightenment from dark to light, from wrong to right and to bestow us with will-power, courage, sense of justice, righteousness, mercy, kindness and all the quality that is present within a good human being – we become a good human being and benefit the society and world with our good deeds. After the solemn prayer, we indulged ourselves in physical exercises that was conducted by one of our classmates, Aroti Tudu. It was conducted for about 30 minutes and ended with laughter therapy exercises. We had a short tea break before we took out a rally.

We were lined up in two queues. The students leading us held the banner of our community work. The others following held the placards displaying various slogans. We marched around the staff quarters within the campus and also circled the hostels calling out the slogans. By 10 o'clock, we returned back to our reporting venue, i.e., Children's Park. It took a little time for our breakfast to arrive. Today's breakfast comprised of banana, samosa, alu-chop and rasgulla. The food was distributed in a disciplined and co-

ordinated manner. There are small things in life that teach us many things – for example, the simple act of food distribution teaches co-ordination, eating together in groups develops the inter-personal skill; and the act of collection of food packets teaches us unconsciously not to litter around. We had to clear the college campus of the polythene and plastic for the Shrama Dana today.

Equipped with brooms, spades, baskets and sticks, we went around the college campus in our respective groups of 6 people. We collected the plastics, wrappers, bottles and many other foul items in the baskets and dumped them into the nearby dumping cubes installed in the college campus at about every street. The sweepers really do a tough job of coping with the foul smell of our litters. We took a lunch break after this and were to report at 3:00 pm for our sports programme.

The sport selected was cricket – it was between the staff and the students today. After a very exciting match, the staff members emerged victorious. They gave us the treat of cold-drinks and chips. We practiced our skit that was to be performed the next day; took the instructions for tomorrow and dismissed.

DAY 07

DATE : 08.02.2021 (Monday)

The activities day started at 7:00am as usual with our prayer. It was followed by our morning walk around the college campus and then we had our morning exercises. We took a short tea break after which we were to rally around the campus calling out slogans for water conservation, conservation of forests, proper utilization of resources, importance of education, gender equity, health and hygiene. We rallied in two queues. We then had our breakfast. Today, we received fruits – apple, oranges and grapes for breakfast. It was very refreshing and healthy.

Our Shrama Dana (which comprises of the cleanliness campaign) was to be done around residential area in the college campus. We cleaned the area of plastics and polythene and other garbage. They were dumped in bigger dustbins installed within the college campus. It really is very sad to see people littering around so much. The garbage smells very foul. After the cleanliness campaign, we were dismissed for the lunch break.

We reported at 3:00pm for the sports activity. The Students indulged in playing cricket and basketball. These days of community work made us realize the importance of games in our life – we stay fit, we learn team work, we learn to stand up after falling, we learn to accept defeat, we learn to have patience, we learn to improvise on our methods and we learn to mould ourselves in a good human being who is tolerant of others. The day was concluded by our general discussions on the events and organization of tomorrow and we dismissed.

DAY 08

DATE : 09.02.2021 (Tuesday)

Today was the last day of our working with community. The day went as per schedule – we assembled at the Children's Park at 7:00am, went around for morning walk after the morning prayer, had our tea and then went around outside the college campus for awareness rally. Today, we entered the slum area to call out the slogans. We had placards in our hands as usual. The people came out of their houses to see and observe us. We covered a greater area today before we returned back for our breakfast.

We had our breakfast of samosa – vada – vegetable chop – gulab jamun in groups. The class was together eating the breakfast and it was very good to see us together. This usually reminded us of the school days when we were to complete our lunch within a short break – we were made to share our tiffins and had conversation about small things that mattered the most that time. The normal discussions here was how a particular dish is

made, how the people reacted during our rally and how we would clean the upcoming place during 'Shrama Dana'.

We were to clean the DM School today. The work was equally distributed today as we were all given a defined area. We cut the wild grasses, cleaned the playground, picked up plastics, etc. We swept the place and collected the stones and pebbles as well. It was the last stay of our 'Working with Community' and hence, everyone was enthusiastic about the cleanliness drive. It was completed within a short period of time we were then dismissed for our afternoon lunch.

