1. MENTORING /ACADEMIC COUNSELLING

The students of different programmes of Regional Institute of Education, Bhubaneswar are admitted based upon Common Entrance Examination conducted by NCERT. The institution caters to the eastern and north eastern region of the country and admission is done on the basis of state and category wise reservation as per Government of India/NCERT guidelines. The Institution is a center of unity in diversities as students from different states and languages are admitted. The Institution has planned mechanism to honor student diversities in terms of learning needs and learner profiles. Apart from honoring student diversities at Institutional level, the Programme curriculum of B. Ed, B.Sc.B.Ed. and BA.B.Ed. have adequate scope in Multicultural School Exposure for preparing them to address learner diversities.

At the beginning of each session, the institution prepares a yearly committee for institutional activities. Some of the specific committees are Scholarship Committee, Time Table and Attendance Committee, Library Committee, Learning outcomes Monitoring Cell, Cultural Activities, Games and Sports, Subject Associations, Internal Assessment, Placement Cell, Course/Programme Coordinators, State Coordinators, Newsletter, Magazine Board, Academic Forum, Professional Development Group, NCC, NSS, ICT Studio, Anti Ragging Committee, Sexual Harassment Committee etc.

The Programme coordinators of each course interact with students and paper coordinators for identification of learning needs. Besides the specific learning needs are identified from peers and hostel wardens. Orientation programmes are organized at the beginning of session involving course coordinators.

The Institution has assigned mentors to students of different programmes. During the field based activities of B.Ed, B.Sc.B.Ed, BA.B.Ed. i.e. Multicultural School Exposure, School Internship and Working with communities both institute faculty as well as mentors from cooperating schools continuously track the learning needs and provide feedback for their holistic development. The M.Ed. students are attached with faculty supervisors from first semester and as mentor they guide them for planning and implementation of dissertation and project based activities.

For Internship and other field based activities a committee headed by Dean of Instructions is formed every year for linkage with competing institutions, planning of strategies for field based activities. The cooperating Institutions are invited and oriented on modalities of field based activities like Multicultural School Exposure and School

2. PEER FEEDBACK AND TUTORING

The Institution is mostly residential as majority of students are boarders of hostel. The students are grouped for practical activities and skill classes. They are encouraged to involve in group activities for peer learning. The skill classes in fifth semester of integrated programmes and first semester of B.Ed. has adequate provision for peer feedback on different skills like content analysis and organization, introduction questioning, explanation, illustrating with examples, reinforcement, use of black/white boards and use of learning resources, critical thinking and reflection etc.

EPC-2 Learning to Function as a Teacher

Semester-V	Credit-2
Marks-50 (Internal)	Contact Hours- 4hrs. per week

Introduction

Teaching is a purposeful process of facilitating learning which involves the students/ learners in an interaction to enhance their potentialities to become self-learners. The secondary school is a crucial stage in the educational hierarchy as it prepares the learners for higher education & also for the world of work. Teacher in the present day has to be conversant with managing diversity and contextuality in the classroom. Hence student teachers need orientation and reflection on different activities and strategies to be employed during engagement with the field particularly for preparing them for the internship. Student teachers need to be oriented on processes like critical thinking, observation, communication and use of resources for effective functioning.

Objectives

The course will enable the student teachers to;

- Develop an ability to engage students in various activities as per the emerging demands in the classroom.
- Develop self-confidence and skill to engage learners and meet their diverse needs.

The following process based skills essential for secondary schools to be taken up.

- Content analysis
- Content organization through concept mapping
- Core teaching process: Introducing the lesson, Questioning, Explaining, illustrating with examples, Reinforcement (Verbal and non verbal), Stimulus Variation, Using Blackboard /white board/ smart board and using learning resources
- Use of ICT
- Critical thinking and reflection,
- Managing diversity
- Contextualization
- Organization of group activity/project

Guidelines for Assessment: The above stated process-based skills will be practised by the student-teachers which will be observed and evaluated during the simulated classroom transaction. The evaluation will be continuous and internally assessed.

The Component is in first semester of B.Ed. and Fifth semester of Integrated B.Sc.B.Ed and BA.B.Ed. Programmes

The School Internship Programme encourages for peer observation and feedback. Each student teacher has to observe the lessons of peers and provide feedback. This is meaningful for addressing learning needs and enhancement of all learners. The details of the B.Ed syllabus is given below.

The weightage to different components of internship shall be assigned as under:

Component	Minimum Number	Maximum Marks	Internal- by the faculty of the Institute	External by the Mentor School Teachers and Head Teachers
Demonstration and criticism classes by student teachers in group (16-17 students in group)	2 criticism lesson (1 in each pedagogy course)	10 (5+5)	10	--
Observation record of classes taught by mentor teachers/regular teachers	10 (05 in PC-1 and 05 in PC-2)	10(5+5)	10	--
Unit Plan	2 in each subject/pedagogy	10 (5+5)	10	--
Lesson Plan (PC-1)	50 Lesson Plan 10 Lesson Notes	10	10	--
Lesson Plan(PC-2)	50 Lesson Plan 10 Lesson Notes	10	10	--
Classroom observation record of peers	20 Lesson (10 in PC-1 and 10 in PC-2)	10 (5+5)	10	--
Records of participation/organization in curricular activities	1	10	10	--
Records of school profile	1	10	10	--
Action Research	1	20	20	--
Student Assessment Records	2 (one for each subject)	20 (10+10)	20	
Teaching Learning Resources	All	10 (5+5)	--	10
Reflective Diary	1	10	10	--
Assessment by mentor teacher(s)/HM/Principal /Inst supervisors based on overall performance in school including teaching and participation in other school activities	60 lesson in PC-1 and 60 lesson in PC-2	80	40= (PC-1(20)+ PC-2(20))	40= (PC-1(20)+ PC-2(20))
Overall Assessment of Trainee by Head Teacher/Principal		10	--	10
Presentation of reflections on internship experiences (Post Internship)		20	20	--
Total for III Semester		250	190	60