We had our lunch and were to report at 3:00pm at the playground area for the sports activities. There was yet again a cricket match held and the rest students played basketball and volleyball. With a victory over the B.Ed. batch in the cricket match, our community work was completed. It was a very inspiring journey, we learnt about dignity of labour, working in co-ordination, discipline, cleanliness and team work. These qualities will remain nourishing our human existence.

DAY : 01 (Pre-Conference)**DATE : 02.02.2021**

School is a miniature community and a big gap is found between school and community. Mutual exchange and sharing of resources and facilities between the two is essential for national development. The student teachers need to have knowledge and awareness about the community and neighbourhood and the relationship between school and community. Considering the value of relationship between school and community and the facilitating role of teachers in this, the curriculum has provision for fieldwork with community.

The orientation programme for B.A.B.Ed Semester VIII: working with community started at 10:00 AM. It was headed by respected Principal, Prof. Prakash Chandra Agarwal, Head of Department of Education, Prof. Gowramma I.P., JHead of Department (DEESH) Prof. Pritish Chandra Acharya, Dean of Instruction Sandhya Rani Sahoo, Dean of Research, Prof. B.N. Panda and programme co-ordinator Dr. Kalinga Ketaki. The objectives and importance of the program was intimated to us during the conference. After a short break Dr. Ramakant Mohallik oriented us regarding the activities, schedules and procedures to be carried out. Agarwal, Dean of Instruction Dr. Sandhya Sahoo, Dean of Research Prof. B.N. Panda Sir, Head of the humanities section Prof. Pritish Acharya sir, Head of Education Department Prof. I.P. Gowramma Ma'am, Prof. R.K. Mohallik and our programme Co-ordinator Dr. Kalinga Ketaki sir were the esteemed personalities present our there.

Our function began with a speech by our Principal sir, who enlightened us how difficult it had been to still conduct the programme & wished us all the best. Then Prof. B.N. Panda sir shared an experience with us when he took part in the previous programme. Similarly all the other guests gave speeches and shared their experiences & views.

After this, the objectives and “importance of working with community programme was discussed by R.K. Mohalik sir. He gave us some major tips and themes for our activities like Health & hygiene, Lifestyle Diseases, Education etc.

At last our programme co-ordinator Dr. Kalinga Ketaki sir explained us more about the programmes and made us familiarised with one group members.

The groups assigned were 8 in number with 6 members each from 31 to 36 roll number. I was in group number 6 with Ranganath, Riya Kumari, Sandip Deb, Sachin K. Das and Sanjit Ojha.

Then Dr. Kalinga Ketaki sir closed the programme and gave his vote of thanks.

DAY : 02

DATE : 03.02.2021 (Wednesday)

School is a part of community and learning teaching is a process always taking place in a society. Due to the pandemic situation this year the community programme took place in our Institute campus and the nearby places.

The day began with us being assembled in the Children's Park at 6:30 am sharp. It was such an beautiful sight to see in the morning and seeing all the co-operation from the students was good.

The first thing we did after reaching there was a 'Morning Prayer'. We sang a morning prayer that is 'Raghupati Raghav'. We went along with the beautiful prayer.

After the prayer, the second activity of the day was a 'morning jog.' We went around the campus for a light jog. It felt really energetic to wake up and have a jog.

After all the students reached back to our destination we had a twenty-thirty minutes of exercise schedule. Our batchmate guided us with the exercises. The exercises gave us pretty much satisfaction and the warm up we needed for the rest of the schedule.

After the whole exercise session our respected ma'am, Dr. Rashmi Rekha ma'am came for a visit. She told us about discipline and we should give our best for this programme.

We then had a small tea break. The tea refreshed our minds with its beautiful taste. And then came our breakfast, which filled our hunger.

Then we had the very important & timing part of the day, 'Shram Dana'. We decided to clean the children's park as a start. Because as Kalinga Ketaki sir said 'lets do something for the children's first'. The different groups were given different areas of the park to clean. All the tools for the cleaning programme was provided the tools were several broomsticks, baskets for picking up the garbage, grass-cutter, ect.

We all cleaned the area by sweeping, cutting, picking up the plastics etc. After the long timing work, we were allowed to have our lunch.

At 4:00 pm, we again gathered at the ground in front of the Homi Bhaba hostel for our community sports. We had selected two games to be played volley ball & cricket. Few of the girls and boys went with playing cricket where as some other girls went for volleyball. All of the students enjoyed the sports. Majorly our group mate Sanjit Ojha, was the stack of the cricket match.

Finally at 6:00 pm the long schedule came to an end.

DAY 03

DATE : 04 February 2021 (Thursday)

Morning

Today we were asked to assemble at the Children's Park at 7:00 am in the morning. After we reached there we had a morning prayer. Today the prayer was 'Asto na Sad Gamaya' which was led by Abhipsita, Amisha & Adhyasha. After the prayer we had a walk around

the campus and it was followed by the morning exercise. The exercise was led by aroti tudu today. She made us do some interesting exercises which warmed up our body from head to toe. DAY : 01 (PRE-CONFERENCE)

DATE : 02.02.2021

Human beings are social animals dwelling in a society following distinct sets of norms and regulations. Numerous problems occur in the society at different times. Being student teachers, it is our prime duty to interact with the community, diagnose the problems through the eyes of community members, try to find solutions and flourish as individuals and professionals. Keeping in mind the same, an activity of working with community has been included in the curriculum.

This challenging activity in teacher training has enabled a powerful synergy between the core functions of our teachers training faculty and the wider community. Learning is a social and cultural process; thus learner teacher's developing expertise should not only reside in the knowledge domains typically established in the books but beyond that.

The pre-conference started on 2nd February 2021 at 9:30 am at New Auditorium of our college. The programme was inaugurated with a vibrant speech by Dr. Kalinga Ketaki followed by other faculties.

This programme aimed at providing us the objectives importance of working with community as well as the activities to be conducted during the period of time. All the details and relevant informations were shared to the students regarding this programme and its prospective outcomes.

We were provided refreshments and after the tea break, Prof. R.K. Mohalik explained us the activities to be conducted in a descriptive manner for our easy comprehension. Prof. B.N. Panda and Prof. Pritish Acharya shared their experiences, which were truly motivating and exciting.

This programme is truly a growing experience for all of us. We are looking forward to use this opportunity to the fullest.

DAY : 02

DATE : 03.02.2021 (Wednesday)

It was a pleasant morning which started with refreshing morning exercise and a heart warming prayer in Childrens Park at 6:30 am. We continued the programme with a rally in the presence of Dr. Ketaki sir, Swagatika Senapati ma'am. We marched from our college covering the slum areas and Anand Bazaar.

We were excited and enthusiastic and our aim was to aware the community people about various social issues; for instance domestic violence, Global Warming, saving the girl child and educating them. The students upholding the banner of 'Regional Institute of Education, Bhubaneswar' and their programme, "Working with Community" headed the awareness rally holding placards and shouting slogans with the motto to explain their purpose to the community people.

The students returned to their abode and had breakfast by 10:30 am. We had samosa, vara, sweets, and cutlet in our breakfast along with water bottles. The arrangement was indeed awesome.

By 10:30 am, we started 'Sram dan' by cleaning the Children's Park. It is a place where the children dwelling inside the campus play and spend a lot of time. Our aim was to gift them a clean park where they can spend their play hours. We were divided into eight groups and each group cleaned a portion of the total park area. We did the work with all our hearts. We tried to pull out the thorny bushes, throw away the dry leaves and the stones. It was not just a work, but it was a way of gifting clean environment to the younger generation.

Finally, we sanitised ourselves, got ourselves clean and had lunch at our hostel. By 4:00 pm we reached the H.B Ground, had a general discussion and got engrossed in playing Cricket & Volleyball. Some of the students went to the gym too.

The day was timesome but the efforts we made gave us immense happiness which words can hardly portray. At the end of the day, we felt satisfied and waited for another morning when we could contribute to the society the same as today.

DAY 03

DATE : 04 February 2021 (Thursday)

The third day started with a prayer at 7:00 am. It was followed by an energetic and refreshing exercise where the students were actively accompanied by their co-ordinator, Dr. Kalinga Ketaki. At 8:30 am, the students headed by their co-ordinator proceeded

towards the slum areas near Anand Bazaar for an awareness campaign, highlighting and shouting slogans on various social concerns. Other were busy practising for 'Nukkar Natak'. The day was time some, but the work done by us gave us immense happiness. We were all satisfied and at the end of the day, we were waiting for the next day to continue our programme.