There is provision of peer feedback during the school internship and multicultural school exposure Programme. The following formats are used for peer feedback during field engagement Programme,

TOPIC - PEER FEEDBACK

Name of the peer observed - Priganka Prigadarhini Jena

Activity - Conducting Mathematics lesson of class VIII
Government Girls High School Students

The peer being observed was very pro-active and responsible in her classroom discourse. She applied the skills of speaking, writing and listening while teaching the topic 'percentage' to the respective students.

For engaging her students, she gave examples from real life such as vegetable vendor, supermarket store, and MRP prices which the students were effectively able to connect with. During the duration of her teaching, she also made use of the smartboard and the teacher-learner communication went smoothly because of the use of the language Odia.

The changes or improvements which I would like to suggest are the use of teaching resources in mathematics to make the class more lively and to ask a few students to come up on the board and solve mathematical problems in order to boost the learner's confidence.

Overall, my peer's teaching technique was incessant, comprehensible and assertive and lucid.

Name of the peer observed - Sumi Monalisa Behera

Activity: She followed the principle of known to unknown. She beautifully visualised abstract concepts and made the students grasp the concepts with relative ease. Her story telling method of teaching kept the students engaged and her coherence of ideas expressed was exceptional.

Problems: Having been a CBSE board student, she found a slight difficulty in using Odia nomenclature and terms. She, as a result, had to rely on their English or Hindi counterparts which the students had trouble understanding.

Suggested changes: Enhanced familiarity with the Odia terms and nomenclatures.

- Increased assertiveness in class
- Developing a wide range of ability to give examples and real life instances

Name - Sanchita Karua

Activity -> Introduction to chapter 13 (SOUND) - class VIII in Govt. Girl's High School, Talcher via Demonstration and Experimentation method. The student teacher was demonstrating the concept of vibrating bodies producing sound via the use of tuning fork and water filled glass tumbler.

Skills used -> The student teacher displayed satisfactory communication skills (oral) while explaining the activities and the concept of sound production. She also gave relatable daily life examples for a better understanding.

What did they do well -> The student-teacher made use of the available resources such as smartboard and laboratory equipment such as tuning fork which the students were unaware about.

Improvements/ Suggestions -> The student-teacher would have given examples of musical instruments specially string instruments as a part of art-integrated pedagogy.

Topic - "Peer feedback on multicultural school exposure"

Name of the peer observed - Apurva Anurag

Activity - The way he was introducing a concept was very unique. From giving real life examples to engaging the students by asking interesting questions, the teaching was very much fruitful. As most of the times, he taught mathematics, use of black-board was his first priority.

Problems - As communication is a very basic thing in teaching, language was the barrier as he wasn't familiar with Odia language. So he used Hindi or English to introduce some terms which the students weren't be able to understand easily.

Changes that should be implemented - Starting the topic from the most basic examples and questions; giving easy examples that can be visualized in mind by the students and using terms that can be understood by all.

Name of pupil giving feedback : Reelika Kumar
Activity : Jumbled sentences arrangement
Objective of the activity : To enhance the student's knowledge about sentence structure by putting words into correct grammatical order.

Which skills did they use ?

Speaking and writing
They used their speaking skills to engage the class and wrote the questions on the black-board.

What did they do well ?

They engaged the class by asking questions about the grammar structures that the students had already studied. They asked the students to read the questions along with the correct answers to improve their pronunciation and reading skills.

3. REMEDIAL LEARNING ENGAGEMENT

The faculty members provide remedial support through multiple activities. As the Institution is residential students apart from interaction with faculty are engaged in remedial learning. In tutorial classes the faculty members make doubt clearing sessions. The institutional plan has provision of remedial learning & engagement. The annual institutional plan of the last session is attached.

4. LEARNING ENHANCEMENT/ENRICHMENT INPUTS

Students who need learning assistance receive special remedial instruction. They are identified based on their performance in the assessment components of the institution such as internal assessment, seminars and assignments, learning tasks, quiz, discussions and attendance. Faculty members who are assigned different academic courses regularly review the academic progress of the students. Remedial classes are arranged to address specific doubts of the students which they encounter during the learning process. Such classes help in better performance of the students, not only in institute examination, but also they get specific attention and confidence to appear different entrance examinations. The better performance instills and boosts self confidence in the students to face challenges.

Identifying students who need assistance

- The internal examination marks helps in identifying students who need special attention to improve their performance.
- Remedial classes are held for students who ask for extra inputs in a particular course.
- The attendance of students sometimes helps in identifying students who had not attended regular classes due to varied reasons. Hence remedial assistance is given to them.
- The entry behavior tests help in identifying students who need extra attention.

Individual teachers who handle different course spend extra time with students in the leisure hours or before/after the regular college working hours and even on some holidays to address their needs.

Following are the students who appeared for the remedial classes in the year 2021-2022.

Available intervention practices

- Fragmenting the concept into small parts.
- Engage students in routine assessment
- Motivating to learn
- Re-Teaching the difficult concepts
- Solving many problems and then providing some problems to solve.