DAY 04

DATE: 05.02.2021 (Friday)

We started our day with prayer and exercise, everyday. What is unique is the revived efforts of the students and the coordinator. The students gathered in the H.B shade early at 7:00 am. After an hour of practice, we dispensed at 8:00 am which was followed by breakfast.

After a nutritious breakfast, the students along with the coordinator marked the beginning of “Swacchata Campaign” under “Shramdan” activity, upholding the banner of “Regional Institute of Education, Bhubaneswar signifying their “Working with community programme. Sufficient arrangement were made for initiating a cleanliness drive within the college campus. Each student was provided with masks and gloves for this purpose. The students engaged actively and enthusiastically in cleaning bushes, picking plastic wastes, sweeping dry leaves etc. in the H.B. ground. We all joined efforts and made our environment clean and healthy.

The students and the other members gathered in the healthy lunch at 1:00 pm. After having some rest, the students gathered in the H.B shade again. The students played cricket, volleyball, basketball etc. The matches were interesting.

Sharp at 6:00pm, all the students gathered in front of the college gate and march towards Anand Bazar slum area. The students asked and requested the people to come, gather and enjoy the “nukkar natak” prepared by them. Meanwhile, all the people dwelling there started gathering. Dr. Rashmirekha Shetty gave a speed on the topics ‘nukkar natak’ and then the show began. Two groups of students each comprising of 14 students presented the natak. The first group presented the natak on ‘Our Education System’ and the second

group on 'Aatmanirbhar Bharat'. Our primary aim was to aware the people of the social issues which was fulfilled to a great extent.

We all enjoyed a lot. Our efforts were bearing fruits and it was clearly visible. We could see the villagers praising our efforts and blessing us. The best part of all these is the experience we gained and the memories we created which will be cherished by us forever.

The fourth day of the community work began with a prayer followed by the morning exercise where the students were accompanied by their co-ordinator, Dr. Kalinga Ketaki. At 8:30am, the students headed by their co-ordinator proceeded towards the slum areas near Anand Bazaar for an awareness campaign, highlighting and shouting slogans on various social concerns. The students were upholding the banner of "Regional Institute of Education:", and their programme "Working with the Community". They were holding placards and their aim was to explain their purpose to the people of the community. The students returned to their abode by 10:00am and their they had their breakfast. For breakfast, we were given samosa, aloo chop, cutlet and sweets. After a nutritious breakfast, we started our 'Shram dana' by cleaning the Children's Park. All the eight

groups were allotted different spots which was to be cleaned by them. Each student was provided with a mask and a pair of gloves for this purpose. The students engaged actively and enthusiastically in clearing the bushes, picking plastic waste and sweeping away the dry leaves. We did the work very sincerely and gifted a clean park and environment to the children of the campus. We came back to the hostel for lunch at around 12:30pm. By 1:00pm, all of us assembled in front of the college building and from there, we went in the slum areas of Anand Bazaar and presented our 'Nukkar Natak' in front of the people. Our topic was 'Atmanirbhar Bharat' and we depicted the difficulties faced by the people during lockdown due to Covid – 19. The people enjoyed it and we came back to the college where we were appreciated by our co-ordinator for the work done by us.

DAY 05

DATE : 06.02.2021 (SATURDAY)

Again a new day and lot of new endeavours. We gathered in the H.B shade sharp at 7:00am. The day started with a rejuvenating prayer and a warm up exercise headed by Aroti Tudu. After an hour on so, we dispersed and initiated a rally, upholding the banner of 'Regional Institute of Education, Bhubaneswar' signifying their community programme.

After a nutritious breakfast, we got ourselves engaged in 'Sharm - dan' and cleaned our surroundings enthusiastically. Our joined efforts made the work much easier.

Sharp at 10:00am, we all gathered for a meeting with the coordinator. Dr. Kalinga Ketaki summarized the activities that would be conducted throughout the day. The students also planned for the programme schedule of the day and the activities to be undertaken. After the discussion, the students headed to the Anand Bazar, Bhubaneswar for conducting survey.

This was our first survey under 'Working with Community' programme which was concerned with taking account on 'Gender equality and population education awareness'; 'Health and hygiene of the community'; 'Survey of community resources for school education'; 'Educational Survey of community and interview schedule of parents regarding RTE - 2009. We surveyed 6 families which had enthusiastic and comprehensive yes/no questions.

It was found that these people being business man, carpenters, cobblers are not much educated but they are making sure that the next generation is going to schools both public and private. They attend the PTA meetings regularly and make efforts to brighter their children's future. Women enjoyed participation in decision making process and they were

not seen as secondary to men. Biasness towards male child was also not found and children were considered gift of god. Though family planning measures were believed to restricted to ladies, the other aspects did not see the inequality. The people did not hesitate about talking regarding their sexual problems and even answering some questions in the questionnaire.

In the evening, we played games. Altogether, we enjoyed the day and eagerly waited for the next day.

DAY 06

DATE : 07 February 2021 (Sunday)

A pleasant day started and we gathered around 7 am in Children Park. We were very energetic and active the morning. The morning assembly was held. A beautiful prayer was sang by Anisha, Adyasha and Abhipsita. The prayer filled in positive vibes in the mind, body and soul. An exciting morning exercise was carried one led by Aroti Tudu. She had started with easy warm up and gradually made them difficult. The morning exercise charged us with great energy and spirit. Then we had our rally in the campus itself. We had our program banner and various other placed to make people aware about the various issues. We chanted slogans while we were having our rally. After that we had our morning tea and breakfast. Our morning breakfast consisted of samosa, aloo chop, banana and sweets. Drinking water was provided. After that we started our 'Shramdaan'. Our group was allotted to clean the road starting from tennis court to main gate (hostel). We were accompanied by Group 6 and 8. We picked all the polythenes, wrappers of various things, dry leaves and all other rags we saw on the road and on the footpath. We completed our shramdaan around 12:30 and gathered in the childrens park. Ketaki sir and the other groups met us there and our shramdaan was over. We were given our lunch break and were told to report in the main field for community sports. An exciting cricket match was conducted in between staff members and our batchmates. Community sports gives us the scope to be healthy and active. On the other had girls played volleyball and

were quite energetic. We finished around 8 pm and the day came to an end. The various things we did throughout the day made us better human being, working with our teammates and other groups made us humble and grateful. We will be grateful to Dr. Kalinga Ketaki sir, our program coordinator and Dr. Debabrata Bagui for his kind and encouraging words.

DAY 07

DATE : 08.02.2021 (MONDAY)

Today was the last day of our 'Working with Community' programme. Throughout this programme we learnt a lot of things which helped us to become better beings directly and indirectly. We learnt the importance of punctuality, patience, kindness, perseverance and lot more. We refined ourselves each day and at the end of this programme, all I can see are a group of good citizens and teachers.

Society is the mirror of ourselves and thus it is very important for student teachers like us to interact with people of the society, diagnose the social issues and try to spread awareness in the society regarding the malpractices prevailing in the society.

Our day started with a refreshing prayer and some warm up exercises. Further, we headed for the rally upholding placards and pronouncing slogans all throughout. On different social issues occurring in the society in the Regional Science Park slum area.

After returning to our college, we gathered in the DM School area and completed our breakfast which included cutlet, samosa, sweet, vada. With our stomach full we cleaned the DM School ground. We cut the grasses, picked up the wrappers and other plastics. However, we enjoyed the work and ended up with a clear environment.

After the lunch, during the sports time, a match between B.A, B.Ed. 7th semester and B.Ed. 2nd semester. The cricket match was very interesting. B.A, B.Ed 7th semester won the victory and our happiness knew no bounds.

All throughout the programme, we enjoyed a lot as well picked up many experiences. At the end of the day, when we introspected ourselves, we found ourselves contended with our works and eagerly waited for the next day. We learnt a lot of values, morals, punctuality, leadership and above all empathy. I hope, we all will cherish these days all our lives.

DAY 08

DATE : 09.02.2021 (Tuesday)

The sixth day of community work began with a prayer and a warm up exercise. The weather was pleasant and everyone was ecstatic and happy and ready to serve the community. As days of 'Working with Community' went by our efforts doubled by leaps and bounds. We seemed enthusiastic calm and determined.

Our programme coordinator, Dr. Kalinga Ketaki had arranged tea and fruits for our morning breakfast. Unlike other days when we ate vada, samosa, sweets etc., today was different. We cherished and ate grapes, apple and orange. Now we were ready to set to work.

Then, we headed for the rally upholding placards and pronouncing slogans all throughout. On different social issues occurring in the society.

We initiated this so to create awareness among the members of the society. However, after returning back, we started 'Shram Dan'. We divided ourselves and cleaned different areas within the campus. Group 1,2,3,4 and 5 cleaned the roads from Children's Park to Principal's quarter and ahead while the remaining groups namely, group 6,7 and 8 cleaned alongside of the road from Children's Park to the main gate. We cleaned the dry leaves, wrappers and other stuffs and threw it in the dustbins. After the cleaning was over, we ourselves felt contented with our works.

After the completion of 'Shram Daan' we had our lunch followed by sports and cultural. We played and performed the cultural programme.

Working with Community gave us the opportunity and we tried to use it to the fullest. Each day, we were stuffed with experiences which helped us to refine ourselves into better individuals both personally and professionally. The basic objective of education is being good citizens. This programme helped us to become so. Each day, we planned our activities and put a lot of efforts to fulfill them and thus contributing to the society to some extent.

Tea Break

The delicious tea activated us and fell ourself with energy.

Rally

We did a rally in the campus and in the nearby basti. We were holding banners and placards. We were spreading the awareness to people. The people of basti were happy seeing us for spreading awareness in the community.

Breakfast

After the rally we had our breakfast which was really healthy in which we get oranges, grapes and apples and also we get a bottle of water. In the breakfast time Prof. Bagui sir joined us to encourage us and guide us for further activities.

Shramdaan

In the activity we had decided to clean the roads & besides these area through the residential area to the temple. We had equipments like grass chopper, baskets, broom. All of us energetically clean the decided area and clean our surrounding.

Community Sports

In the community sports we played different games like basketball, volleyball & cricket everyone of the class and our coordinators participate in the sports with the sportsman spirits, we all enjoyed the game and after that we do our 'Nukkad Natak' discussion and by this we ended our day.

DAY 08

DATE : 09.02.2021 (TUESDAY)

Prayer and Morning Exercise (7:00am – 8:00am)

It was a very fresh start to the day with prayer. The prayer brought positive vibes and energy start the day. The morning exercise filled the body mind and soul with energy.

Tea (8:00am – 8:30am)

Tea break was held which made us active and energetic. Tea break seems essential in the morning.

Rally (8:30am – 10:30am)

We did a rally in the campus and in the nearby basti. We were holding banners and placards. We were shouting out different slogans to make people aware about the various alarming issues. The basti people were really happy seeing us doing something for the community.

Breakfast (10:30am – 11:00am)

After our rally we had our breakfast in the garden space near the main gate and D.M. School. We were given vara, samosa, cutlet and gulab jamun. Bottles of drinking water were provided. During our breakfast Dr. Shampa Das, our Bengali professor came to meet us and her kind words inspired us to complete our working with community successfully.

Shramdaan (11:00am – 12:30pm)

The location chosen for today's Shramdaan was D.M. School. We cleared the grass patches and unwanted grass and twigs from the school's assembly area. We were careful as the twigs had thorns. Contributing something towards the community and environment is always satisfying.

Community Sports (3:00pm – 6:30pm)

A community sports was conducted between integrated B.A.B.Ed. final year with B.Ed second year. Integrated B.A.B.Ed won the match. Sports are an essential part in the all round development of an individual.

We are grateful to our program coordinator Dr. Kalinga Ketaki without whose help and guidance this working with community wouldn't be so effective.

Cultural Program (6:30pm – 8:30pm)

The last event of the day was the cultural program. We practiced our nukkad natak performances with great interest and zeal. We had some dance programs that were executed properly. The dance performances were rich in culture and tradition.
